Sweden At The Edge Lessons For American And Swedish Managers

Michael Maccoby, Mauricio Cortina

Sweden At The Edge Lessons For American And Swedish Managers:

Sweden at the Edge Michael Maccoby, 2016-11-11 This book is based on a five year study of Swedish companies including those based in the U S public agencies and national leaders Michael Maccoby s own contributions provide an in depth look at the sociotechnical breakthroughs in Sweden including the first attempt to change the traditional assembly line so that workers would not be treated as a part of the machine He and his collaborators then trace the development as it was further enhanced at the Uddevalla operation where self managed worker teams put together entire cars and are responsible for quality and other management functions They also examine the Volvo Truck corporation its successful re organization of White Motors in the competitive U S market and the development of the Volvo General Motors Heavy Truck Corporation Sweden at the Edge is an inspiring account of the innovative approach taken by a unified country s ambition to provide employment and to improve working conditions for all its citizens The authors devote equal time to the problems of executives and middle management and point to the success of the SAS operation which under the direction of Jan Carlzon has become the world model for service management This book will find a welcome audience in scholars and students of multinational corporations and management

Comparative Economics in a Transforming World Economy, third edition J. Barkley Rosser, Jr., Marina V. Rosser, 2018-01-26 An approach to comparative economic systems that avoids simple dichotomies to examine a wide variety of institutional and systemic arrangements with updated country case studies Comparative economics with its traditional dichotomies of socialism versus capitalism private versus state and planning versus market is changing This innovative textbook offers a new approach to understanding different economic systems that reflects both recent transformations in the world economy and recent changes in the field This new edition examines a wide variety of institutional and systemic arrangements many of which reflect deep roots in countries cultures and histories The book has been updated and revised throughout with new material in both the historical overview and the country case studies It offers a broad survey of economic systems then looks separately at market capitalism Marxism and socialism and new traditional economies with an emphasis on the role of religions Islam in particular in economic systems It presents case studies of advanced capitalist nations including the United States Japan Sweden and Germany alternative paths in the transition from socialist to market economies taken by such countries as Russia the former Soviet republics Poland China and the two Koreas and developing countries including India Iran South Africa Mexico and Brazil The new chapters on Brazil and South Africa complete the book s coverage of all five BRICS nations the chapter on South Africa extends the book s comparative treatment to another continent The chapter on Brazil with its account of the role of the Amazon rain forest as a great carbon sink expands the coverage of global environmental and sustainability issues Each chapter ends with discussion questions

Comparative Economics in a Transforming World Economy John Barkley Rosser, 2004 The second edition of an innovative undergraduate textbook in Comparative Economic Systems that goes beyond the traditional dichotomies

Social Character in a Mexican Village Michael Maccoby, 2018-04-17 After the completion of the revolution in 1920 Mexico quickly became an increasingly industrialized country The vast changes that occurred in the first fifty years after the revolution inspired Erich Fromm and Michael Maccoby to find out how the Mexican people were adapting The result *Social Character in a Mexican Village* provides a new approach to the analysis of social phenomena The authors applied Fromm's theories of psychoanalysis to the study of groups They devised an ingenious method of questionnaires which combined with direct observation clearly revealed the psychic forces that motivated the peasant population In his new introduction Michael Maccoby thoroughly explains the basis of the study how it originated and how it was carried out He goes on to delineate the results and determine their impact on the present day *Social Character in a Mexican Village* throws new light on one of the world's most pressing problems the impact of the industrialized world on the traditional character of the peasant This groundbreaking work will be invaluable to the work of sociologists anthropologists and psychoanalysts

Development Models, Globalization and Economies John B. Kidd, Frank-Jürgen Richter, 2005-01-31 This text considers different economic models available in the global market The US or Anglo Saxon model is often portrayed as the best but now Asia is again on a roll The book analyzes how these models have influenced both regional and global development and engages in discussions upon alternatives and the search for the grail

Beyond Survival Cyrus Bina, Laurie M. Clements, Chuck Davis, 2016-09-16 This text uses an innovative approach to the dynamics of labour's decline and proposes policy initiatives necessary for its revitalization The book emphasises the need for restructuring of capitalism on a global scale and challenges traditional economic and industrial relations wisdom

Cultural Mythology and Global Leadership E. H. Kessler, D. J. Wong-Mingji, 2009 My mouth watered when first I saw the publication of this title as it promised a next step in the exploration of cultural phenomena from within a culture's view and vision of itself

George Simons Delta Intercultural Academy Essential reading for all practitioners and researchers who seek to gain greater insights on cultural differences and leadership competencies

Rosalie Tung Simon Fraser University Past President Academy of Management and author of 11 books including *Learning from World Class Companies* This fascinating collection of local mythology shows how widely leadership models differ across nations and how deeply these differences are rooted True global leadership is based on empathy with local variety

Geert Hofstede Maastricht University The Netherlands author of *Culture's Consequences Comparing Values Behaviors Institutions and Organizations Across Nations* I have yet to come across a more captivating study of global leadership patterns The reader is taken into largely uncharted territory linking globalisation culture and leadership Delving deep into folklore mythology and spirituality we begin to understand how these are manifested in human behaviour and are exhibited in leadership styles A must read

S Ramadorai CEO of Tata Consultancy Services intriguing and worthy book If you are a voracious reader of books on leadership and management style this 4 part book does provide copious food for thought The extensive bibliographies at the end of every article chapter offer excellent suggestions for your

further reading and research and it s a great series of 21st century critical commentaries The Barrister Magazine This ground breaking book explains how deep seated cultural mythologies shape contemporary global leaders and provides insights into navigating the dynamics and complexities in today s era of globalization The authors use myths to uncover core characteristics and values from 20 different cultural contexts spanning all major regions of the world the Americas Europe Africa and the Middle East and Asia and the Pacific Rim that have evolved over generations and continue to shape global leadership models Commentaries are included from practicing managers and leaders to provide real world insights on the implications of the ideas discussed International managers and executives public officials business consultants and corporate trainers will welcome the insights on cross cultural leadership styles The book will also find interest from researchers and students across a broad array of professional and social science disciplines For Labor's Sake Arthur B. Shostak,1995

Based on a survey of trade union officers and trade union members carried out from 1990 to 1993 Shows how individual trade unionists try to adapt the trade union movement and its structures to new problems and opportunities **Leadership, Psychoanalysis, and Society** Michael Maccoby,Mauricio Cortina,2022-05-09 Leadership Psychoanalysis and Society describes leadership as a relationship between leaders and followers in a particular context and challenges theories of leadership now being taught This book includes essays that view leadership from psychoanalytic social psychological sociological evolutionary developmental anthropological and historical points of view to fully describe the complexity of leadership relationships and personalities These essays analyze the different kinds of leadership needed in organizations the development of Black Leadership that provides hope for people who have been oppressed the difference between charismatic and inspirational leadership and the kind of training needed to develop leaders from diverse backgrounds who inspire followers and collaborate with them to further the common good This book offers a guide to understanding the different types of leadership and will be of interest to business government health care universities and other organizations

Tourism and Social Marketing C. Michael Hall,2014-02-24 Social Marketing is the utilisation of marketing principles and methods to encourage individual and organisational behaviour change for the public good Traditionally the domain of government it is increasingly also utilised by non government and non profit organisations and other institutions of civil society as a non regulatory means to achieve policy and public good goals At a time when concerns over tourism s contribution to undesirable environmental economic and social change is greater than ever social marketing strategies are important for encouraging more appropriate and desirable behaviours by tourists and the tourism industry Tourism and Social Marketing is the first book to comprehensively detail the relevance of social marketing principles and practice to tourism destination management and marketing By considering this relationship and application of social marketing approaches to key issues facing contemporary tourism development such as the environment this book provides significant insights into how the behaviours of visitors and businesses may be changed so as to develop more sustainable forms of

tourism and improve the quality of life of destination communities It further provides a powerful impetus to the development of tourism related forms of sustainable consumption and the promotion of ethical tourism and marketing This innovative book is comprehensive in scope by considering a variety of relevant fields relevant to tourism and social marketing practice including health non profit organisations governance the politics of marketing and consumption consumer advocacy and environmental and sustainable marketing It integrates selected international cases studies to help tourism students engage with the broader debates in social marketing governance and the politics of behaviour change and shows the relationship of theory to practice Written by a leading authority in the field topical and integrative this book will be valuable reading for students scholars and researchers in tourism
