Taking Charge Your Life Patterns And Their Meanin:

Taking Charge Gudrun Burkhard, 2024-01-09 Shows how through working consciously and actively on our own life story we can build bridges to other people in a way that develops a new understanding for the lives of others While the modern world is rapidly making us into global citizens at the same time we experience increasing isolation as individuals in our own society There is a pressing need for us to develop new forms of relationship with family and society Through working consciously and actively on our own life story we can build bridges to other people in a way that develops a new understanding for the lives of others The ideas and methods presented in this book are the result of many year s therapeutic work with groups and individuals The life stories described are the authentic stories of participants in the courses and workshops

Love and Its Meaning in the World Rudolf Steiner, 1998 Although Steiner did not often speak or write about love explicitly love is at the very heart of his whole body of work and the foundation of his hopes for humankind and the Earth Steiner teaches that without love nothing is possible with love however we can do everything Love is always love of the not yet To love is to create it is to selflessly enter the current of time that flows toward us from the future Reality true knowledge of reality is impossible without love Only through love can we truly know as we are know can we encounter the world and its beings in a living way Without love knowledge becomes manipulation domination control the world becomes a space of dead things But when we know through love we enter into a pattern of dynamic potentially redemptive relations and the world becomes a living world of beings working for the good This collection gathers all of Rudolf Steiner s main lectures and writings related to love From earthly love to the nature and function of spiritual love these pieces are essential reading for anyone concerned with the future of humanity and the Earth Love and Its Meaning in the World is essential reading for anyone who d like to gain a deeper understanding of our true mission as human beings and the purpose of evolution on Earth Chapters include The Division of the Sexes Lucifer and Christ The Mission of Reverence The Buddha s Teaching of Compassion and Love Faith Love and Hope Love without spiritual love nothing spiritual can arise in evolution When we practice love cultivate love creative forces pour into the world For human beings love is the most important fruit of experience in the sensory world Once we really understand the nature of love or compassion we will find that love is the way spirit expresses its truth in the world of the senses We may even say that in love the spiritual world awakens in the physical The more truly a soul inhabits the spiritual worlds the more it experiences lovelessness and lack of compassion as a denial of spirit itself Rudolf Steiner

LifeWorks Jane Bailey Bain, 2012-01-27 Why did your life turn out this way Who are the most important people in your world What would you do differently if you had the chance Ever since you were a child you have been writing your life script You use fragments of story to weave your own personal narrative The parts in your script are acted by people around you Some of the oldest stories in the world are the ones called myths The characters in them are easy to recognize the princess the hero the good mother the wise old man These characters are based on universal figures called archetypes LifeWorks introduces the twelve major archetypes with examples from books and films For each figure there is a story followed by points to consider and tasks to perform You use classic stories and archetypal figures to compose your own life script LifeWorks is a practical handbook which combines insights from psychology and anthropology You will learn how to identify relationship patterns and life themes Stories and exercises help you to develop your own personal mythology

Finding Work-Life Balance Jos Bruggen, 2015-03-19 At different stages of life we approach work with varying levels of energy drive and perspective Many people feel unfulfilled in their work or feel their work life balance is hopelessly wrong Jos van der Bruggen's readable and informal book helps the reader to understand why and how our working lives evolve at different ages and provides helpful tips for cooperation and leadership within a team of diverse members In depth case studies also offer insight into the impact our professional lives can have upon our personal lives and vice versa If both employees and employers could better understand the fluidity of our relationship to work throughout life it would lead to improved work life balance and personal fulfilment

The Imaginative Life Tableau Rudolf Steiner, 2020-09-16 Many will be familiar with the notion that a person at the point of death sees their life flash before them Rudolf Steiner describes that when the spiritual bodies separate from the physical body the etheric body of the dying person is revealed giving a panoramic overview of their earthly life This etheric body contains everything we have experienced in our consciousness and kept in memory The etheric not only generates and sustains all life but encompasses the life forces out of which we shape our existence Although the revelation of the life tableau belongs to the early period after death it can also emerge as a result of meditation Rudolf Steiner speaks of this through the first level of spiritual experience known as imagination as a conscious self perception of the soul taking place in the world of images Here we are confronted with the harrowing knowledge of our doppelgänger but we also experience the cosmic forces of childhood that are present in all our life processes These same forces are described in psychology as the inner child In this highly original anthology of Steiner's work we are led to a therapeutic meditative approach that through working with the imaginative life tableau can strengthen and heal body soul

and spirit Chapters include Experiencing the Inner Child as the Starting Point for a New Philosophy Experiencing Life before Birth Pain and Sadness When Reliving the Life Tableau Intensive Backward Thinking Feelings of Happiness When Experiencing the Life Tableau Re experiencing the Inner Child Through the Forces of Childhood to the Higher Self and the Christ Experience
