

A Tale of False Fortunes

Enchi Fumiko

Translated by Roger K. Thomas

Tale Of False Fortunes

Chaucer

Tale Of False Fortunes:

A Tale of False Fortunes Fumiko Enchi, 2000-03-01 A Tale of False Fortunes is a masterful translation of Enchi Fumiko's 1905/1986 modern classic *Namamiko monogatari*. Written in 1965, this prize-winning work of historical fiction presents an alternative account of an imperial love affair narrated in the eleventh-century romance *A Tale of Flowering Fortunes* (Eiga monogatari). Both stories are set in the Heian court of the emperor Ichijō (980-1011) and tell of the ill-fated love between the emperor and his first consort Teishi and of the political rivalries that threaten to divide them. While the earlier work can be viewed largely as a panegyric to the all-powerful regent Fujiwara no Michinaga, Enchi's account emphasizes Teishi's nobility and devotion to the emperor and celebrates her moral victory over the regent who conspired to divert the emperor's attentions toward his own daughter Shoshi. The narrative of *A Tale of False Fortunes* is built around a fictitious historical document which is so well-crafted that it was at first believed to be an actual document of the Heian period. Throughout Enchi's innovation and skill are evident as she alternates between modern and classical Japanese, interjecting her own commentary and extracts from *A Tale of Flowering Fortunes* to impress upon the reader the authenticity of the tale presented within the novel.

Recent Scholarship on Japan Richard Donovan, 2019-12-02 This anthology presents a survey of recent scholarship on Japanese literature, classical, postwar, and contemporary, and Japan studies from both established and up-and-coming academics based in the West and East. This collection of cutting-edge scholarship offers a snapshot of the current state of Japan studies in the second decade of the twenty-first century. The first section of the book considers the Heian period and its literature from the perspective of female authors and their works. The second part explores postwar prose and poetry as well as the writing of contemporary author Haruki Murakami, relating them all to issues present in Japan's wider society. Finally, the third section puts Japan and its writings within the global context, comparing them with other historical, cultural, and linguistic milieus and considering the role of translation in representing Japanese literature to the world.
