Tales Of A Korean Grandmother:

Tales of a Korean Grandmother Frances Carpenter, 2011-12-20 This multicultural children's book presents classic Korean fairy tales and other folk stories providing a delightful look into a rich literary culture. The Korean people possess a folklore tradition as colorful and captivating as any in the world, but the stories themselves still are not as well known to Western readers as those from The Brothers Grimm, Mother Goose, or Hans Christian Andersen. In her best-selling book for young readers, Frances Carpenter collects thirty-two classic Korean children's stories from the Land of the Morning Calm: the woodcutter and the old men of the mountain, the puppy who saved his village from a tiger, the singing girl who danced the Japanese general into the deep river, Why the dog and cat are not friends, and even a more familiar tale of the clever rabbit who outsmarted the tortoise. The children of the Kim family sit at their beloved Grandmother's knee to listen to these and other traditional folk tales which are rooted in thousands of years of Korean culture. *Tales of a Korean Grandmother*

Choi, 2023-04-04 Korean traditional fairy tales have been passed down from generation to generation through people's mouths based on myths or legends. Grandmothers and grandfathers told their sons and grandsons old stories, and those stories were passed down to their descendants once again. Traditional fairy tales have evolved into new stories by combining the speaker's experiences and other stories. This is the charm of traditional fairy tales. In the past, when there were no books, TV, internet, or YouTube, grandparents were great storytellers. When they told stories to their grandchildren at night, the children immersed themselves in a world of fantasy. They played with their imagination between reality and unreality. Before going to bed, the stories made them feel like they were the protagonists in the fairy tales. Fairy tales became the source of children's imagination and a beacon that awakened the true nature of humans. By looking at children with curious eyes while telling stories, anyone can become a great storyteller like Korean grandmas. We will continue to publish a series of books that combine 7 Korean folktales. **Chicorel Index to Short Stories in Anthologies and Collections**, 1975 **Myths and**

Legends from Korea James H. Grayson, 2012-12-06 This book contains 175 tales drawn equally from the ancient and modern periods of Korea, plus 16 further tales provided for comparative purposes. Nothing else on this scale or depth is available in any western language. Three broad classes of material are included: foundation myths of ancient states and clans, ancient folktales and legends, modern folktales. Each narrative contains information on its source and provenance and on its folklore type similarities to folklore types from China, Japan, and elsewhere. Telepathic Tales Daniel Bourke, 2025-07-08 Provides accounts of ESP ranging from ancient Greek myth, traditional North and South American, African, and Polynesian stories to individuals like Rumi, Charles Dickens, and Carl Jung. Considers unexplained ESP-related happenings including bilocation, the ability to locate lost items, early knowledge of one's own death, and perceptions regarding the well-being of

loved ones Whether a premonition of an impending event a warning of potential danger or an unlikely synchronistic experience such things are surprisingly common even if they often cannot be clearly explained Taking readers on a historical and cross cultural voyage through extrasensory experiences Daniel Bourke documents contextualizes and sheds light on these mysterious phenomena From the plains of Peru and the haunted highlands of Scotland to the snowy taiga forests of the Far North and the Indigenous cultures of Australia and America Bourke examines the strange psychic occurrences that seem to appear in all places at all times These include instances of bilocation premonitions about the coming of visitors intuitions of the location of lost items or treasures the discovery of cures by telepathic means and even accurate pre perceptions about one s own demise or the perilous situation of a loved one He looks at the renowned Greek seers including Iamos who announced the death of Hercules at the moment it occurred the far reaching visions of the shaman in a trance who might warn his tribe of danger and the witches wizards and heroes of legend and romance who were privy to secret knowledge through magical means Bourke s survey incorporates rare accounts from people all around the world and across the ages including figures like Rumi Saint Anthony Charles Dickens Mark Twain and Carl Jung Shedding light on our cultural and mythic past Bourke shows that wherever you look in the world whatever culture or time telepathic tales are unfolding all around us
