Emily Rosko, Anton Vander Zee

The Garden New And Selected Poetry And Prose:

The garden Franklin D. Reeve, 1990 **The Garden** Bella Akhmadulina, 1991 *Wordsworth's Gardens* Carol Buchanan, 2001 Counterposing poems of the garden and the letters and journals of Wordsworth and his eloquent sister Dorothy Carol Buchanan pictures the whole Wordsworth poet gardener and devoted and long suffering family man Illuminating Buchanan s perspective on the gardens and on the Lake District that shaped Wordsworth s sensibilities are three never before published garden plans and more than one hundred photographs BOOK JACKET *Encyclopedia of World Writers, 1800 to the Present* Marie Diamond, 2020-07-01 In recent years schools have started introducing more inclusive syllabi emphasizing the works and ideas of previously overlooked or underrepresented writers Readers of all ages can now explore the rich contributions of writers from around the world These writers have various backgrounds and unlike most writers from the U S or the United Kingdom information on them in English can be difficult to find *Encyclopedia of World Writers 1800 to the Present* covers the most important writers outside of the U S Britain and Ireland since 1800 More than 330 insightful A to Z entries profile novelists poets dramatists and short story writers whose works are anthologized in textbooks or assigned in high school English classes Entries range in length from 200 to 1 000 words each and include a biographical sketch synopses of major works and a brief bibliography Dozens of entries are new to this edition and many existing entries have been updated and significantly expanded with new Critical Analysis sections Coverage includes Chinua Achebe Margaret Atwood Roberto Bola o Albert Camus Khalid Hosseini Victor Hugo Mohammad Iqbal Franz Kafka Stieg Larsson Mario Vargas Llosa Naghib Mahfouz Gabriel Garc a M rquez Kenzaburo Oe Marcel Proust Leo Tolstoy Emile Zola and more *Reference Guide to Russian Literature* Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public *A Broken Thing* Emily Rosko, Anton Vander Zee, 2011-09-16 In the arena of poetry and poetics over the past century no idea has been more alive and contentious than the idea of form and no aspect of form has more emphatically sponsored this marked formal concern than the line But what exactly is the line Emily Rosko and Anton Vander Zee s anthology gives seventy original answers that lead us deeper into the world of poetry but also far out into the world at large its people its politics its ecology The authors included here emerging and established alike write from a range of perspectives in terms of both aesthetics and identity Together they offer a dynamic hybrid collection that captures a broad spectrum of poetic practice in the twenty first century Rosko and Vander Zee s introduction offers a generous overview of conversations about the line from the Romantics forward We come to see how the line might be an engine for ideals of progress political ethical or otherwise For some poets the line touches upon the most fundamental questions of knowledge and existence More than ever the line is the radical against which even alternate and emerging poetic forms that foreground the visual or the auditory the page or the screen can be distinguished and understood

From the start a singular lesson emerges lines do not form meaning solely in their brevity or their length in their becoming or their brokenness lines live in and through the descriptions we give them Indeed the history of American poetry in the twentieth century could be told by the compounding and often confounding discussions of its lines A Broken Thing both reflects upon and extends this history charting a rich diffusion of theory and practice into the twenty first century with the most diverse wide ranging and engaging set of essays to date on the line in poetry revealing how poems work and why poetry continues to matter

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson,I. R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries
