The Golden and the Brazen World John M. Wallace,2023-11-15 *The Golden and the Brazen World Papers in Literature and History 1650 1800* examines the evolving relationship between literature and history inspired by Sir Philip Sidney's Defence of Poetry Sidney's distinction between poetry's golden world which idealizes and conveys moral truths and history's brazen world focused on detailed but often confusing facts frames the central theme By the 18th century this rivalry had softened into a collaborative exchange with poets drawing on historical subjects for inspiration and historians using narrative techniques to enhance their work This interdisciplinary dialogue reflects their shared roots in moral philosophy and their complementary efforts to illuminate human experience The essays in this collection based on lectures from the Clark Library showcase this intersection through specific case studies Topics range from Andrew Marvell's The First Anniversary and its political poetic implications to re evaluations of John Dryden's Absalom and Achitophel Contributions also include Susan Staves exploration of legal history in 18th century marriage and James Chandler's analysis of Edmund Burke's influence on Wordsworth Together these essays reveal how literature and history shape and inform each other highlighting their combined potential to enrich intellectual and cultural understanding This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1985      *Love in several masques. 1728. The temple beau. 1730. The author's farce, and Pleasures of the town. 3d ed. 1750. The coffee-house politician. 1730. The tragedy of tragedies. 4th ed. 1751. The letter-writers. 1750* Henry Fielding,1755      **Henry Fielding**

Thomas R. Cleary, 2006-01-01 An accurate and comprehensive study of the political aspects of Fielding's art has been sorely needed. As a result of decades of work by literary scholars and a series of great historians such a study is finally possible. This volume addresses that need and in the light of a recent revival of interest in Fielding's work it arrives most opportunely. The author offers here a wide ranging focus and a firm grip on the shifting complexities of Fielding's political situations: the loyalties and enmities, factional alignments and fractious rhetoric that allow the satisfactory understanding of Fielding's political writing. Political writing in Fielding's day as in ours was topical, concerned with evanescent problems and day to day needs that were familiar to contemporaries but that are now recaptured only with greatest difficulty. This study constitutes a thorough reconstruction of Fielding's political context and extricates from the context Fielding's own political endeavours. Cleary's work will make many of Fielding's previously unstudied works accessible to students and scholars of eighteenth century English literature. A necessary point of reference to both literary specialists and historians concerned with eighteenth century England.

**Henry Fielding - Plays, Volume II, 1731 - 1734** Henry Fielding, 2004 This is the second of three volumes representing the only modern edition of Fielding's dramatic works. Most of these plays have not appeared in print for a century and never previously in fully edited form. Fielding is best known as a classic novelist and the author of *Tom Jones* but like his great model Cervantes he came to novel writing from an important first career in professional theatre. He wrote twenty eight plays including comedies, satiric extravaganzas and ballad operas. He was the leading playwright of his generation, an experimentalist and entrepreneur of dramatic form who sometimes also brought contemporary politics and public figures onto his stage with results even more dramatic off stage. This volume presents nine plays from one of the most productive and successful periods of Fielding's theatre career. One of them, *The Grub Street Opera*, is a ballad opera cheerfully mocking various public characters including the Prime Minister, Prince of Wales and even King and Queen. Another, *The Modern Husband*, is a dark comedy attacking the cynical merchandising of sex, marriage and influence among what passes for polite society in 1730s London. Most of the plays in this volume were major hits with long stage lives in repertory including *The Lottery*, *The Intriguing Chambermaid* and two of the great Molière adaptations of the century, *The Mock Doctor* and *The Miser*. Fielding wrote all four of those plays as star vehicles for the great Drury Lane musical actress Catherine Clive. The plays are given in critical, unmodernized texts based on careful collation of the original editions with explanatory notes and commentary on sources, stage history and critical reception. All music is included with appendices giving complete accounts of textual variation and bibliographic history for each play.
