Under the Shadow Kaya Genç,2016-09-09 Turkey stands at the crossroads of the Middle East caught between the West and ISIS Syria and Russia and governed by an increasingly forceful leader Acclaimed writer Kaya Genç has been covering his country for the past decade In Under the Shadow he meets activists from both sides of Turkey s political divide Gezi park protestors who fought tear gas and batons to transform their country s future and supporters of Erdogan s conservative vision who are no less passionate in their activism He talks to artists and authors to ask whether the New Turkey is a good place to for them to live and work He interviews censored journalists and conservative writers both angered by what has been going on in their country He meets Turkey s Wall Street

types who take to the streets despite the enormity of what they can lose as well as the young Islamic entrepreneurs who drive Turkey's economy. While talking to Turkey's angry young people, Genc weaves in historical stories, visions, and mythologies showing how Turkey's progressives and conservatives take their ideological roots from two political movements born in the Ottoman Empire: the Young Turks and the Young Ottomans, two groups of intellectuals who were united in their determination to make their country more democratic. He shows a divided society coming to terms with the 21st Century and in doing so gets to the heart of the compelling conflicts between history and modernity in the Middle East.

Shadow's Dangers Cindy Mezni, 2013-12-14. Appearances can be deceiving. Losing a loved one is never easy. Deliah learned to live without her parents when they were taken from her as a young girl, but history repeats itself and she is faced with even greater challenges when Tess, the woman who raised her and was like a second mother to her, passes away. In addition to her grief, Deliah is having inexplicable nightmares. She becomes consumed with images she doesn't understand and a recurring dream about her parents' car accident. However, the details of this dream are different from what she's always been told about the accident. When the Wates family arrives in town and begins to pay close attention to her, even stranger events follow. Now Deliah must not only face her nightmares but the possibility that a world she could never imagine exists. And this world may cost her everything.

A Moment's Shadow Anna Lee Huber, 2025-08-26. Violence, reprisal, and intrigue abound in post-World War I Ireland as the bloody conflict between the Irish Republican Army and the British authorities continues to escalate. But former Secret Service agent Verity Kent must deal with a more immediate concern: the possession of poisonous gas by a ruthless adversary. August 1920, Dublin, Ireland. A fraught task keeps Verity and her husband, Sidney, in the country after their initial clandestine mission has been completed. The traitor Lord Ardmore is scheming to employ the deadly phosgene gas he's stolen for some terrifying purpose, and the couple will need both the Crown forces and the rebels' help to thwart him. As they pursue their quarry, they are drawn into a case involving a series of cunning and brazen jewel thefts. Many believe it is the work of the Irish rebels seeking to fund their revolution, but when Verity and Sidney are also approached by Michael Collins and the IRA to unmask the thief they suspect, he may instead be an opportunist using the political unrest as a cover for his crimes. As the thief continues to pull ever more risky jobs, including targeting Verity and their friends, the couple receives new intelligence that the gas they seek may be intended for a crowded event, one that the entire world will be attuned to. They must stop Lord Ardmore at all costs, or the consequences will be devastating.
