

Terrorism And U S Foreign Policy

Marianna Charountaki

Terrorism And U S Foreign Policy:

Terrorism and U.S. Foreign Policy Paul R. Pillar, 2001-01-01 In this critical study a career CIA officer provides a guide to constructing and executing counter terrorist policy urging that it be formulated as an integral part of broader US foreign policy

Terrorism and U.S. Foreign Policy Paul R. Pillar, 2003 The United States government backed by the overwhelming support of the American public takes a hard line against international terrorism The tenets of official U S counterterrorist policy are make no concessions or deals with terrorists bring them to justice for their crimes isolate and apply pressure on states that sponsor terrorism and bolster the counterterrorist capabilities of countries willing to work with the United States While these tenets are sound principles their application specifically overseas raises difficult questions Does the no deal policy actually deter terrorists acts Are there cases where agreements might reduce terrorism while advancing other U S interests Do isolation and pressure really force offending states to alter their support for terrorists What factors affect the willingness not just the capability of foreign governments to help the United States in counterterrorism In this critical study a career CIA officer provides a guide to constructing and executing counterterrorist policy urging that it be formulated as an integral part of broader U S foreign policy In the first four chapters Paul R Pillar identifies the necessary elements of counterterrorist policy he examines why the United States is a prime terrorist target and he reveals why the counterterrorist policies that seem strongest are not always the most effective Chapter 5 examines the widely varying nature of terrorist groups and the policy tools most appropriately applied to them Chapter 6 focuses on states that sponsor terrorism including Iran Libya North Korea and Cuba along with those that enable it to occur particularly Greece and Pakistan Pillar examines ways in which the American public s perspective toward terrorism can actually constrain counterterrorist policy and he concludes that terrorism cannot be defeated only reduced attenuated and to some degree controlled The final chapter summarizes his recommendations for amending U S policy

Rogue States and U.S. Foreign Policy Robert Litwak, 2000-02-14 President Clinton and other U S officials have warned that rogue states pose a major threat to international peace in the post Cold War era But what exactly is a rogue state Does the concept foster a sound approach to foreign policy or is it in the end no more than a counterproductive political epithet Robert Litwak traces the origins and development of rogue state policy and then assesses its efficacy through detailed case studies of Iraq Iran and North Korea He shows that the policy is politically selective inhibits the ability of U S policymakers to adapt to changed conditions and has been rejected by the United States major allies Litwak concludes that by lumping and demonizing a disparate group of countries the rogue state approach obscures understanding and distorts policymaking In place of a generic and constricting strategy he argues for the development of differentiated strategies of containment tailored to the particular circumstances within individual states

US Foreign Policy Since 1945 Alan Dobson, Alan P. Dobson, Steve Marsh, 2007-01-24 This essential introduction to postwar US foreign policy combines chronologic and thematic chapters to provide an historical

account of US policy and to explore key questions about its design control and effects **US Foreign Policy** Michael Cox,Doug Stokes,2012-02-09 This textbook provides a comprehensive introduction to US foreign policy Bringing together a number of the world s leading experts the text deals with the rise of America US foreign policy during and after the Cold War and the complex issues facing the US since September 11th U.S. Foreign Policy Today Steven W. Hook,James M. Scott,2011-01-10 This new contributed volume from Steven Hook and James Scott introduces students to the conduct of foreign policy under the Obama administration Its twelve original essays written by a stellar cast of experts in the field address whether the Obama administration s strategy represents a renewal of U S engagement To what extent has this administration succeeded in building both the domestic and international constituencies needed to implement its foreign policy goals How exactly have Obama s policies regarding drone strikes prisoner abuse extraordinary rendition and climate change differed from Bush era policies Contributors provide detailed assessments of these and many other key questions Designed to fit easily into courses on U S foreign policy the volume s first part looks at policy formulation while the second part tackles policy domains An extensive bibliography makes a great student resource for further research **US Foreign Policy in a Challenging World** Marco Clementi,Matteo Dian,Barbara Pisciotta,2017-07-18 This book examines how the US is dealing with the challenge of reconciling its global interests with regional dynamics and how it is able to produce and sustain order at the system level and within regional subsystems The book comprises four parts the first of which addresses global issues such as nonproliferation trade and freedom of the seas US policies in these areas are carefully analyzed considering whether and how they have been differently implemented at the regional level The remaining parts of the book focus on the US posture toward specific regions Europe the Middle East and East Asia The policies adopted by the US to confront the most relevant challenges in each region are identified and the ways in which policies in a specific region influence or are influenced by challenges in another region are explored The book is a rich source of knowledge on the nature of the balance that the US has pursued between global and regional interests It will be of much interest to scholars to practitioners to postgraduate PhD students of international relations theory and American foreign policy and to all with an interest in the ability of the US to produce international order *The Kurds and US Foreign Policy* Marianna Charountaki,2010-10-18 This book provides a detailed survey and analysis of US Kurdish relations and their interaction with domestic regional and global politics Using the Kurdish issue to explore the nature of the engagement between international powers and weaker non state entities the author analyses the existence of an interactive US relationship with the Kurds of Iraq Drawing on governmental archives and interviews with political figures both in Northern Iraq and the United States the author places the case study within a broader International Relations context The conceptual framework centres on the inter relations between actors both state and non state and structures of material and ideational kinds while the detailed survey and analysis of US Kurdish relations in their interaction with domestic regional and global politics forms the empirical core of

the study Stressing the intertwining of domestic and foreign policy as part of the same set of dynamics the case study explains the emergence of the interactive and institutionalized US relationship with the Kurds of Iraq that has brought about the formation within an Iraqi framework of an undeclared US official Kurdish policy in the post Saddam era Filling a gap in the literature on US Kurdish relations as well as the broader topic of International Relations this book will be of great interest to those in the areas of International Relations Middle Eastern and Kurdish Politics

Ethnic Identity Groups and U.S. Foreign Policy Thomas Ambrosio, 2002-11-30 Ethnic identity groups defined broadly to include ethnic religious linguistic or racial identities have long played a role in the formulation and implementation of U S foreign policy Yet ethnic group influence increased significantly following the Cold War Ambrosio and his colleagues provide a unique collection of essays on the relationship between ethnic identity groups and U S foreign policy The book covers a wide range of issues historical periods and geographic regions Integrated chapters examine four major issues the traditional white role of ethnicity in U S foreign policy ethnic identity group mobilization newcomers to the foreign policy process and the complexities of ethnic identity politics An in depth literature review is provided as well as an overview of the moral ethical issues surrounding ethnic group influence on U S foreign policy especially after the events of September 11 2001 This volume is designed to spark debate on the theoretical historical and ethical issues of ethnic identity group influence on U S foreign policy As such it will be of special interest to scholars students researchers policymakers and anyone concerned with the making of American foreign policy

Terrorism and Counterterrorism Brigitte L. Nacos, 2019-03-04 Focusing on the phenomenon of terrorism in the age of ISIS ISIL Terrorism and Counterterrorism investigates this form of political violence in an international and American context and in light of new and historical trends In this comprehensive and highly readable text renowned expert Brigitte Nacos clearly defines terrorism s diverse causes actors and strategies outlines anti and counterterrorist responses and highlights terrorism s relationship with the public and media Terrorism and Counterterrorism introduces students to the field s main debates and helps them critically assess our understanding of and our strategies for addressing this complex and enduring issue New to the Sixth Edition Additions to terrorist developments since 2016 including the rise and decline of ISIS in Iraq and Syria A significant expansion of the analysis of intelligence gathering and the growth of the U S intelligence community in the post 9 11 era Discussion of increasing activities of extremist groups in the so called alt right and the ANTIFA movement in the U S and abroad More explanations for the making of terrorists including rational choice theory and new research revealing childhood trauma as a risk factor An enlarged chapter on women and children in terrorism to include suicide missions as family projects A new section on human rights violations in counterterrorism
