Test Item File Child Development Grace J Craig:

Test Item File Marietta Benevento,1979 *Understanding Human Development* Grace J. Craig,Wendy L. Dunn,2006

This chronologically organized text has an applied focus and is intentionally selective in the topics it includes so that the full text can be managed within one semester It assumes no prior psychology exposure making it perfect for students of nursing social work and education in addition to psychology but it does not attempt to address in depth those issues covered extensively in Introductory Psychology courses Rather the text reflects the field of Human Development in its current state with emphasis on developmental processes and their explanations The research base of the text is current and solid and the book emphasizes depth of content over research process

Children Today Grace J. Craig,Marguerite D. Kermis,1995 This volume offers a chronological multidisciplinary and applied approach to child development It explores the biological physical cognitive social and emotional development of humans from conception through adolescence with a strong emphasis on cross cultural experiences
