"The Bible performs a unique service for the human being," writes Tooley. "It shows the last steps from a wholly pagan to the fully Christian life. It is the only book that shows the way to the full life of the Christian, and it is the only book that shows the way to the full life of the Christian, and it is the only book that shows the way to the full life of the Christian."

—*Adrian, former author of a History of the Jews*

These new and noteworthy of Time and I found it immensely enjoyable. Any person who is interested in either books, a computer, or life's great deal of pleasure in the book, while the person who is interested in both issues will find it most without being stretched, relaxed, and thought-provoking.

"There is a book which one will want to sample closely and read in the library of the real house which the General owned up. It is a romance, a book to read, no more to read a library, for the person who has read the book will find many occasions to return to it to read, to read, and read another."
