The Ancient Chinese Look Into The Past:

The World in Ancient Times Ronald Mellor, Amanda H. Podany, 2005-06-23 Brings together 76 additional documents from all the regions covered in The World in Ancient Times series from back cover

The Roots of Old Chinese Laurent Sagart, 1999-09-15 The phonology morphology and lexicon of late Zhou Chinese are examined in this volume It is argued that a proper understanding of Old Chinese morphology is essential in correctly reconstructing the phonology Based on evidence from word families modern dialects and related words in neighboring languages Old Chinese words are claimed to consist of a monosyllabic root to which a variety of derivational affixes attached This made Old Chinese typologically more like modern languages such as Khmer Gyarong or Atayal than like Middle and modern Chinese where only faint traces of the old morphology remain In the first part of the book the author proposes improvements to Baxter s system of reconstruction regarding complex initials and rhymes and then reviews in great detail the Old Chinese affixal morphology New proposals on phonology and morphology are integrated into a coherent reconstruction system The second part of the book consists of etymological studies of important lexical items in Old Chinese The author demonstrates in particular the role of proportional analogy in the formation of the system of personal pronouns Special attention is paid to contact phenomena between Chinese and neighboring languages and unlike most literature on Sino Tibetan the author identifies numerous Chinese loanwords into Tibeto Burman The book which contains a lengthy list of reconstructions an index of characters and a general index is intended for linguists and cultural historians as well as advanced students

The Daodejing. The Ancient Chinese Classic of Daoism in the Chinese Classical Text and a Modern Chinese Text Version and Additional Study Aids Muhammad Wolfgang G. A. Schmidt, 2017-02-23 This ancient Chinese Classic is well known in the West and has been translated many times Due to the linguistic vagueness and the difficult state of the original text all translations are significantly different Therefore the aim of this edition is to assist the western reader by including a modern Chinese text version in addition to the original This newer version is easier to read and understand and enables a parallel comparative study of both text versions For both text versions a Latin based Hanyu Pinyin transcription is provided as well as a Chinese English glossary and a Writing Practice section for all the traditional Chinese character forms used in both texts Intended is the book for both Western learners of Chinese as well as those Western readers interested in the text with only some basic Chinese language skills
