Carlos Fuentes Robert Brody, Charles Rossman, 2014-02-19 Carlos Fuentes is a master of modern world literature. With the translation of his major works into English and other languages, his reputation has surpassed the boundaries of his native Mexico and of Hispanic literature and has become international. Now each new novel stimulates popular and scholarly reviews in periodicals from Mexico City and Buenos Aires to Paris and New York. Carlos Fuentes *A Critical View* is the first full-scale examination in English of this major writer's work. The range and diversity of this critical view are remarkable and reflect similar characteristics in the creative work of Carlos Fuentes: a man of formidable intellectual energy and curiosity. The whole of Fuentes' work is encompassed by Luis Leal as he explores history and myth in the writer's narrative. Insightful new views of single works are provided by other well-known scholars such as Roberto González Echevarría writing on Fuentes' extraordinary *Terra Nostra* and Margaret Sayers Peden exploring *Distant Relations* for which she served as authorized translator. Here too are fresh approaches to Fuentes' other novels among them *Where the Air Is Clear*, *Aura*, and *The Hydra Head* as well as an examination by John Brushwood of the writer's short fiction and a look by Merlin Forster at Fuentes the playwright. Lanin Gyurko reaches outside Fuentes' canon for his fascinating study of the influence of Orson Welles' *Citizen Kane* on *The Death of Artemio Cruz*. Manuel Durán and George Wing consider Fuentes in his role as critic of both literature and art. Carlos Fuentes *A Critical View* has been prepared with the writer's many English-speaking readers in mind. Quotations are most frequently from standard readily available English translations of Fuentes' works. A valuable chronology of the writer's life rounds off the volume.

Archetype, Architecture, and the Writer Bettina L. Knapp, 1986-04-22 Altogether the work is a delight offering an unusual provocative view on the disparate texts with the added pleasure of lucid graceful prose. *Journal of Modern Literature* Bettina Knapp probes the nature, meaning, and use of the architectural metaphors and archetypes that pervade all literature.

Fuentes, Terra Nostra, and the Reconfiguration of Latin American Culture Michael Abeyta, 2006 Grounding his study on the work of Derrida and Bataille, Abeyta focuses on the theme of the gift in Carlos Fuentes's *Terra Nostra*. Analyzing how gift-giving, excess, expenditure, sacrifice, and exchange shape the novel, he reveals its relevance to current discussions about the relationship between art and the gift. The Postmodern Fuentes Chalene Helmuth, 1997 This book addresses issues of identity, textual composition, discourse, and history in the later novels of Carlos Fuentes. Readers familiar with other postmodern narratives will find a guide to reading Fuentes, a recognized innovator of Spanish American fiction. To readers familiar with the novels of the Boom and its considerable scholarship, this study provides a key to understanding Fuentes's interest in questions of an epistemological and ontological nature. This process draws on the various interpretive strategies of postmodernity, resulting in an analysis that contributes both to the body of criticism on Carlos Fuentes and to the development of an accurate conceptualization of postmodern
