The Art of Ecstasy Robert Torsten Petersson,1974 Bernini Crashaw Richard Petersson,1970 **Embodied Ecstasy** Lowry Nelson (Jr.),1971 *The Age of Milton* C. A. Patrides,Raymond B. Waddington,1980 Articulate Images Richard Wendorf,1983-10-01 Articulate Images was first published in 1983 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Twenty five years ago Jean Hagstrum published a pioneering study *The Sister Arts* showing how the visual arts influenced the imagination of seventeenth and eighteenth century English poets Hagstrum s book suggested the intimate and sometimes troubled relationship between poetry and painting and more than any other on the subject provided a basis for subsequent development and refinement within this field of comparative studies The nine original essays in *Articulate Images* address the central issues Hagstrum raised they serve as an introduction to current approaches to the sister arts Fully illustrated *Articulate Images* will be enjoyed by readers entering the field as well as by seasoned votaries of the sister arts **The Life of Saint Teresa of Avila** Carlos Eire,2019-06-11 The life and many afterlives of one of the most enduring mystical testaments ever written *The Life of Saint Teresa of Avila* is among the most remarkable accounts ever written of the human encounter with the divine The Life is not really an autobiography at all but rather a confession written for inquisitors by a nun whose raptures and mystical claims had aroused suspicion Despite its troubled origins the book has had a profound impact on Christian spirituality for five centuries attracting admiration from readers as diverse as mystics philosophers artists psychoanalysts and neurologists How did a manuscript once kept under lock and key by the Spanish Inquisition become one of the most inspiring religious books of all time National Book Award winner Carlos Eire tells the story of this incomparable spiritual masterpiece examining its composition and reception in the sixteenth century the various ways its mystical teachings have been interpreted and reinterpreted across time and its enduring influence in our own secular age The Life became an iconic text of the Counter Reformation was revered in Franco s Spain and has gone on to be read as a feminist manifesto a literary work and even as a secular text But as Eire demonstrates in this vibrant and evocative book Teresa s confession is a cry from the heart to God and an audacious portrayal of mystical theology as a search for love Here is the essential companion to the Life one woman s testimony to the reality of mystical experience and a timeless affirmation of the ultimate triumph of good over evil The New Cambridge Bibliography of English Literature George Watson,Ian Roy Willison,1974 *Religious Aesthetics* Frank Burch Brown,1993-05-09 In this groundbreaking work Brown shows how aesthetics no less than ethics can play a central role in the study of religion and in the practice of theology An important book wide ranging often very witty showing an impressive grasp of the current state of aesthetics and possible new directions Nick McAdoo *British Journal of Aesthetics* **Wounds of Love** Frank Graziano,2004-01-15 The Peruvian mystic St Rose of Lima Isabel Flores y Oliva 1586 1617 was

canonized in 1671 as the first saint of the New World and remains the object of widespread devotion today In this engrossing new study Frank Graziano uses the example of St Rose to explore the meaning of female mysticism and the way in which saints are products of their cultures Virginity austerity eucharistic devotion incessant mortification and mystical marriage to Christ characterized the devotional regimen that structured St Rose s entire life Many of her mystical practices echo the symptoms of such modern psychological disorders as masochism depression hysteria and anorexia nervosa Graziano offers a sophisticated argument not only for the origins and meaning of these behaviors in Rose s case but also for the reason her culture venerated them as signs of sanctity In the process he explores a wide range of themes from the idea of suffering as an expression of love to the assimilation of childhood trauma through religious repetition Graziano also offers a penetrating analysis of the politics of Rose s canonization He finds that her mystical union with God bypassing the institutional channels of sacrament and priestly mediation was inherently subversive to the bureaucratized Church Canonization was a cooptation by which Rose s competing claim to Christ was integrated into the Catholic canon The book concludes with a fascinating exploration of mystical eroticism with its intense experiences of vision and ecstasy The eroticized suffering of many mystics is shown to be very human in origin the mystic s wounded love is projected onto a God conceived to accommodate it *Wounds of Love* is based on a decade of research in archives rare books and an extraordinary range of secondary sources Introducing an innovative method that integrates history cultural studies psychoanalysis and clinical psychology this compelling work offers a bold new interpretation of female mysticism *Art, Desire, and God* Kevin G. Grove, Christopher C. Rios, Taylor J.

Nutter, 2023-08-24 Bringing together thinkers from philosophy of religion religious studies music art and film while drawing on a wealth of phenomenological resources and methods a team of renowned scholars provide new vantages on the question of how art is an expression of the human desire for God In three interrelated parts chapters employ phenomenological tools to propose new ways for speaking of the desire for God Scholars first draw upon music sculpture film and painting to develop ways of expressing diverse philosophical and religious aspects characteristic of aesthetic experience The discussion then opens up to examine the mystical and wounded aspects of embodied interface with God The final part investigates embodied aesthetic praxis in philosophy of religion and religious studies With several contributions engaging with the embodied aesthetic experience of underrepresented voices *Art Desire and God* offers constructive phenomenological bridges across divides of disciplines aesthetic experiences and embodied actions
