Bauerdick, 2014-04-08 Winner of the European Book Award November 1957 The Soviets have just launched the Sputnik and communism rules in Eastern Europe but the village of Baia Luna nestled in the Carpathian mountains is a world unto itself populated with gypsy philosophers and mysterious priests But for fifteen year old Pavel Botev this world begins to come apart the day teacher asks him to hang a photo of the new party secretary then whispers a startling directive into his ear Send this man straight to hell Exterminate him The next morning she has disappeared Once a priest turns up murdered Pavel sets out on a journey for answers one that leads him into the frontiers of a new life By turns grippingly realist and enchantingly surreal The Madonna on the Moon announces the arrival of an important new voice in fiction [Here's the Pitch](#) Roberta J. Newman, 2019-03 2020 SABR Baseball Research Award In the mid nineteenth century two industries arrived on the American scene One was strictly a business yet it helped create define and disseminate American culture The other was ostensibly just a game yet it soon became emblematic of what it meant to be American aiding in the creation of a national identity Today whenever the AT T call to the bullpen is heard fans enter Minute Maid Park or vote for favorite All Stars brought to us by MasterCard we are reminded that advertising has become inseparable from the MLB experience Here s the Pitch examines this connection between baseball and advertising as both constructors and reflectors of culture Roberta J Newman considers the simultaneous development of both industries from the birth of the partnership paying particular attention to the ways in which advertising spread the gospel of baseball at the same time professional baseball helped develop a body of consumers ready for the messages of advertising Newman considers the role of product endorsements in the creation of the culture of celebrity and of celebrity baseball players in particular as well as the ways in which new technologies have impacted the intersection of the two industries From Ty Cobb to Babe Ruth in the 1920s and 1930s to Mickey Mantle Yogi Berra and Willie Mays in the postwar years to Derek Jeter Rafael Palmeiro and David Ortiz in the twenty first century Newman looks at many of baseball s celebrated players and shows what qualities made them the perfect pitchmen for new products at key moments Here s the Pitch tells the story of the development of American and an increasingly international culture through the marriage between Mad Men and The Boys of Summer that made for great copy notable TV advertisements and lively social media and shows how baseball s relationship with advertising is stronger than ever
