The Anatomy Of God And Man:

The Anatomy of God and Man Gilbert Adam Schoenbrod, 1982 **The Anatomy of Man and the Body of Christ** Dell Mavia Johnson Walters, 2020-03-09 The Anatomy of Man and the Body of Christ is an in depth analysis of the relationship between the natural body and the spiritual body Ms Walters having had a career as a Registered Nurse draws from her knowledge of the physical body of a human being and under the inspiration of the Holy Spirit aligns each organ with its counterpart in the spiritual body Christ being the Head The book gives us keen insight into the craftsmanship of God when He artfully and intricately formed man and emphasizes the connectivity and inter dependency of the organs on each other Ms Walters directs her readers to consider carefully their importance and relevance to the Church which together represents the Body of Christ **God: An Anatomy** Francesca Stavrakopoulou, 2022-01-25 An astonishing and revelatory history that re presents God as he was originally envisioned by ancient worshippers with a distinctly male body and with superhuman powers earthly passions and a penchant for the fantastic and monstrous A rollicking journey through every aspect of Yahweh s body from top to bottom yes that too and from inside out Ms Stavrakopoulou has almost too much fun The Economist The scholarship of theology and religion teaches us that the God of the Bible was without a body only revealing himself in the Old Testament in words mysteriously uttered through his prophets and in the New Testament in the body of Christ The portrayal of God as corporeal and masculine is seen as merely metaphorical figurative or poetic But in this revelatory study Francesca Stavrakopoulou presents a vividly corporeal image of God a human shaped deity who walks and talks and weeps and laughs who eats sleeps feels and breathes and who is undeniably male Here is a portrait arrived at through the author s close examination of and research into the Bible of a god in ancient myths and rituals who was a product of a particular society at a particular time made in the image of the people who lived then shaped by their own circumstances and experience of the world From head to toe and every part of the body in between this is a god of stunning surprise and complexity one we have never encountered before **The Original Sin and Human Diseases** Hanna Rizk Wannas MD FRCS ED FICS, 2014-01-30 This text is unique it is the first book of its kind that challenges the theory of evolution by the word of God In the text it will be proved beyond doubt that the word of God is powerful with a two edged sword It divides asunder and exposes the counterfeit and the false Not only that but it proves the validity of the arguments by using medical and surgical studies of the patients ailments The author is a scientist and a surgeon He studied anatomy and embryology in full details that makes him argue with confidence The doctrine of creation has a solid foundation which is the true word of God The author used the results of surgical procedures that are done by spiritual knowledge compared to others done by natural man whose knowledge is based on the theory of evolution These have changed the procedures from difficult and complicated to a single day procedure with financial gains to the patient and to the public The relation between sin diseases and death is studied and proved beyond doubt The salvation by justification sanctification and righteousness is explained and also proved beyond

doubt Man is created and evolved to a higher degree of holiness by the working power of the Holy Spirit contrary to evolution by genetic mutation and natural selection that might promote the man to a high intellectual standard but this usually brings low moral value with it that at the end lead to death from moral decay alcoholism and drug addiction The evolution is produced by knowledge and experience and it carries with it away from God all the destructive elements to humans

Nature's God and the Nature of Man Joel R. Baseley, 2024-12-26 Nature's God and the Nature of Man presents nature and the nature of man as God's Word the Holy Bible reveals it in Genesis 1-3 The author's recent translating project in Johann Arndt's True Christianity especially his Book 4 treating God's revelation in nature provided him a helpful pre enlightenment world view of God's revealing Himself in nature in stark contrast and opposition to the bold modern assertion by many that science has proven there is no God The children of this divorce of Dame Science from God leaves children confused for whom this book might be a mediation and some comfort 445 pages soft cover
