The Aphrodite Inheritance:

The Aphrodite Inheritance Michael J. Bird, 1979 *Greece and Britain since 1945 Second Edition* David Wills, 2014-03-17

In 1945 the modern country and people of Greece were unknown to many Britons. This book explores the transformation and varying fortunes of Anglo Greek relations since that time. The focus is on the perceptions and attitudes shown by British and Greek writers, audiences and organisations. *Greece and Britain Since 1945* contains chapters from leading academics, journalists, novelists and public servants and covers subjects including literature by Greek writers in English translation, the work of the British Council and international aid agencies and television series set in Greece. The second edition has been substantially updated to reflect the financial, economic and social effects of the recent Greek Crisis. Four specially commissioned new chapters discuss how Greece has been portrayed in the British media and the responses of cultural organisations to the present needs of the Greek people.

Island Musics Kevin Dawe, 2020-05-26. What does the music of Madagascar or Trinidad tell us about the islands themselves and their inhabitants? Is there something unique about island musics? How does island music differ from its mainland counterparts? Drawing on a range of diverse examples from around the globe, this book examines the culture of island music and offers insight into local identities. Case studies look at how music, tradition, popular culture and islander life are linked in modern maritime societies. The islands covered include Crete, Ibiza, Zanzibar, Trinidad, Cuba, Madagascar and Papua New Guinea. In revealing the current practice behind modern island musics, the book considers the role of world music, exotica, global tourism, novels and travel writing in constructing fanciful images of islanders and island life. *Island Musics* throws into question some of our most basic notions and assumptions about island societies. There are a number of problems common to all island societies that vary in significance depending on an island's size, demographics and its proximity to the mainland. Problems include remoteness and insularity, peripherality to centralized sites of decision making, a limited range of natural resources, specialization of economics, small markets, a narrow skills base, poor infrastructure and environmental fragility. These issues are discussed in relation to the creation of music in the construction of an islander identity. Of particular interest is the way in which islanders discuss their music and how it articulates the idea of the other and diaspora. Finally, *Island Musics* considers the musical industry, music education and the preservation of musical cultural heritage.

The English Heretic Collection Andy Sharp, 2020-10-13. From its inaugural Black Plaque in honour of Witchfinder General, director Michael Reeves, this unique collection follows a veridical trajectory to the frontiers of belief. Reeves' film becomes a conspiratorial cauldron, drawing in a host of tragic players in the end game of the Sixties. *The Cornwall of Du Maurier's The Birds* is ploughed to reveal the hidden psychic codes of our Blitz spirit. In a powerfully relevant occult rendering of a bruised Island, the myth of Churchill is dissected and re-animalised. New maps of hell are drawn by colliding the forensic vision of J.G. Ballard and Lovecraftian magic. Actors, witches and psychopaths maraud across a nightmare terrain of murderous henges and abandoned military bases, conflating creative research into a surreal

documentary history as hallucination Geography becomes an alchemical alembic a vale of soul making distilled by the lysergic psychobiology of Stanislav Grof the alcoholic lyricism of Malcolm Lowry and the convulsive travelogues of the Marquis de Sade If history is revealed as paranoid ritual how do we escape its time traps to wild new imaginative geographies The English Heretic collection is a darkly comical urgently lyrical mental escape hatch from the hells of our own making

The Classic British Telefantasy Guide Paul Cornell, Martin Day, Keith Topping, 2015-07-30 The Classic British Telefantasy Guide is derived from the second edition of The Guinness Book of Classic British TV with various corrections and a revised introduction to bring it up to date It was written when the Internet barely existed and at a time when few books had been published on the subject This is however by no means a new or completely revised version of the original material too much time has passed and if we were to start reworking and correcting the text now it would probably never be finished Instead Classic British Telefantasy is an electronic reprint of some of the authors earliest work repacked for a new format and perhaps a new age
