Walking the Victorian Streets

Deborah Epstein Nord, 2018-09-05 Literary traditions of urban description in the nineteenth century revolve around the figure of the stroller a man who navigates and observes the city streets with impunity Whether the stroller appears as fictional character literary persona or the nameless omnipresent narrator of panoramic fiction he casts the woman of the streets in a distinctive role She functions at times as a double for the walker's marginal and alienated self and at others as connector and contaminant carrier of the literal and symbolic diseases of modern urban life In *Walking the Victorian Streets* Deborah Epstein Nord explores the way in which the female figure is used as a marker for social suffering poverty and contagion in texts by De Quincey Lamb Pierce Egan and Dickens What then of the female walker and urban chronicler While the male spectator enjoyed the ability to see without being seen the female stroller struggled to transcend her role as urban spectacle and her association with sexual transgression In novels nonfiction and poetry by Elizabeth Gaskell Flora Tristan Margaret Harkness Amy Levy Maud Pember Reeves Beatrice Webb Helen Bosanquet and others Nord locates the tensions felt by the female spectator conscious of herself as both observer and observed Finally *Walking the Victorian Streets* considers the legacy of urban rambling and the uses of incognito in twentieth century texts by George Orwell and Virginia Woolf

Love and Romance in Britain, 1918 - 1970 A. Harris, T. Jones, 2014-11-11 The new histories of love and romance offered within this edited collection illustrate the many changes but also the surprising continuities in understandings of love romance affection intimacy and sex from the First World War until the beginning of the Women's Liberation movement

The Alien Jew in the British Imagination, 1881-1905 Hannah Ewence, 2019-09-27 This book explores how fin de siècle Britain and Britons displaced spatially charged apprehensions about imperial decline urban decay and unpoliced borders onto Jews from Eastern Europe migrating westwards The myriad of representations of the alien Jew that emerged were the product of but also a catalyst for a decisive moment in Britain's legal history the fight for the 1905 Aliens Act Drawing upon a richly diverse collection of social and political commentary including fiction political testimony ethnography travel writing journalism and cartography this volume traces the shifting rhetoric around alien Jews as they journeyed from the Russian Pale of Settlement to London's East End By employing a unique and innovative reading of both the aliens debate and racialized discourse concerned with the Jew Hannah Ewence demonstrates that ideas about space and place critically informed how migrants were viewed an argument which remains valid in today's world

Victorian Marriage

James Covert, 2010-06-15 Mandell Creighton 1843 1901 was a famous historian and the first editor of the *English Historical Review* His intelligence and energy made an impression upon everyone he met Admired by Queen Victoria only his untimely death stopped him becoming Archbishop of Canterbury His wife Louise 1850 1936 was a prolific historian in her own right Her strength of character and organisational ability made her a natural leader of Victorian women's movements The writings

of this remarkable couple especially their letters reveal their relationships with each other and with their seven children their work and home life their servants houses holidays in Italy and the pleasures of their lives together Animal Sensibility and Inclusive Justice in the Age of Bernard Shaw Rod Preece,2011-10-25 In the late nineteenth century a number of prominent reformers were influenced by what Edward Carpenter called the larger socialism a philosophy that promised to completely transform society including the place of animals within it To open a window on late Victorian ideas about animals Rod Preece explores what he calls radical idealism and animal sensibility in the work of George Bernard Shaw the acknowledged prophet of modernism and conscience of his age Preece examines Shaw s reformist thought particularly the notion of inclusive justice which aimed to eliminate the suffering of both humans and animals in relation to that of fellow reformers such as Edward Carpenter Annie Besant and Henry Salt and the Humanitarian League This fascinating account of the characters and crusades that shaped Shaw s philosophy sheds new light not only on modernist thought but also on an overlooked aspect of the history of the animal rights movement

Religious Experience and the New Woman Joanna Dean,2007-01-10 In *Religious Experience and the New Woman* Joanna Dean traces the development of liberal spirituality in the early 20th century through the life and work of Lily Dougall 1858 1923 a New Woman novelist who became known as a religious essayist and Anglican modernist Dean examines the connections between Dougall s marginal position as a woman intellectual and her experiential combatively iconoclastic theology and demonstrates that through her writing and mentoring Dougall contributed to the shaping of modern spirituality Lily Dougall described religious experience the sense of the presence of God as the rock of her theology Dean observes the protean nature of this rock as Dougall moved from a submissive holiness faith to a mystical Mauricean sense of the Kingdom of God to the relational theology of personal idealism and reveals how psychology which appeared to provide scientific support for her religious beliefs eventually threatened to undermine her experiential faith

Slumming Seth Koven,2006-07-24 In the 1880s fashionable Londoners left their elegant homes and clubs in Mayfair and Belgravia and crowded into omnibuses bound for midnight tours of the slums of East London A new word burst into popular usage to describe these descents into the precincts of poverty to see how the poor lived slumming In this captivating book Seth Koven paints a vivid portrait of the practitioners of slumming and their world who they were why they went what they claimed to have found how it changed them and how slumming in turn powerfully shaped both Victorian and twentieth century understandings of poverty and social welfare gender relations and sexuality The slums of late Victorian London became synonymous with all that was wrong with industrial capitalist society But for philanthropic men and women eager to free themselves from the starched conventions of bourgeois respectability and domesticity slums were also places of personal liberation and experimentation Slumming allowed them to act on their irresistible attraction of repulsion for the poor and permitted them with society s approval to get dirty and express their own dirty desires for intimacy with slum dwellers and sometimes with one another Slumming elucidates the histories of a wide range of preoccupations about poverty

and urban life altruism and sexuality that remain central in Anglo American culture including the ethics of undercover investigative reporting the connections between cross class sympathy and same sex desire and the intermingling of the wish to rescue the poor with the impulse to eroticize and sexually exploit them By revealing the extent to which politics and erotics social and sexual categories overflowed their boundaries and transformed one another Koven recaptures the ethical dilemmas that men and women confronted and continue to confront in trying to love thy neighbor as thyself Urban Culture Chris Jenks, 2004 This set includes key pieces from Peter Ackroyd Charles Baudelaire Walter Benjamin Homi Bhaba Charles Dickens Fredrick Engels Paul Gilroy Thomas Hobbes Max Weber George Simmel Ian Sinclair Edward W Soja Gayatri Spivak Nigel Thrift Virginia Woolf Sharon Zukin and many others The material is arranged thematically highlighting the variety of interests that coexist and conflict within the city Issues such as gender class race age and disability are covered along with urban experiences such as walking politics anthropology cultural history cultural geography art critical theory visual culture literary studies social policy and cultural studies *The Oxford Handbook of George Eliot*, 2025-02-20 George Eliot repeatedly stressed the aesthetic and ethical importance of viewing subjects from different perspectives The Oxford Handbook of George Eliot presents fifty two perspectives on this major nineteenth century writer Together the chapters provide the most wide ranging collection of essays on Eliot s life and works published to date While providing fresh perspectives on the important themes running through Eliot s works the volume is distinctive in placing a concern with literary form at its heart Part I questions longstanding conceptions of Eliot as a figure isolated by scandal by exploring her personal and intellectual relationships with her contemporaries Part II focuses on Eliot s close engagement with earlier poets dramatists and novelists as well as with painting sculpture and music and in so doing probes Eliot s interest in the nature of influence itself Part III explores the full range of Eliot s unpublished and published works chapters on each of the novels make a renewed case for the centrality of Eliot s works to current scholarly debates about nineteenth century literature other chapters offer ways into texts that have either been neglected such as the novellas and poetry or more often mined for biographical and historical contexts than given a close reading such as the notebooks manuscripts letters and journals Part IV gives close scrutiny to those aspects of literary form which characterise Eliot s writing particularly her preoccupation with genre and her handling of voice both that of her narrators and her characters Part V assesses the complexity of Eliot s legacy for later writers concluding with five shorter essays which tackle the nature and impact of the enduring cultural status of Middlemarch as a often declared the great English novel
