OF THE "BIG BOOK STUDY TAPES"

Steps We Took

Roosevelt, Franklin D.

Steps We Took:

The Steps We Took Joe McQ, 2015-01-01 The words of this book's title are said aloud every day by thousands of people meeting together to help each other recover from addiction. The addictions may be to alcohol or cocaine, gambling or food, violence or sex, but the path to recovery is the same. The exciting thing about the Twelve Steps is that they teach us how to live. Once we know the design of living and the principles of living a successful life, we find that we not only get over the problems we see but we avoid many other problems we would have had. To me, the miracle is that all this was boiled down into twelve simple Steps that anybody can apply. This is a book of plain spoken wisdom for people with addictions and people who love them. Joe McQ has been a student of the Twelve Steps for more than three decades. He like tens of thousands of others lives them every day, one day at a time. In *The Steps We Took*, Joe takes us through them one Step at a time and helps us understand how they work and how they can change our lives.

How to Hear from God Joyce Meyer, 2004-03-15 In the hustle and bustle of today's busy world, sometimes it's hard enough to hear yourself think, much less take a minute to stop and listen for the voice of God. But learning to recognize God's voice and the many ways in which He speaks is vital for following His plan. In *How to Hear from God*, Joyce Meyer shows readers that God reaches out to people every day seeking a partnership with them to offer guidance and love. She reveals the ways in which God delivers His word and the benefits of asking God for the sensitivity to hear His voice. Joyce asks the question, "Are you listening?" and shares how to do just that.

Grow Up! Everett Piper, 2021-04-13 *Arrested Development* It's not your imagination. Millions of young

adults today behave like children Stuck in a permanent adolescence they throw temper tantrums when they don t get what they want blame everyone but themselves for their failures and refuse to take responsibility for their lives We used to write off their behavior as a phase But that phase doesn t look like it s ending anytime soon And these grown children are pouring out of the glorified day care known as college and entering the corporate world full of infantile demands and expectations A former university president Dr Everett Piper knows a thing or two about the ideas that motivate today s youth Having experienced the snowflake mob s rage himself he understands the threat that these young people pose to the rest of society Grow Up is his contrarian blueprint for a successful adult life With bracing candor Dr Piper shares How ideologues disguised as teachers arrested the development of entire generations The dangerous ideas in which popular culture and the education system marinate young people for years Simple lessons for becoming a thinking mature citizen The qualities that made this country great and how to reclaim them Filled with wisdom and learning Grow Up is the antidote to the poison that we consume every day a powerful corrective that shows readers how to live in truth and freedom **Staying Clean**
