Trump University Entrepreneurship 101 Mike Gordon, 2007 **The Search for Entrepreneurship** Simon

Bridge, 2016-12-08 Since the 1980s governments have often sought to encourage entrepreneurship on the assumption that it creates small businesses which are the primary drivers of job creation Largely because of this assumption entrepreneurship has become a valid subject for academic research attracting extensive funding Yet despite this explosion of scholarship there is no accepted model of how entrepreneurship operates or even a commonly accepted definition of what it is Simon Bridge posits that this is because entrepreneurship has been studied as if it were a deterministic science based on the false assumption that it exists as a specific discrete identifiable phenomenon operating in accordance with consistent predictable rules This challenging book contends that this misdirected search has produced more questions than answers Accepting that entrepreneurship as we have conceived it does not exist could lead to new and valuable insights into what the different forms of entrepreneurship are and how they might be influenced Scholars advanced students and policy makers will find this a thought provoking insight into the myths and misconceptions of entrepreneurship **Recreation, Event, and Tourism**

Businesses Robert E. Pfister, Patrick T. Tierney, 2009 Recreation Event and Tourism Businesses Start Up and Sustainable Operations reveals the keys to business success in the commercial recreation event and tourism sector Until now students professors and professionals interested in this growing industry have been limited to general business or basic recreation texts In this book the authors have combined their expertise as both business owners and professors to offer a comprehensive and industry specific course textbook and step by step guide for business start up Recreation Event and Tourism Businesses presents new professionals and potential business owners with clear easy to read directions for developing and writing a business plan The book s business profiles and case studies serve as examples to follow when working on the plan and help readers gain insight into how businesses are planned started and funded It also lays out important strategies for starting a business and shares best practices based on successful recreation businesses BOOK

JACKET *Global Business Expansion: Concepts, Methodologies, Tools, and Applications* Management Association, Information Resources, 2018-04-06 As businesses seek to compete on a global stage they must be constantly aware of pressures from all levels regional local and worldwide The organizations that can best build advantages in diverse environments achieve the greatest success Global Business Expansion Concepts Methodologies Tools and Applications is a comprehensive reference source for the latest scholarly material on the emergence of new ideas and opportunities in various markets and provides organizational leaders with the tools they need to be successful Highlighting a range of pertinent

topics such as market entry strategies transnational organizations and competitive advantage this multi volume book is ideally designed for researchers scholars business executives and professionals and graduate level business students
