When they have enough money they need more again You know what I m talking about People who are driven to use their money for success and financial freedom are an exception That is because when you make your own success you are ultimately in a position of strength and freedom that cannot be taken away from you So ask yourself how you want to use your money If you want your money to serve you then find a way to make enough money to meet your needs and fund your dreams You will never have enough money if you want to use it to fulfill all of your desires But if your goal is to have money to use to do what you want in life and get the things you want you probably will never get to your financial goals If your goal is to have the money to fund your freedom to do what you want in life then you will soon be able to do what you want without worrying about money How do you make enough money to have the freedom you want in your life and to have the money to do what you want in life First you need an end goal in life Your goal does not have to be the best or the richest or the biggest It just has to have enough certainty that you can focus on it and be able to tell the future how much money it takes to reach your goal You want to work towards your goals and have the money to build the value you want Is it worth it to pay what it takes to get what you want If you have a goal you do not have to answer that question Developing a goal and working towards it you will see your goals increase in value and your motivation will increase as you move towards your goal What are you waiting for Design your life and make your dreams a reality
