democracy can really work for all those who choose to become Americans This is a great U S asset since it makes America uniquely powerful in Europe s eyes infinitely mightier than the march of Marines and McDonald s alone would warrant Herein lie the uniqueness and the urgency of this book European public opinion shape s Europe s reaction at least as much as U S actions do

ACCESSING THE HIDDEN POWERS OF HEAVEN ISAIAH MACWEALTH, The concept of holiness is one that I have longed to write about for a while now because the Spirit of God has put this burden in my heart The level of misunderstanding about holiness is gross and universal thus I believe the Lord wants to use this book to teach and move the church into greater realms of fellowship with Him and greater levels of power What many teachers teach and what many believe about holiness is not holiness The word is often interchanged with words like righteousness consecration and sanctification but they are not all the same Holiness is not just a character or attribute neither is it a virtue or a set of rules It is so much more It is the nature and power of God Understanding holiness is therefore paramount because it is the key to accessing the unlimited power of God and the glory realm I believe that one of the reasons many believers are not functioning in the power of God in these last days is because they either do not understand or misunderstand holiness and how to access power by partaking in the holiness of God If you would function with God and experience face to face encounters with Him this book is for you I will be giving you a totally new revelation on Holiness just as the Lord taught me so I want you to read and meditate deeply on this book These are the days of His mighty power signs and wonders and those who have this revelation can partake of His holiness
