its own kind of death Raising Hare chronicles their journey together while also taking a deep dive into the lives and nature of hares and the way they have been viewed historically in art literature and folklore We witness first hand the joy at this extraordinary relationship between human and animal which serves as a reminder that the best things and most beautiful experiences arise when we least expect them A beautiful book that makes you think profoundly about how we so often tune out the natural world around us Chloe Dalton is a tender curious wise mind expanding guide connecting readers with the wild we humans once knew so well I will be recommending this to everyone Matt Haig author of The Midnight Library
