The Haunted Tunnel:

The Haunted Tunnel Jacqueline Stem, 1994 Arriving in Jefferson Texas in 1868 during the violent reconstruction period eleven year old Rip uncovers secrets surrounding a tunnel formerly used by runaway slaves **Indiana Folklore** Linda Dégh, 1980-11-22 Discusses old crafts and folk skills from covered bridge building to quilting as well as the legends and lore of Indiana Haunted Rails Matthew L. Swayne, 2019-09-08 50 chilling true stories of haunted trains and ghostly workers from the steam locomotive era to the modern day Discover dozens of hauntings on railroads in 19 US states as well as in Canada and the UK including the Baltimore and Ohio Railroad Atlantic Coast Line Nickel Plate Road Pennsylvania Railroad and many more Haunted Rails tells the tale of a possessed caboose on the Louisville and Nashville Railroad and a Civil War era rebel ghost train museum hauntings at the Georgia State Railroad Museum in Savannah and the Railroaders Memorial Museum in Altoona Pennsylvania apparitions at Vancouver's Canadian Pacific Waterfront Station and Nashville's Union Station and the haunted presidential trains of Abraham Lincoln and Dwight D Eisenhower Filled with ghost trains spectral switchmen and frightening facts Haunted Rails is a spine tingling ride to the other side that you don't want to miss All aboard **Ghosthunting Maryland** Michael J. Varhola, Michael H. Varhola, 2010-10-01 All the sites in the book have been chosen with an eye toward several criteria including how accessible they are to the public how evocative experience a trip to them is likely to produce and the extent to which they actually appear to be haunted A great many in the various regions of Maryland have some connection to the Colonial era the War of 1812 or the Civil War all significant aspects of the state's haunted history Maryland is divided into six regions for purposes of this book Baltimore Central D C Metro Eastern Shore Southern and Western Geographically speaking Maryland is not a large state It is however among the oldest in the country and has a rich varied and turbulent history that has contributed to an exceptionally high number of haunted sites Because it is relatively compact Maryland is in many ways an ideal state for a haunted roadtrip especially in an era of historically high gasoline prices and many haunted sites within the same area can easily be reached on a single weekend long trip Indeed although my own home is currently in Northern Virginia on the southern side of the Potomac River from Maryland its furthest point from me is still somewhat less than 300 miles as opposed to nearly 500 for some of the most distant points in southwestern Virginia Note that this outline includes more listings than there will be room for in the book and that a number of these will either be cut reduced to sidebars within larger chapters or listed in the appendix of additional haunted sites As with Ghosthunting Virginia research revealed early on a striking number of sites reputed by various sources to be haunted With space in this volume for only a limited number of these the authors carefully attempted to identify a representative selection that both emphasized variety and struck a balance between must include sites such as the graveyard where Edgar Allan Poe is buried and more obscure ones that do not appear in any other books **Spirits and Animism in Contemporary Japan** Fabio Rambelli, 2019-06-13 This book draws attention to a striking aspect of

contemporary Japanese culture the prevalence of discussions and representations of spirits tama or tamashii Ancestor cults have played a central role in Japanese culture and religion for many centuries in recent decades however other phenomena have expanded and diversified the realm of Japanese animism For example many manga anime TV shows literature and art works deal with spirits ghosts or with an invisible dimension of reality International contributors ask to what extent these are cultural forms created by the media for consumption rather than manifestations of traditional ancestral spirituality in their adaptations to contemporary society Spirits and Animism in Contemporary Japan considers the modes of representations and the possible cultural meanings of spirits as well as the metaphysical implications of contemporary Japanese ideas about spirits The chapters offer analyses of specific cases of animistic attitudes in which the presence of spirits and spiritual forces is alleged and attempt to trace cultural genealogies of those attitudes In particular they present various modes of representation of spirits in contemporary art architecture visual culture cinema literature diffuse spirituality while at the same time addressing their underlying intellectual and religious assumptions

Excerpt from RANT Wallace Boyer Car Salesman Like most people I didn't meet and talk to Rant Casey until after he was dead That's how it works for most celebrities after they croak their circle of close friends just explodes A dead celebrity can't walk down the street without meeting a million best buddies they never met in real life Dying was the best career move Jeff Dahmer and John Wayne Gacy ever made The way Rant Casey used to say it Folks build a reputation by attacking you while you're alive or praising you after you ain't
