web quantum networks form an important element of quantum computing and quantum communication systems quantum networks facilitate the transmission of information in the form of quantum bits also called qubits between

quantum communications and networking series 1 - May 12 2023

web jun 10 2023 this series focuses on recent advances in quantum communications and networking and we seek original contributions in quantum networking architectures concepts protocols and technologies in support of long distance qubit transmissions and novel network applications

pdf multiplexed telecommunication band quantum networking - Oct 05 2022

web dec 3 2021 the realization of a quantum network node of matter based qubits compatible with telecommunication band operation and large scale quantum information processing is an outstanding challenge
