environment Provided by publisher **The Irrelevant Leader** Phil Jewell, 2025-07-14 Somewhere along the way we embraced the idea that good leaders should always know everything that s going on and have all the answers That staying in the loop means staying in charge Yet what if the real measure of leadership isn t how involved we are but how well the teams we lead can keep moving forward when we re not there After years in the military and then moving into civilian leadership roles Author Phil Jewell saw leaders struggling with the belief that they had to be involved in every process every decision to be successful Yet Phil had already learned a truth they hadn t yet discovered the team is the centre not the leader The Irrelevant Leader The Art of Leading by Letting Go challenges the traditional leadership model and provides today s leaders with a new way to lead one that is sustainable impactful and fulfilling Based on the author's years in military and civilian leadership roles this guide offers eight principles for leaders to rethink their leadership styles and move from relevance to irrelevance creating stronger teams with less overwhelm and greater results Direct and honest The Irrelevant Leader is a must have for leaders who want to build strong independent teams that are able to operate while they re not there After all leadership isn t about being the hero but about developing people so they don t need one Innovative Management Education Pedagogies for Preparing Next-Generation Leaders Tiwari, Shalini Rahul, Nafees, Lubna, 2015-11-30 Management education is
