[Adobe Photoshop Elements 14 2019: Learning the Basics](#) J. Davidson, 2019-02-24 Adobe has been one of the leaders in the industry when it comes to assisting photographers with editing their photos. While many people are under the impression that Adobe photo editing software is aimed at professional photographers only, that is not very true. Sure, Adobe Photoshop may seem to be a bit overwhelming for the photographer who is just starting out. However, there is another software that was created by Adobe that is geared toward photographers who are just starting out. This newbie-friendly software is called Adobe Elements. There is, however, a specific edition of the Adobe Photoshop Elements that we will be looking at. Today we will be looking into the features of Adobe Photoshop Elements 14. The Adobe Photoshop Elements 14 was released in September of 2015. Since then, there have been various updates that were made in order to make the software much easier to use. Even though this software is geared towards beginners, it is still adequately equipped with all the favorite and most useful functions of Photoshop.
