Teacher A Christlike Model For Students:

Teacher! Neal McBride,1982 *Challenging Concepts for Contemporary Christian Education* Herbert W. Byrne,2003-07

Achieving Academic Integration in a Christian School Setting Herbert W. Byrne,2003-07 *Qualities of Sound Christian Education* Kevin F. Brownlee,2014-03 Christian educators What does God require of teachers Are you integrating God s Word into every subject taught Are you training your student s heart and do you know how to teach honorable character self discipline and godly decision making Christian school trustees Do you know God s criteria when hiring teachers or administrators Are your school s policies statement of faith and curricula based on sound biblical doctrine Do you know what that doctrine is Do you know how to recognize and battle attacks from the enemies of your school Would you like advice and suggestions on fundraising Christian parents Do you know what to look for when choosing a Christian school Are you holding your children s school accountable to what God requires Is the school teaching the truth Can you distinguish truth from error Christian homeschoolers Are you obedient to God s education requirements Do you know how to choose curricula with godly principles Are you effectively training your children for lives of serving and glorifying God in whatever they do If you are looking for answers to any of the above then this book is for you Titus 2 1 says to teach what is in accord with sound teachings In this book Christian school trustee Kevin F Brownlee unpacks the word sound and explains God s requirements for educating precious children in a commonsense style that will enlighten educators and parents and invigorate Christian education Beyond the Classroom Rev. Oneal Sandidge PhD D.Min.,2017-06-15 *Beyond the Classroom* provides an easy to read plan for church pastors and church leaders to improve Christian education in the church Teaching and teacher training are the main emphasis of the book The scholar and former director of Christian education in a New York megachurch provides the AZ plan for developing or improving Christian education **Pedagogy and Education for Life** Trevor H. Cairney,2018-04-30 There are many books on Christian education but few consider pedagogy with a biblical focus on formation and a grounding in varied related disciplines This book seeks to recapture the term pedagogy and place it at the center of the teacher s role not as a pseudonym for other things but as the critical foundation for the orchestration of classroom life This is a view of pedagogy that accepts that children come to classrooms as inhabitants of multiple and varied communities Some are known and shared with teachers but many are not Children cannot be left to find their way in the world for as they encounter competing and contradictory worlds their hopes dreams and intentions are shaped Teachers play a key role in students formation by shaping classroom life for all of life is used by God to reveal himself The things taught the priorities set and activities planned the experiences structured and books shared indeed everything in and outside school acts upon and shapes our students Pedagogy is the vehicle for shaping the life of the school Learning requires more than subject content and good teaching The central task of teachers is the development of a pedagogy that shapes life This book offers challenge and guidance as teachers engage in this noble task *Old School, New Clothes* Ronald E. Hoch,David P.

Smith,2011-09-09 Is much of Christian education in America distinctly Christian Ron Hoch and David Smith say No Instead it is guilty of having adopted an ideology and methodology that strips it of the right to call itself Christian and the ability to fulfill a truly Christian mission The authors claim that the fundamentally humanistic ideology of the West conditions and controls much of what is labeled Christian education By talking about the need to integrate faith and learning focusing on teaching methodology and operating schools in virtually the same way as government run schools many Christian academics betray captivity to the dogma that humans are the measure of all things and need to do what God has already done As a result much of what controls the conversation and practices in Christian academia echoes the humanistic arrogance of the West and offers no substantive alternative to it In Old School New Clothes Hoch and Smith issue a call for Christian academics to own up to their own confession that all reality was created and integrated by God damaged by sin and has already been reintegrated in and by Jesus Thus the emphasis in Christian education ought not to be what Christian educators are doing to redeem the culture but on what God is bringing to the Church in order to redeem sinners Only by recognizing that all human knowledge claims in every sphere are inherently theological and that God is truly seen in and experienced through knowledge of all things will a distinctly Christian education be forged Christian education must primarily emphasize the reintegration or redemption of teachers brought through right knowledge of Jesus that comes through every subject discipline and expressed in a life balanced on Sabbath work and family

Creative Bible Teaching Lawrence O. Richards, Gary J.
