Teachers Yoke Studies In Memory Of Henry Trantham:

A History of Israel John Bright, 2000-01-01 A definitive text and resource for every student of the Old Testament this fourth edition of John Bright's now classic work is newly introduced by William P Brown **The Teacher's Yoke** Jerry Vardaman, 1964 Restore Unity, Recover Identity, and Refine Orthopraxy Peter L. H. Tie, 2012-01-16 Doctrine divides Not a few Christians dread doctrine especially the doctrine of the church ecclesiology that allegedly causes much confusion conflict and controversy within the church Many choose to avoid it but James Leo Garrett Jr Distinguished Professor of Theology Emeritus at Southwestern Baptist Theological Seminary is convinced that the much avoided and neglected ecclesiology is the place where the churches must begin to rediscover genuine unity identity and orthopraxy Restore Unity Recover Identity Refine Orthopraxy examines Garrett's biblical notion of the universal priesthood The priesthood concept properly understood in a communal sense integrates the mission membership ministry and management of the church This book is filled with intentional and direct conversations with more than twelve theologians or ecclesiologists from various Christian traditions Reformed Pentecostal Roman Catholic Mennonite Baptist and other Free Church in order to shed light on Garrett's believers priesthood doctrine which eventually points toward a balanced biblical and baptist ecclesiology An ecclesiology rooted in the biblical priesthood does not divide and extinguish but does unite and distinguish **The First and Second Letters to Timothy** Jerome D. Quinn, William C. Wacker, 2000 The inaugural volume of the ECC series provides a fresh readable translation of 1 and 2 Timothy together with notes and commentary on this highly relevant section of Scripture The Notes section of the commentary offers detailed philological analysis of the majority of the words used in these two Pastoral Epistles The Comment section guides readers through the complex theological historical and practical issues facing the heirs of Paul in the Christian church The issues treated in 1 and 2 Timothy have a remarkably modern ring to them Addressing such contemporary topics as the qualifications for church leadership the roles of women the use of wealth heterodoxy worship and ethics these Pauline letters remain highly relevant to church life today This new volume not only offers the best of current biblical scholarship on Paul's letters to Timothy but also demonstrates the high standard of excellence marking the ECC series **Jesus and the Ossuaries** Craig A. Evans, 2003 Evans concludes his volume with a measured consideration of the historical value of the archaeological data afforded by the several inscriptions *Age of Spirituality* Metropolitan Museum of Art (New York, N.Y.), 1979 Betrifft die Handschrift Cod 318 der Burgerbibliothek Bern Nr 192 **Religious Rivalries and the Struggle for Success in Caesarea Maritima** Terence L. Donaldson, 2000-05-11 We know how the story of the Roman Empire ended with the triumph of Christianity and the eventual Christianization of the Roman Mediterranean But how would religious life have appeared to an observer at a time when the conversion of the emperor was only a Christian pipe dream And how would it have appeared in one particular city rather than in the Roman Empire as a whole This volume takes a detailed look at the religious dimension of life in one particular Roman city Caesarea

Maritima on the Mediterranean coast of Judea Caesarea was marked by a complex religious identity from the outset Over time other religious groups including Christianity Mithraism and Samaritanism found a home in the city where they jostled with each other and with those already present for position influence and the means of survival Written by a team of seasoned scholars and promising newcomers this book brings a new perspective to the study of religion in antiquity Along with the deliberate goal to understand religion as an urban phenomenon Religious Rivalries and the Struggle for Success in Caesarea Maritima studies religious groups as part of the dynamic process of social interaction spanning a spectrum from coexistence through competition and rivalry to open conflict The cumulative result is a fresh and fascinating look at one of antiquity's most interesting cities

Is Christianity True? Jonathan Menn, 2024-10-29 Is Christianity True is an excellent resource for twenty first century Christians and non Christians who want to investigate the truth claims of Christianity This book tackles the most important issues in a clear and compelling way Part 1 looks at the trustworthiness of the Bible and at Jesus Christ who claimed to be God incarnate He verified his claim by his fulfillment of prophecy and his resurrection from the dead Part 2 shows that the great alternative to Christianity the belief that there is no God or supernatural realm and that the universe and all that exists do so simply by natural forces not only is false but is impossible Part 3 deals with perhaps the greatest challenge to Christianity the problem of evil i.e. if God is all knowing all powerful and all good then why is there so much evil in the world The book does not shy away from discussing up to date scientific knowledge and shows how this knowledge actually confirms the claims of Christianity This book is a clear yet challenging explanation of the biblical historical philosophical and scientific evidence which shows that indeed Christianity is true

Hebrew Psalms and the Utrecht Psalter Pamela Berger, 2020-01-28 In a major departure from previous scholarship this volume argues that the illustrations in the famous and widely influential Utrecht Psalter manuscript were inspired by a late antique Hebrew version of Psalms rather than a Latin Christian version of the text Produced during the early ninth century in a workshop near Reims France the Utrecht Psalter is illustrated with pen and ink drawings in a lively style reminiscent of Hellenistic art The motifs are largely literal renditions of words and phrases found in the book of Psalms However more than three dozen motifs cannot be explained by either the Latin text that accompanies the imagery or the commentaries of the church fathers Through a close reading of the Hebrew Psalms Pamela Berger demonstrates that these motifs can be explained only by the Hebrew text the Jewish commentary or Jewish art Drawing comparisons between the Hellenistic style of the Psalter images and the style of late antique Galilean mosaics and using evidence from recent archaeological discoveries Berger argues that the model for those Psalter illustrations dependent on the Hebrew text was produced in the Galilee Pioneering and highly persuasive this book resolves outstanding issues surrounding the origins of one of the most extensively studied illuminated manuscripts It will be mandatory reading for many historians of medieval art and literature and for those interested in the Hebrew text of the book of Psalms

Magic in the Ancient Eastern Mediterranean Nina Nikki, Kirsi M.J. Valkama, 2020-12-14 Magic in

the Ancient Eastern Mediterranean Cognitive Historical and Material Perspectives brings together articles with the shared conviction that the category of magic remains useful in religious studies and provides new insights to biblical and related texts and artifacts Historically magic has been considered in both scholarly and popular discourse to be questionable obscure and potentially subversive 19th century scholars of religion viewed magical beliefs and practices as primitive and inferior compared to Judeo Christian forms of worship which were considered true religion More recently the category has been defended especially by scholars of the cognitive science of religion who find it useful for delineating a set of beliefs and practices fundamental to all forms of religion The volume joins current scholarship in refraining from using the concept as an othering device and in arguing that it can still serve as a helpful analytical tool In addition to analyzing the discourse on magic in both ancient literature and modern scholarship the articles provide individual examples of how literary and material culture attest to the existence of magical beliefs and practices in sources from the Ancient Near East to the Byzantine Period The book is divided into three parts The contributions in the first part approach magic from the theoretical perspective of cognitive studies ritual studies and cultural evolution while the rest of the book focuses on how magic and magicians are understood in ancient sources The second part discusses a specific set of textual material dealing with blessings and curses The third part of the volume discusses the world of various destructive celestial beings from which one and one's loved ones had to be defended as well as the multitude of protective beings such as angels

Paul the Letter-writer and the Second Letter to Timothy Michael Prior, 1989-01-01 This study argues for new perspectives on the letters of Paul especially the Second Letter to Timothy It examines striking aspects of Paul's letters especially the fact that many of them are co authored that six of them acknowledge that a secretary has penned the letter and that 1 Timothy 2 Timothy and Titus are the only ones addressed to individuals It investigates the implications of these facts for the concept of Pauline authorship Prior maintains that the received arguments statistical as well as literary which exclude 2 Timothy from the influence of Paul are less than convincing The author suggests an original reading of 2 Timothy arguing it was composed by Paul towards the end of his first Roman imprisonment Contrary to all interpretations of the letter which argue that Paul was about to be martyred Prior claims that Paul was confident that he would be released and was assembling a mission team to bring his proclamation of the Gospel to a completion Timothy's courage and missionary zeal needed rekindling for he and Mark were to be key figures in this new team

Mark's Audience Mary Ann Beavis, 2015-01-29 Mark 4 11 12 the parable theory passage has probably been commented upon more often than any other section of Mark's Gospel The saying has usually been interpreted as an authentic utterance of Jesus which was subsequently misunderstood and misinterpreted by early Christians including the evangelist Mark The precise meaning of the mystery logion in the ministry of Jesus is notoriously elusive since we have no information about the context in which it was spoken or about the audience to which it was addressed Much more however can be known about the interpretative context of the logion in Mark since it is surrounded by passages that seem to echo the mystery saying This study examines the complex web of literary relationships between Mark 4 11 12 and the Gospel as a whole Dr Beavis's fresh interpretation is unusual in that she undertakes to interpret the Gospel of Mark as far as possible from the point of view of its historical readers audience Chapters 1 and 2 of the book attempt to describe the community for which the Gospel was written and in the rest of the book

this socio cultural setting is used to investigate the meaning of the mystery saying for the original readers hearers of Mark
