The Book of the Popes (Liber Pontificalis) ,1916 The Book of the Popes (Liber Pontificalis) ,1965 **The Book of the Popes (Liber Pontificalis). 1 - To the Pontificate of Gregory I** Louise Ropes Loomis,2017-07-25 Trieste Publishing has a massive catalogue of classic book titles Our aim is to provide readers with the highest quality reproductions of fiction and non fiction literature that has stood the test of time The many thousands of books in our collection have been sourced from libraries and private collections around the world The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original Our readers see the books the same way that their first readers did decades or a hundred or more years ago Books from that period are often spoiled by imperfections that did not exist in the original Imperfections could be in the form of blurred text photographs or missing pages It is highly unlikely that this would occur with one of our books Our extensive quality control ensures that the readers of Trieste Publishing s books will be delighted with their purchase Our staff has thoroughly reviewed every page of all the books in the collection repairing or if necessary rejecting titles that are not of the highest quality This process ensures that the reader of one of Trieste Publishing s titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers Generally Trieste books are purchased singly on demand however they may also be purchased in bulk Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates **The Book of the Popes** ,1916 **The Book of the Popes (Liber Pontificalis) I-** ,1916 **Book of the Popes (Liber Pontificalis)** Loomis Louise Ropes,1901 **The Book of the Popes (Liber Pontificalis)** Louise Ropes Loomis,2017-09-18 Excerpt from The Book of the Popes Liber Pontificalis To the Pontificate of Gregory I The preparation of an English text of the Liber Pontificalis of which the following pages furnish the first installment is some thing more than the translation of a crabbed text crowded with obscure references Even of the great libraries in this country only about ten possess the original in the best working edition if one may judge by library returns and it is doubtful if many more copies of the complete text exist this side of the Atlantic A document which long was viewed as of fundamental importance for the history of the Papacy has thus sunk so completely out of sight as to have become a rather rare curiosity to all but research students of medieval history This is in part due to the character of the work with its forbidding lists of items of local and temporary interest in which only the trained archaeologist can find his way but it is also surely due to the fact that both texts and commentary have hitherto been in foreign languages and are to be found only in costly and rare volumes The English version aims to overcome these difficulties While the narrative portions of the text have been kept in full lists of mere names and figures especially in the case of ordinations have been in part eliminated unless they were of distinct historical interest The narrative when no longer clogged with an undue amount of this material Will be found

to run along with something of the swiftness of a medieval chronicle The archaeologist who alone will miss the discarded portions will turn to the original in any case In the second place sufficient apparatus has been given in the form of explanatory notes to make the narrative clear while bibliographical references furnish a guide to the treatment of the more intricate problems It is hoped therefore that in its new form for the Lz ber Pontz fiealz s has never before been translated into any other tongue this quaint monument of curial historiography will be found to have retained enough of that charm of naive Simplicity which the scholar appreciates in the original to lure the general reader of history into a study of the important facts with which it deals About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Book of the Popes Louise Ropes Loomis,2018 This book is that of the earliest history of the Papacy but even were it provided with the most exhaustive notes it could never furnish by itself an adequate basis for a modern narrative This book is not an attempt to present a history of the Papacy during the first six centuries It is simply the presentation of an ancient text

commentary to make it intelligible The text is that of the earliest history of the Papacy but even were it provided with most exhaustive notes it could never furnish by itself an adequate basis for a modern narrative The historian of to day has at his disposal other documents and archaeological remains which are often of greater importance for an understanding of these early pontificates than the meagre biography in the Liber Pontificalis It was originally planned that a collection of such documents should form a part of the volume in which the Liber Pontificalis appears but it now seems best to publish these documents in a separate and parallel volume and so leave the way open to complete the Liber Pontificalis or at least to carry it down to the heart of the Middle Ages A word should be said as to the point at which the text of the Liber Pontificalis is broken in this edition When the translation was first undertaken it seemed unlikely that it would ever be continued further than in the present enterprise Dr Loomis therefore carried the text through the pontificate of Gregory I as a point of general historical interest Since there is now a possibility that the next section of the book may also be translated the division has been put as near to the one originally planned as possible including the pontificates immediately preceding Gregory

Frederick George Holweck, Claudio R. Salvucci, 2015-10-10 Most American Catholics are familiar with St Katharine Drexel St John Neumann St Kateri Tekakwitha and Ven Fulton Sheen But how many have heard of Bl Lucas Tristany Or Ven Solanus Casey Or Ven Theresa Dudzik Or Servant of God Gwen Coniker The American Martyrology helps the faithful recall the heroic lives and deaths of dozens of men and women of God with strong connections to the United States Arranged in calendar form the Martyrology is in effect a catalog of national sanctity which assists the

faithful to remember those who have died with a reputation for holiness and encourages us to private devotion toward the Servant of God and the spontaneous spreading of his reputation of holiness or martyrdom and of intercessory power

Sanctorum Mater Art 117 In the days of the ancient persecutions local Christians kept the memories of the faithful who suffered and died for Christ These local records were eventually combined to form general martyrologies the most famous of which the Roman Martyrology is used to this day as an official liturgical book But the need for local lists never quite faded and Father Frederick George Holweck 1856 1927 one of America s foremost church historians and hagiographers was the first to publish such a calendar for the United States over 90 years ago The new 2015 edition of The American Martyrology features all the Saints Blesseds Venerables Servants of God and reputed martyrs honored in the U S throughout the year It dramatically expands Holweck s compilation with the dozens of new saints and causes added since then including not only feasts of the national calendar but also those of the traditional Roman calendar such as St Valentine and St Christopher and those of the Ordinariate calendar such as St Alban St Columba and the English martyrs Keep this volume handy for quick reference or read the entries with the included prayers as a daily devotion to honor the saints throughout the year With rubrics adapted from the traditional office of Prime and featuring extra prayers for the annual commemoration of family members and loved ones The American Martyrology is not merely an invaluable historical collection but a wonderful devotional text and a perfect way to help live the liturgical year at home
