The Of The Secrets Of Enoch:

The Book of the Secrets of Enoch William Richard Morfill,1997-06 *The book of the secrets of Enoch, tr. from the Slavonic by W. R. Morfill and ed. by R. H. Charles* Enoch (the patriarch),1896 **The Secrets of Enoch: Christian Apocrypha Series** Enoch,2020-01-08 The content of this piece covers Enoch s journey through the multiple heavens meeting the angels Gabriel and Michael Enoch instructing Methuselah and his other sons on moral and ethical lessons which he had written out in 366 books and which he eventually passes on to Methuselah and his other sons so that his teachings wouldn t be lost and finally Enoch s eventual assumption into heaven This is essentially the sequel to the fabled Book of Enoch *The Book of the Secrets of Enoch* R. H. Charles,1998-08-01 **Book of the Secrets of Enoch** W.R. Morfill,2000-04-06 **The Book of the Secrets of Enoch** W.R. Morfill,R. H. Charles,2014-03 This Is A New Release Of The Original 1896 Edition

The Book of the Secrets of Enoch W R Morfill,2014-03-31 This newly found piece of early literature came to light through certain manuscripts found in Russia and Servia The Book of the Secrets of Enoch provides great revelational knowledge of the Almighty God how He created all creations the heavens and more Lost for nearly 1200 years this book was used by both Christian and heretic in the early centuries and forms a very valuable document in any study of the forms of early Christianity **Secrets of Enoch** Scriptural Research Institute,2020-06-06 The book known as Secrets of Enoch is one of the most mysterious ancient texts to survive to the present and no two analyses of it seem to concur Almost all copies that have survived to the present are in the Old Slavonic language the official language once used by the Orthodox church in Slavic nations As a result some early scholars concluded the work was written in Old Slavonic while others believed it was either translated from Greek or compiled in Old Slavonic from a variety of ancient sources Throughout the 1900s a consensus developed within scholarly circles that work was likely written in a Semitic language and translated into Greek by the 9th century and then into Old Slavonic by the 13th century The text was quoted in the 13th century in the Merilo Pravednoe an East Slavic collection of ethical texts The view that the work did not originate in Old Slavonic was confirmed in 2009 when Coptic fragments were found in Egypt As most Old Slavonic and Coptic Judaeo Christian texts are translations of Greek texts it is still accepted that the existing copies all derive from a Greek source This book is also sometimes called Slavonic Enoch because until recently all known copies were written in Old Slavonic or the 2nd Book of Enoch which unfortunately conflicts with the other 2nd Book of Enoch the Book of Parables which is then confusingly referred to as Enoch 2 This conflict over the name 2nd Enoch is based on the fact that Secrets of Enoch was first documented shortly after the Ethiopian Book of Enoch was discovered and before it had been studied in any depth by scholars At the time it was not known that the Ethiopian Book of Enoch was composed of five separate books of Enoch which has subsequently been confirmed by the study of the fragments of four of the books of Enoch found among the Dead Sea scrolls The various Old Slavonic manuscripts are not the same but do appear to be derived from a common source Many manuscripts are missing entire sections of chapters and most

are missing the final few chapters that focus on Methuselah, Enoch, Melchizedek, and Noah. The collection of Old Slavonic manuscripts is generally divided into shorter and longer recensions. The various short recensions clearly share a common manuscript that served as an influence but are not simply copies of that manuscript as each has unique lines that were copied from longer recensions. The general conclusion of researchers is that the various short recensions were the works of various Orthodox Christian scholars. The longer recensions contain several Gnostic references which implies the text may have originally been used in Slavic lands by the Bogomil Gnostic Christians who were common in the Balkans between the 12th and 14th centuries. Nevertheless, the Gnostic sections of the text do not appear to have been written by the Slavs and were almost certainly in the Greek manuscript by the 9th century AD. *Book of the Secrets of Enoch* Steve Nichols, 2006-02

The *Book of the Secrets of Enoch* was preserved only in the Slavonic tongue and was thought lost until 1892. Even when rediscovered, it was thought that this text was just another version of the Ethiopic *Book of Enoch*, but the *Secrets of Enoch* is an entirely new pseudepigraph and not a version of the well-known *Book of Enoch*. It seems to have been translated from a lost Greek original and was written by a Coptic Jew in Alexandria during the earliest period of the Christian era. It is of no less value than the Ethiopic *Book of Enoch*. Discoveries regarding the planets which Joel circa 1200 AD ascribed to the god Seth are probably ultimately derived from this book. Likewise, some statements on the Sabbath and the duration of the world found in Josephus and the *Book of Jubilees* should be ascribed to this source. Scholars of Babylonian traditions, apocalyptic Judaism, and mystical Christianity will find material of great interest. Ideas and phrases from this book may even have been incorporated into the Koran. *Book of the Secrets of Enoch* R. H. Charles, 1996-06

Readers with interest in Apocalyptic literature and of the origins of Christianity will find this book to be fascinating. For more than 1200 years, this book has not been known outside of Russia and it was known only in the Slavonic language. The author was a Hellenistic Jew and the place of its composition was Egypt about the beginning of the Christian era. It was much read during the first three centuries of the church and influenced many other writings. This 1896 English edition is the first such publication. The actual *Book of Enoch* consists of 100 pages which are preceded by a 42-page introduction that provides a scholarly historical review to help the reader understand the linguistic origins and the relevance of the text. **The Book of the Secrets of Enoch (Enoch II)** Enoch The Patriarch, 2025-06-21

The Book Of The Secrets Of Enoch Apostle Arne Horn,2016-12-24 This new fragment of early literature came to light through certain manuscripts which were recently found in Russia and Serbia and so far as is yet known has been preserved only in Slavonic Little is known of its origin except that in its present form it was written somewhere about the beginning of the Christian era Its final editor was a Greek and the place of its composition Egypt Its value lies in the unquestioned influence which it has exerted on the writers of the New Testament Some of the dark passages of the latter being all but inexplicable without its aid

Divine Mysteries in the Enochic Tradition Andrei A. Orlov,2023-07-24 The book represents an in depth investigation of acquisition cultivation and transmission of divine mysteries in Jewish apocalyptic and mystical accounts by focusing on the developments found in early Enochic writings These accounts deal both with revelations unveiled by God and angels to the patriarch Enoch and with illicit transmission of divine knowledge by the rogue group of the fallen angels known as the Watchers Orlov argues that the map of otherworldly knowledge revealed to Enoch inversely mirrors the map of illicit revelations given by the fallen Watchers to humankind The study suggests that one of the possible objectives for the parallelism is that by revealing to Enoch the same divine mysteries that were earlier transmitted by the Watchers God attempts to mitigate the corruption caused by the fallen angels illicit instructions This book will be of interest not only for scholars specializing in historical and religious areas but also for experts in the fields of anthropology philosophy sociology psychology and gender theory it discusses several aspects of early and late Jewish religious epistemologies that elucidate the ideological context for the construction and affirmation of social roles and identities in various Jewish milieus
