The Old Catholic Movement Its Origins And History:

The Old Catholic Movement C. B. Moss, 2005 The Old Catholic movement is the best kept secret in Christendom The fact that there is a valid if illicit form of catholicism that is independent of Rome and which values local control seems scandalous to some and a cause for delight or even relief in others The Old Catholic churches have branches both official and unofficial all over the world They constitute one of the most interesting and diverse movements in Christian history a movement worthy of greater visibility and academic attention Here is the story of this unlikely legacy from its beginnings in the fourteenth century through 1977 now back in print after twenty eight years from Apocryphile Press **The Old Catholic Movement, Its Origins and History** Claude Beaufort Moss, 1960 *The Old Catholic movement, its origins and history 2nd ed* Claude Beaufort Moss, **The Old Catholic Movement, Its Origins and History ... Second Edition** Claude Beaufort MOSS, 1964 The Old Catholic Church, Third Edition Karl Pruter, 2006-10-01 Karl Pruter Presiding Bishop of the Christ Catholic Church and an acknowledged expert on the modern autocephalous churches delineates the history of the Old Catholic Church in North America and provides the most straightforward account of the numerous offspring of this very active religious movement Complete with Chronology Notes Bibliography Index and photographs *The Oxford Movement* Stewart J. Brown, Peter B. Nockles, 2012-06-28 The Oxford Movement transformed the nineteenth century Church of England with a renewed conception of itself as a spiritual body Initiated in the early 1830s by members of the University of Oxford it was a response to threats to the established Church posed by British Dissenters Irish Catholics Whig and Radical politicians and the predominant evangelical ethos what Newman called the religion of the day The Tractarians believed they were not simply addressing difficulties within their national Church but recovering universal principles of the Christian faith To what extent were their beliefs and ideals communicated globally Was missionary activity the product of the movement's distinctive principles Did their understanding of the Church promote or inhibit closer relations among the churches of the global Anglican Communion This volume addresses these questions and more with a series of case studies involving Europe and the English speaking world during the first century of the Movement **The Old Catholics and the Anglo-Continental Society** Frederick Meyrick, 1875 **Old Catholic Theology** Peter-Ben Smit, 2019-10-29 Old Catholic theology is the theology that is characteristic of the Old Catholic Churches of the Union of Utrecht Old Catholic Theology An Introduction authored by Peter Ben Smit an acknowledged expert in the field outlines the main characteristics of and influences on Old Catholic theology as well as the extant ecumenical relationships of the Old Catholic Churches In doing so it covers what may be called mainstream Old Catholic theology while also discussing the diversity within the Old Catholic tradition Particular attention is given to the Old Catholic approach to theology in general and to ecclesiology sacramental theology and ecumenical theology in particular Further foci include the version of communio theology the appertaining sacramental understanding of the church the inherent connection between theology and liturgical spirituality the distinct branch of

communal hermeneutics and the understanding of the appeal to the early Church that Old Catholic theologians developed in the course of the 20th century *Malines: Continuing the Conversations* Thomas Pott, James Hawkey, Keith Pecklers, 2023-12-13 The Malines Conversations are often described as a precursor to the theological dialogue between the Catholic Church and the Anglican Communion initiated after the Second Vatican Council The fruit of a friendship between a French priest and an English aristocrat Cardinal Mercier's initial invitation in 1921 to a group of thinkers from both communions led to several rounds of discussion focused on issues that have long divided Catholics and Anglicans Since 2013 an informal and international group of Anglican and Catholic friends known as the Malines Conversations Group has been meeting annually for discussion and fellowship This volume represents the fruit of some of these conversations The informal nature of the group allows for wide ranging interrogation of diverse topics The discussions acted as a kind of theological laboratory enabling us to explore afresh some of the issues at stake both between and within our churches This volume of essays includes contributions from sacramental theologians liturgists ecclesiologists historians and philosophers Most are actively involved in Christian ministry Interspersed throughout are very short reflections from other theologians and Church leaders who have participated in the conversations as guests over the last decade In the words of Rowan Williams epilogue the hope and prayer of the contributors is that this celebration and exploration of the heritage of Malines might give us again the grace of being surprised by the gift of Catholic communion *The Living Church*, 1947 **Gerard Van Swieten and His World 1700-1772** Frank T. Brechka, 2012-12-06 QUALITIES, QUERIES AND REPUTE Holland has bred its share of remarkable men and Gerard van Swieten was one of them Raised in Leiden by fairly prosperous Catholic parents educated at Louvain and Leiden acknowledged as one of the most gifted pupils of the famed scientist Herman Boerhaave and an eminent doctor in his native city for many years he became chief physician at the Court of Vienna director of the Imperial Library head of both the Vienna Medical Faculty and the Censorship Commission and trusted councillor of the Empress Maria Theresa There is a short street in Leiden that presently honors his name and his figure is one of those surrounding the Empress on her imposing memorial in Vienna What sort of man was this who travelled so far What achievements what qualities deserve such remembrances Why a study of his life Gerard van Swieten worked no miracles He accomplished no diplomatic revolution commanded no victorious army helped to change no political boundary wrote no literary masterpiece proposed no radically new or notable scientific theory More of an organizer than an innovator more of an administrator than an originator he was content to compile to put together to comment upon to explain the discoveries of others and to manipulate the given situations presented to him He seldom initiated He followed through *Inspired By Love and Anger* Christopher Jacob Rooney, 2018-03 In 2006 Christopher Jacob Rooney left his home in Vancouver to go on a pilgrimage visiting living and working in Catholic Worker Communities across Canada and the United States serving the poor while protesting the war in Iraq With candid journal entries powerful essays and prayers *Inspired by Love and Anger* follows this

journey of self discovery faith and inspiration as he struggles to follow in the footsteps of great leaders and pacifists searching for his own place in the community of service *Juvenal's Mayor* John Henderson,2020-08-30 A lively study of the life and times of J E B Mayor one of the towering figures of Classics in Victorian Britain and author of a still standard commentary on Juvenal s Satires The History of Church J. H. Kurtz,2020-12-17 The History of Church in three volumes is an account of the Christian Church written by prominent Lutheran theologian Johann Heinrich Kurtz The work comprises ecclesiastical history from its beginnings to the end of 19th century First part of the book covers the period from pre Christian era and the founding of the Church by Christ and his Apostles to the 10th century Second part spans from Christian missionary enterprises and the Crusades to Reformation and the Counter Reformation The final part covers the years from 17th to 19th century and what Christian church went through in that period Innovation in the Orthodox Christian Tradition? Trine Stauning Willert,Lina Molokotos-Liederman,2016-05-23 The relationship between tradition and innovation in Orthodox Christianity has often been problematic filled with tensions and contradictions starting from the Byzantine era and running through the 19th and 20th centuries For a long period of time scholars have typically assumed Greek Orthodoxy to be a static religious tradition with little room for renewal or change Although this public perception continues the immutability of the Greek Orthodox tradition has been questioned by several scholars over the past few years This book continues this line of reasoning but brings it into the centre of contemporary discussion Presenting case studies from different periods of history up to the present day the authors trace different aspects in the development of innovation and renewal in Orthodox Christianity in the Greek speaking world and among the Diaspora *The Westminster Confession of Faith* Rowland S. Ward,2021-06-14 Rowland S Ward s guide has served as an invaluable resource for many wishing to understand the rich theological tapestry of the Westminster Confession In this revised and expanded volume Ward has sought to bring further clarity to and appreciation for this great summary of doctrinal truth If you are looking for an easy to read exposition of the Confession with sharp analysis of its contents and relevant discussion questions look no further
