Restoration Project, 2004 *Ecosystem Management in the Boreal Forest* Sylvie Gauthier, 2009 No detailed description available for *Ecosystem Management in the Boreal Forest* People, Forests, and Change Deanna H. Olson, Beatrice Van Horne, 2017-04-20 Forests throughout the world are undergoing rapid far reaching change as a result of natural and anthropogenic disturbances The challenge is to manage these forests in ways that avoid formulaic approaches to complex issues This book takes on the challenge of balancing local economies wood products and biodiversity by proposing diverse new approaches to forest management using new research from the moist coniferous forests of the Pacific Northwest

Ecological Forest Management Jerry F. Franklin, K. Norman Johnson, Debora L. Johnson, 2018-03-19 Fundamental changes have occurred in all aspects of forestry over the last 50 years including the underlying science societal expectations of forests and their management and the evolution of a globalized economy This textbook is an effort to comprehensively integrate this new knowledge of forest ecosystems and human concerns and needs into a management philosophy that is applicable to the vast majority of global forest lands Ecological forest management EFM is focused on policies and practices that maintain the integrity of forest ecosystems while achieving environmental economic and cultural goals of human societies EFM uses natural ecological models as its basis contrasting it with modern production forestry which is based on agronomic models and constrained by required return on investment Sections of the book consider 1 Basic concepts related to forest ecosystems and silviculture based on natural models 2 Social and political foundations of forestry including law economics and social acceptability 3 Important current topics including wildfire biological diversity and climate change and 4 Forest planning in an uncertain world from small privately owned lands to large public ownerships The book concludes with an overview of how EFM can contribute to resolving major 21st century issues in forestry including sustaining forest dependent societies

Nature's Temples Joan Maloof, 2023-04-04 An old growth forest is one that has formed naturally over a long period of time with little or no disturbance from humankind They are increasingly rare and largely misunderstood In this book Joan Maloof the director of the Old Growth Forest Network makes a heartfelt and passionate case for their importance This evocative and accessible narrative defines old growth and provides a brief history of forests It offers a rare view into how the life forms in an ancient undisturbed forest including not only its majestic trees but also its insects plant life fungi and mammals differ from the life forms in a forest manipulated by humans What emerges is a portrait of a beautiful intricate and fragile ecosystem that now exists only in scattered fragments Black and white illustrations by Andrew Joslin help clarify scientific concepts and capture the beauty of ancient trees

Ecology and Conservation of Neotropical Montane Oak Forests Maarten Kappelle, 2006-05-18 Covers the range of natural and managed oak forests in the highlands of tropical America Providing an understanding of ecological patterns and processes that determine the structure and functioning of these forests this volume aims to serve as a basis for sustainable forest management and biodiversity conservation
