The Open Gate Don Ian Smith,1989 *Meditations with Cows* Shreve Stockton,2022-02-08 An intimate memoir on the work and wonder of ranch life critiquing the inhumane and environmentally destructive factory farm system and offering sustainable alternatives for ethical omnivores Although there are nearly 100 million cattle in the United States these animals are often ignored or dismissed In *Meditations with Cows* Shreve Stockton inspires a more reverential attitude toward these affectionate and intelligent creatures as she shares captivating stories and photos of ranch life At the center of the narrative is Daisy the matriarch of the herd Through the daily ritual of milking Stockton forges a relationship with Daisy that deepens with each passing season When you have a milk cow you are together every day no matter the weather no matter either of your moods The hind leg of this twelve hundred pound animal towers over you as you crouch beside her both of you aware of the fact that one well aimed kick could kill you if she wished Yet you are allowed to rest your cheek and forehead against her warm belly as you milk her trust in you entwined with your trust in her you become family For anyone who loves animals or cares about the environmental impact of their food Stockton explores conservation and the important role of cattle in local ecosystems models the humane treatment of animals and shows how pastured cattle can be our allies in averting climate crisis Blending together narrative science and thoughtful reflection *Meditations with Cows* offers a moving portrait of the rhythms of work life and hardship on the ranch **Open Me the Gates, Meditations of a Convert** Barbara Dent,1963

Books in Print ,1991 Meditations on the Mysteries of Our Holy Faith Luis de la Puente,1853 Three Gates to Meditation Practices Rabbi David A. Cooper,2011-10-06 A spiritual memoir by the author of *God Is a Verb* This book is a treasure map but not like any you have seen before Most people believe that the object of a treasure hunt is to find a chest of gold The mystical approach however is that the search itself is the treasure Here is an invitation to begin an exploration of the treasure fields of your own mind the most exciting and rewarding adventure you will ever take from the Introduction Here is an insider s look at a spectrum of mystical traditions by someone who is remarkably fluent in the language of each Three Gates to Meditation Practice chronicles more than fifteen years in the spiritual journey of post denominational Rabbi David A Cooper and his wife Shoshana years that led the Coopers everywhere from a secluded mountain hut in New Mexico to the Sinai desert from chanting Sufi dhikr and meditation with Buddhist masters to studying Kabbalah and esoteric Judaism in the Old City of Jerusalem The Coopers story is an intimate account of what intensive spiritual practice is like with an ultimate message that is supremely inspiring The spiritual path is completely within our reach whoever we are whatever we do as long as we are willing to try **The Book of Consciousness** Dr. Bara H. Loveland,2011-01-19 The Book of Consciousness by Dr Bara H Loveland Have you ever wondered what Consciousness is or the mind the unconscious or Archetypes and Symbols how they work and how to define these Without arriving at the reach of Consciousness there are numerous books on consciousness there are conferences held and groups searching for consciousness with dictionaries

attempting to define it Why have they not found the ultimate definition of Consciousness to this day of the publication of The Book of Consciousness in January 2011 Could Bara s new book The Book of Consciousness hold the answer Can it deliver the ultimate in Consciousness There are many other questions which science has not positively answered yet Why is it that our brain cerebrum seat of the mind has to be calmed from 40 Hertz to 8 Hertz or less literally put to sleep in order to reach highest states of awareness although the cerebrum is supposed to be the seat of the world s highest intelligence Why is this seat of highest intelligence polluting the earth to the brink of dying of life Why is the unconscious called unconscious when it is able to construct meaningful dreams and is there a difference between an Archetype and a Symbol appearing in dreams and myths Could a neurosis not be a disease And what is it the mind really knows Profound contemplation of Consciousness must lead to further questions about the origins of Archetypes and Symbols about wisdom and similarities of ancient Stone Age Symbols East Indian and Egyptian scriptures Runes Mayan glyphs and biblical Symbols or world religions in general One may wonder why an Egyptian god is frequently named in Christian churches and is mentioned in both the Old and the New Testaments Is God He and could He exist Could there be a different world behind our visible one and could we have Bio Modulators to sense the other world What can we learn from a Germanic king Is it possible that we have more than five senses and how many diseases could naturally exist Can the DNA communicate and how many laws exist in the universe What is the meaning of certain Bible verses and what could have been the message Jesus gave the world on the cross Is New Age wisdom contained in the Bible and could it be that common science limits itself when excluding miracles it could perform with ease protecting the animals from harm Are there more levels of logic than one How could we realize or activate them What is the role our belief plays in our life and in science The Book of Consciousness begins where common science ends Be surprised by the innovative answers with some published about 30 years ago by this author Be captivated by the author s authentic new style by the insights humor and vivid experiences enjoy the 40 figures and tables as well as exercises to reach altered states of awareness naturally and at will May The Book of Consciousness raise into Oneness the conscious of all those who read its 640 pages may they be the igniters inspiring divine Oneness and Love in the perception of all Genre Specialty Books *Subject Guide to Books in Print* ,1975 **Dancing in the Dharma** Sandy Boucher,2006-06-01 Ruth Denison was one of the great innovators in the early years of Buddhism in the West In this portrait of her extraordinary life from a youth in Nazi dominated Germany to the center of the counterculture in the sixties and seventies Boucher captures Denison s distinctive voice and the journey of her remarkable spirit Divine Blueprints for Meditation Al Carlucci,2021-06-08 Divine Blueprints for Meditation by Al Carlucci _____ Mountain Home David Hinton,2014-10-10 The earliest and most extensive literary engagement with wilderness in human history Mountain Home is vital poetry that feels utterly contemporary China s tradition of rivers and mountains poetry stretches across millennia This is a plain spoken poetry of immediate day to day experience and yet seems most akin to China s grand landscape paintings Although its wisdom is

ancient rooted in Taoist and Zen thought the work feels utterly contemporary especially as rendered here in Hinton's rich and accessible translations *Mountain Home* collects poems from 5th through 13th century China and includes the poets Li Po Po Chu i and Tu Fu The rivers and mountains tradition covers a remarkable range of topics comic domestic scenes social protest travel sage recluses and mountain landscapes shaped into forms of enlightenment And within this range the poems articulate the experience of living as an organic part of the natural world and its processes In an age of global ecological disruption and mass extinction this tradition grows more urgently important every day *Mountain Home* offers poems that will charm and inform not just readers of poetry but also the large community of readers who are interested in environmental awareness
