Because geomancy uses a good deal of astrological technique it is an excellent predictive method for astrologers without requiring the arduous effort necessary to learn traditional horary astrology Greer combines teachings from traditional texts with his own deep knowledge of geomancy distilling the essence of geomancy A fascinating explanation of divinatory geomancy by the leading contemporary geomancer **Chinese Poetry and Prophecy** Michel Strickmann, Bernard Faure, 2005 This book argues that the most profound and far reaching effects of Buddhism on Chinese culture occurred at the level of practice specifically in religious rituals designed to cure people of disease demonic possession and bad luck This practice would leave its most lasting imprint on the liturgical tradition of Taoism In focusing on religious practice the book provides a corrective to traditional studies of Chinese religion which overemphasize metaphysics and spirituality
