The Oracle The Voice Of Visionary Poetry:

The Oracle Carmen Stevenson, 2001-10 *The Visionary Company* Harold Bloom, 1971 Discusses the works of William Blake William Wordsworth Samuel Taylor Coleridge George Gordon Lord Byron Percy Bysshe Shelley John Keats Thomas Lovell Beddoes John Clare George Darley and others **Anna Letitia Barbauld and Eighteenth-Century Visionary**

Poetics Daniel P. Watkins, 2012-04-16 In this first critical study of Anna Letitia Barbauld's major work Daniel P. Watkins reveals the singular purpose of Barbauld's visionary poems to recreate the world based on the values of liberty and justice Watkins examines in close detail both the form and content of Barbauld's Poems originally published in 1773 and revised and reissued in 1792 Along with careful readings of the poems that situate the works in their broader political historical and philosophical contexts Watkins explores the relevance of the introductory epigraphs and the importance of the poems placement throughout the volume Centering his study on Barbauld's effort to develop a visionary poetic stance Watkins argues that the deliberate arrangement of the poems creates a coherent portrayal of Barbauld's poetic political and social vision a far sighted sagacity born of her deep belief that the principles of love sympathy liberty and pacifism are necessary for a secure and meaningful human reality In tracing the contours of this effort Watkins examines in particular the tension in Barbauld's poetry between her desire to engage directly with the political realities of the world and her equally strong longing for a pastoral world of peace and prosperity Scholars of British literature and women writers will welcome this important study of one of the eighteenth century's foremost writers **The Problem of Consciousness in Modern Poetry**

Hugh Underhill, 1992-07-31 Modernist aesthetics have been identified with a sense of cultural crisis defined by its distance from an ideal of unified consciousness This original study examines the struggle toward that ideal of unitary subjective experience in modern British and Irish poetry from Hardy to Ted Hughes Hugh Underhill argues that the poetry's emphasis on inner states underrepresents the extent to which the crisis is in fact socio historically determined *Yeats Annual*

Richard J Finneran, 2016-07-27 *Artistic Capital* David Galenson, 2006-05-02 David Galenson's work on the history of art is a unique fusion of econometrics and cultural analysis that is unprecedented in the literature on creativity in any discipline whether economics psychology literary studies or art history *Northrop Frye and Critical Method* Robert D. Denham, 1978

The Buddhist Third Class Junkmail Oracle D.A. Levy, 1999-06-08 The Buddhist Third Class Junkmail Oracle collects d a levy's poetry his collages in both color and black and white and other examples of his art in a splendid large format celebration of levy's unique contribution A visual artist and an important figure in the concrete poetry movement levy was also an activist and mystic who either committed suicide or was murdered at the age of twenty six in East Cleveland This occurred after two and a half years of intense media coverage police harassment and court trials and just as he was starting to be recognized as one of the most important geniuses of his generation Edited with an investigative essay on Levy's life and mysterious death by Mike Golden *The Oracle*, 1983 *Poetry, Catastrophe, and Hope in the Vision of Isaiah* Francis

Landy,2023-06-21 The book of Isaiah is one of the longest and strangest books of the Hebrew Bible composed over several centuries and traversing the catastrophe that befell the two kingdoms of Israel and Judah in the 8th and 6th centuries BCE Francis Landy s book tells the story of the poetic response to catastrophe and the hope for a new and perfect world on the other side The study traces two parallel developments the displacement of the Davidic promise onto the Persian Empire Israel and the prophet himself and the transition from exclusively male images of the deity to the matching of male and female prototypes whereby YHWH takes the place of the warrior goddess Poetry Catastrophe and Hope in the Book of Isaiah consists of close readings of individual passages in Isaiah commencing with Chapter One and the problems of beginning and ending with Deutero Isaiah composed subsequent to the Babylonian exile The volume is arranged thematically as well as sequentially the first chapter following the introduction concerns gender the second death the third the Oracles about the Nations At the centre there is what Landy calls the constitutive enigma Isaiah s commission in his vision to speak so that people will not understand This renders the entire book potentially incomprehensible the more we try to understand it the greater the difficulty For Landy this creates a model of reading and writing the challenge and the risk of going up blind alleys of trying to make sense of a disastrous world Isaiah s commission pervades the book Throughout there is a promise of an age of clarity as well as social and political transformation which is always deferred beyond the horizon Hence it is a book without an ending or with multiple endings In the final chapters the author turns to the central Chapter Thirty Three a mise en abyme of the book and a prayer for deliverance and the issues of exile and the possibility of return Like every poetic work particularly in an era of cultural collapse it is a critique of the past and a hope for a new humanity **Essays on Poetry**

Ralph J. Mills,2003 Taken from throughout Mills s career the essays collected in this volume delve into the work of such influential writers as Wallace Stevens Denise Levertov Samuel Beckett Galway Kinnell Edith Sitwell Theodore Roethke Karl Shapiro Richard Wilbur Isabella Gardener James Wright David Ignatow Donald Hall Robert Bly Philip Levine and Stanley Kunitz Mills examines how the personal element informs the works of these writers and enables them to speak to us without impediment from the deep center of a personal engagement with existence **The Oxford Handbook of Religion in**

Modern Ireland ,2024-01-16 What does religion mean to modern Ireland and what is its recent social and political history The Oxford Handbook of Religion in Modern Ireland provides in depth analysis of the relationships between religion society politics and everyday life on the island of Ireland from 1800 to the twenty first century Taking a chronological and all island approach it explores the complex and changing role of religion both before and after partition The handbook s thirty two chapters address long standing historical and political debates about religion identity and politics including religion s contributions to division and violence They also offer perspectives on how religion interacts with education the media law gender and sexuality science literature and memory Whilst providing insight into how everyday religious practices have intersected with the institutional structures of Catholicism and Protestantism the book also examines the island s increasing

religious diversity including the rise of those with no religion Written by leading scholars in the field and emerging researchers with new perspectives this is an authoritative and up to date volume that offers a wide ranging and comprehensive survey of the enduring significance of religion on the island

Robert Browning: The Poems John Blades,2017-10-25 This stimulating study takes a fresh look at Browning s poetry and at some of the key themes that run through his work Part I uses carefully selected extracts for close textual analysis while Part II examines Browning s life contexts and a sample of criticism Using some of Browning s most widely studied poems this book will develop students close reading technique and help them to articulate their own responses to poetry The volume is an ideal introductory guide for A Level and undergraduate English Literature students or anyone studying Browning s poems for the first time

Blake and the Failure of Prophecy Lucy Cogan,2021-05-24 This monograph reorients discussion of Blake s prophetic mode revealing it to be not a system in any formal sense but a dynamic human response to an era of momentous historical change when the future Blake had foreseen and the reality he was faced with could not be reconciled At every stage Blake s writing confronts the central problem of all politically minded literature how texts can become action Yet he presents us with no single or indeed conclusive answer to this question and in this sense it can be said that he fails Blake however never stopped searching for a way that prophecy might be made to live up to its promise in the present The twentieth century hermeneuticist Paul Ricoeur shared with Blake a preoccupation with the relationship between time text and action Ricoeur s hermeneutics thus provide a fresh theoretical framework through which to analyse Blake s attempts to fulfil his prophetic purpose
