The Origin And Evolution Of The Priesthood:

The Origin and Evolution of the Priesthood. A Return to the Sources James A. Mohler (S.J.), Pious Society of St. Paul, 1970

The Origin and Evolution of the Priesthood James A. Mohler, 1976-06-01 [The Origin of Priesthood](#) Gunnar Landtman, 1905 **The Evolution of the Idea of God: an Inquiry Into the Origins of Religion** Grant Allen, 1908

Beyond Priests Paul Collins, 2025-02-18 Beyond Priests contends that the requirements of the clerical priesthood of the Catholic Church that all priests must be male and that all priests must be celibate is a gross distortion of scripture and the church's early history that must be changed. While the roots of the modern priesthood go back to the fourth century and even more remotely to the presbyters or elders who advised local bishops in the early church, the contemporary priestly model is very much the product of seventeenth century French reformers acting to apply a 1563 decree on the priesthood of the Council of Trent. The present day priestly model has increasingly become harmful even toxic not only to priests themselves but to the ministry and the Catholic community. Based on the historical analysis, Beyond Priests outlines a whole new way of approaching ministry and leadership that is in tune with contemporary needs, is inclusive of women and men, and is more authentically derived from the New Testament and the early church. *Priesthood* Leopold Sabourin (S. J.), 1973

Ministry in the Church 2nd Edition Paul Bernier, 2015-12-01 **Priesthood** Sabourin, 2018-08-14 **The Development of the High Priesthood during the pre-Hasmonean Period** Maria Brutti, 2021-11-29 This book deals with the Jewish High Priesthood between 301-152 BCE. The research was carried out as part of a doctoral thesis at the Pontifical Gregorian University. It is of a historical biblical theological nature. Historical in as much as it refers to a chronological period and to the historiographic sources, biblical and theological, because it questions a Biblical institution, its meaning and its religious function. The history of the High Priesthood is analysed on the basis of conflicting documents starting from the question of power and the autonomy of the high priests under the rule of the Ptolemies and the Seleucids. However, the historical reconstruction is strongly determined by the political ideology and theological vision of the available sources on this subject.

The Assault on Priesthood Lawrence B. Porter, 2012-07-20 The concept and institution of priesthood in the Catholic Church has been the subject of serious challenge not only since the time of the Protestant Reformation but also more recently from within the Catholic Church as the Second Vatican Council 1962-1965 and theologians afterward have reconsidered the place and function of priests in relation to both bishops and laity. In dialogue with those challenges and by means of research into Scripture and the theological tradition, patristic, medieval, and modern, the author of this book considers classic images of priests and priestly ministry as a way of recovering an understanding of the priesthood that is at once both biblically and theological sound. **The Diocesan Priest** David Bohr, 2009-07-01 In a robust and engaging manner, David Bohr offers us a thorough review and timely reanalysis of the Catholic diocesan priesthood. Biblical, historical, and sacramental voices dialogue with the relevant documents of the Second Vatican Council, other papal pronouncements,

and the perspectives of some of the major commentators on the state of the Catholic priesthood today Clergy and laity alike will find in BohrG s models of priestly ministry and the topics of consecration mission and celibacy a flash point reigniting the discussion of the past present and future of the Catholic diocesan priesthood **The New Larned History for Ready**
