the Religion, Laws, and Institutions of Greece and Rome Numa Denis Fustel de Coulanges, Willard Small, 2017-05-12 The Ancient City is Fustel de Coulanges superb investigation of life during classical antiquity a culture he felt rested and flourished upon religious observance This fascinating history offers the reader ideas of how day to day life in Ancient Rome and Greece was sustained for centuries Coulanges covers each major topic in sequence beginning with the crucial assertion that religion what was held classical life together This is swiftly followed by examples of customs and morals that defined interpersonal and familial life marriage adoption rights of property and assets to name but some Coulanges progresses to discuss the physical city How a town would grow in size what amenities and institutions would appear and how religion so greatly impacted the citizen s life Governance through edicts criminal and civil law and the ruling council of a given city is examined Latterly we hear the importance of the class system conflict between the lower classes or plebs and the nobility

**Shinto - The Ancient Religion of Japan** W. G. Aston, 2015-11-16 The present treatise has two objects It is intended primarily and chiefly as a repertory of the more significant facts of Shinto for the use of scientific students of religion It also comprises an outline theory of the origin and earlier stages of the development of religion prepared with special reference to the Shinto evidence The subject is treated from a positive not from a negative or agnostic standpoint Religion being regarded as a normal function not a disease of humanity This element of the work owes much to the continental scholars R. Ville Goblet d'Alviella and Pfleiderer

The Forging of Races Colin Kidd, 2006-09-07 This book revolutionises our understanding of race Building upon the insight that races are products of culture rather than biology Colin Kidd demonstrates that the Bible the key text in Western culture has left a vivid imprint on modern racial theories and prejudices Fixing his attention on the changing relationship between race and theology in the Protestant Atlantic world between 1600 and 2000 Kidd shows that while the Bible itself is colour blind its interpreters have imported racial significance into the scriptures Kidd s study probes the theological anxieties which lurked behind the confident facade of white racial supremacy in the age of empire and race slavery as well as the ways in which racist ideas left their mark upon new forms of religiosity This is essential reading for anyone interested in the histories of race or religion

*Routledge Handbook of Constitutional Law* Mark Tushnet, Thomas Fleiner, Cheryl Saunders, 2013-06-26 The Routledge Handbook of Constitutional Law is an advanced level reference work which surveys the current state of constitutional law Featuring new specially commissioned papers by a range of leading scholars from around the world it offers a comprehensive overview of the field as well as identifying promising avenues for future research The book presents the key issues in constitutional law thematically allowing for a truly comparative approach to the subject It also pays particular attention to constitutional design identifying and evaluating various solutions to the challenges involved in constitutional architecture The book is split into four parts for ease of reference Part One General issues sets issues of constitutional law firmly in context including topics such as the making of constitutions the impact of religion and culture on constitutions and the relationship between

international law and domestic constitutions Part Two Structures presents different approaches in regard to institutions or state organization and structural concepts such as emergency powers and electoral systems Part Three Rights covers the key rights often enshrined in constitutions Part Four New Challenges explores issues of importance such as migration and refugees sovereignty under pressure from globalization Supranational Organizations and their role in creating post conflict constitutions and new technological challenges Providing up to date and authoritative articles covering all the key aspects of constitutional law this reference work is essential reading for advanced students scholars and practitioners in the field
