

The Cold War: Contemporary European History

Topic: History | Words: 551 Pages: 2

The Cold War was a unique phenomenon that represented a fundamental political conflict on a global level. Researchers define the cold war as the state of extreme hostility between two states, with the extent of the confrontation bordering the state of war yet not reaching it fully (Bouwman 2). However, the situation observed in the 1970s-1990s in the highly conflicted relationships between the U.S. and the USSR can be considered the event that produced the concept of a cold war (Hansson 494). Though the Cold War is considered to be officially over due to the collapse of the USSR, the legacy of the strenuous relationships between the two states have defined the current relationships between the U.S. and Russia.

In the Cold War of the 1970s-1990, only two major countries were involved in the confrontation. Specifically, the U.S. and the USSR repeatedly failed to compromise and reconcile their differences in relation to their political stance and approach to economy (Hansson 494). The participation of both the U.S. and the USSR in the continuous competition that involved gaining military strength, technological and economic potential, and even the space race (Bouwman 4). Thus, while none of the parties sought to introduce military weapons into the equation and commence an unambiguous military conflict, the presence of profound antipathy in each participant toward the other was evident and quite easy to identify.

While pinpointing the exact event at which the tension between the U.S. and the USSR began to grow is quite complicated, there are ways to

The Origins Of The Cold War And Contemporary Europe

Charles S. Maier

The Origins Of The Cold War And Contemporary Europe:

The Origins of the Cold War and Contemporary Europe Charles S. Maier, 1978 The Origins of the Cold War in Europe David Reynolds, 1994-01-01 Although the Cold War is over the writing of its history has only just begun This book presents an analysis of the origins of the Cold War in the decade after the Second World War discussing the development of the United States and the Soviet Union as superpowers and the reactions of the Western European states to the growing Soviet American rivalry Drawing on recently opened archives from the former Soviet Union as well as on existing research largely unavailable in English distinguished authorities from each of the countries discussed provide new insight into the Cold War and into the Europe that has been molded by it The book begins with an overview of United States Cold War policy after the war and a pioneering post communist examination of Russian involvement The next chapters focus on the other two members of the wartime alliance Britain and France for which the Cold War was interwoven with concerns such as the maintenance of empire and the continued fear of Germany The book then examines the vanquished countries of World War II Italy and Germany who particularly in the case of divided Germany were struggling to recover their international status and come to terms with their past The last part of the book considers how the small states Benelux and Scandinavia forged new groupings in the search for security even though conflicts of national interest still persisted between them The authors not only show the impact of superpower policies on each country but also reveal the many ways in which West European states were active participants in Cold War politics trying to draw the Americans into Europe and shaping the blocs that emerged The book sheds light on the European Community in many ways a response to uneasiness about Germany and on NATO whose purpose was once described as keeping the Russians out the Americans in and the Germans down Visions of the End of the Cold War in Europe, 1945-1990 Frédéric Bozo, Marie-Pierre Rey, N. Piers Ludlow, Bernd Rother, 2012-03-01 Exploring the visions of the end of the Cold War that have been put forth since its inception until its actual ending this volume brings to the fore the reflections programmes and strategies that were intended to call into question the bipolar system and replace it with alternative approaches or concepts These visions were associated not only with prominent individuals organized groups and civil societies but were also connected to specific historical processes or events They ranged from actual thoroughly conceived programmes to more blurred utopian aspirations or simply the belief that the Cold War had already in effect come to an end Such visions reveal much about the contexts in which they were developed and shed light on crucial moments and phases of the Cold War **The Soviet Union and Europe in the Cold War, 1943-53** Francesca Gori, Silvio Pons, 1997-08-12 After the Cold War its history must be reassessed as the opening of Soviet archives allows a much fuller understanding of the Russian dimension These essays on the classic period of the Cold War 1945-53 use Soviet and Western sources to shed new light on Stalin's aims objectives and actions on Moscow's relations with both the Soviet Bloc and the West European Communist Parties and on the diplomatic relations of Britain France and Italy with the USSR The

government was able to follow established policies abroad and increasingly at home at least in part because British trade union leaders supported its attempts to prevent radicals and communists from coming to power in trade union movements inside Britain and throughout the world In so doing the trade union movement significantly extended its links with the state in particular by cooperating with it in the sphere of foreign and colonial labour policy **Cold War** Spencer C.

Tucker, Priscilla Roberts, 2007-09-10 The most comprehensive and up to date student reference on the Cold War offering expert coverage of all aspects of the conflict in a richly designed format fully illustrated to give students a vivid sense of life in all countries affected by the war ABC CLIO is proud to announce the latest addition to its widely acclaimed legacy of historical reference works for students Under the direction of internationally known expert Spencer Tucker Cold War A Student Encyclopedia captures the vast scope day to day drama and lasting impact of the Cold War more clearly and powerfully than any other student resource ever published Ranging from the end of the Second World War to the collapse of the Soviet Union Cold War A Student Encyclopedia offers vivid portrayals of leading individuals significant battles economic developments societal cultural events changes in military technology and major treaties and diplomatic agreements The nearly 1 100 entries plus topical essays and a documents volume draw heavily on recently opened Russian Eastern European and Chinese archives Enhanced by a rich program of maps and images it is a comprehensive current and accessible student reference on the dominant geopolitical phenomenon of the late 20th century **Cold War** James R. Arnold, Roberta

Wiener, 2012-01-16 The impact of the Cold War is still being felt around the world today This insightful single volume reference captures the events and personalities of the era while also inspiring critical thinking about this still controversial period Cold War The Essential Reference Guide is intended to introduce students to the tensions between the Soviet Union and the United States that dominated international affairs in the second half of the 20th century A comprehensive overview essay plus separate essays on the causes and consequences of the conflict will provide readers with the necessary context to understand the many facets of this complex era The guide's expert contributors cover all of the influential people and pivotal events of the period encompassing the United States the Soviet Union Europe Southeast Asia China the Middle East Latin America and Africa from political military and cultural perspectives Reference entries offer valuable insight into the leaders and conflicts that defined the Cold War while other essays promote critical thinking about controversial and significant Cold War topics including whether Ronald Reagan was responsible for ending the Cold War the impact of Sputnik on the Cold War and the significance of the Prague Spring **Eastern Europe in the Postwar World** NA NA, 2016-04-30 *Palgrave*

Advances in Cold War History Geraint Hughes, 2006-05-31 This innovative collection deals with the ideational cultural political and strategic aspects of the multifaceted Cold War Drawing on the work of numerous established scholars and experts this volume combines knowledge of the subject with key intellectual trends that have been developed over recent years A Companion to Europe Since 1945 Klaus Larres, 2014-01-07 A Companion to Europe Since 1945 provides a

stimulating guide to numerous important developments which have influenced the political economic social and cultural character of Europe during and since the Cold War Includes 22 original essays by an international team of expert scholars Examines the social intellectual economic cultural and political changes that took place throughout Europe in the Cold War and Post Cold War periods Discusses a wide range of topics including the Single Market European American relations family life and employment globalization consumption political parties European decolonization European identity security and defence policies and Europe's fight against international terrorism Presents Europe in a broad geographical conception to give equal weighting to developments in the Eastern and Western European states *Historical Dictionary of the Cold War* Joseph Smith, Simon Davis, 2017-03-15 Cold war was a term coined in 1945 by left leaning British writer George Orwell to predict how powers made unconquerable by having nuclear weapons would conduct future relations It was popularized in 1947 by American journalist Walter Lippmann amid mounting tensions between the erstwhile World War II Allies the capitalist democracies the United States of America and Britain versus the Soviet Union a communist dictatorship As the grand alliance of the Big Three they had defeated Nazi Germany its satellites and Japan in World War II but became rivals who split the world into an American led Western bloc and Soviet led Eastern bloc Both were secured from direct attack by arraying ever greater nuclear and conventional forces against the other while seeking global supremacy by other means The 45 year Cold War lasted until the Soviet Union collapsed between 1989 and 1991 This second edition of Historical Dictionary of the Cold War contains a chronology an introduction and an extensive bibliography The dictionary section has over 400 cross referenced entries on important personalities crucial countries and peripheral conflicts the increasingly lethal weapons systems and the various political and military strategies This book is an excellent resource for students researchers and anyone wanting to know more about this crucial period in history **The EEC's Yugoslav Policy in Cold War Europe, 1968-1980** Benedetto Zaccaria, 2016-06-09 The disintegration of Yugoslavia in the early 1990s is often described as the starting point of the EEC EU involvement in Western Balkan politics as if no political relations had developed between the EEC and Yugoslavia during the Cold War era Instead this book shows that the origin of EEC Yugoslav relations must be placed in the crucial decade of the 1970s Contrary to received opinion this work demonstrates that relations between the EEC and Yugoslavia were grounded on a strong political rationale which was closely linked to the evolution of the Cold War in Europe and the Mediterranean The main argument is that relations between the two parties were primarily influenced by the need to prevent the expansion of Soviet influence in the Balkans and to foster détente in Europe **Alan S. Milward and Contemporary European History** Fernando Guirao, Frances M.B. Lynch, 2015-10-14 Alan S Milward was a renowned historian of contemporary Europe In addition to his books as well as articles and chapters in edited books he also wrote nearly 250 book reviews and review articles some in French and German which were published in journals world wide Taken together they reveal a remarkable degree of theoretical consistency in his approach to understanding the history of Europe

since the French Revolution This book brings together these previously unexamined pieces of historical analysis in order to trace and shed light on key intellectual debates taking place in the second half of the 20th century Many of these discussions continue to influence us today such as the role of Germany in Europe the economic social and political foundations of European integration the European rescue of the nation state the reasons for launching the single currency the conditions for retaining the allegiance of European citizens to the notions of nation and supra nation and ultimately the issue of democratic governance in a global environment In bringing together these reviews and review articles the book provides an introduction to the main scholarly achievements of Milward in his own words Fernando Guirao and Frances M B Lynch provide an introduction to the volume which both guides the reader through many of the academic debates embedded within the text while underlining their contemporary relevance By introducing and bringing together this hitherto overlooked treasure trove of historical analysis this book maps a close itinerary of some of the most salient intellectual debates of the second half of the 20th century and beyond This unique volume will be of great interest to scholars of economic history European history and historiography

The Religious Roots of Contemporary European Identity Lucia Faltin, Melanie J. Wright, 2007-09-01

This volume provides a coherent critical examination of current issues related to the religious roots of contemporary i e post 1990 European identity by analyzing the components of contemporary European identity the presence of religion in the development of national identities manifestation of religious roots in secular society and the role of religion in further European integration and social inclusion The book involves a multi and interdisciplinary approach to the theme by bringing together scholars in history religious studies sociology cultural studies European studies and international relations This rigorously edited volume provides a coherent analysis of the religious roots of Europe s identity today with particular attention to the secular context of religious communities Europe is often perceived as secular by most of its citizens regardless of their creed Bearing this in mind the authors build upon their expertise in different fields of arts and humanities to identify some of the key elements of European religious heritage and its manifestation in Europe s identity be it secular or otherwise perceived The authors also indicate the role these elements play in further European integration With this focused approach the publication identifies a number of similarities across faiths and more holistically vis vis Europe This serves the readers to perceive their own identity in a wider context of shared values reaching beyond a particular faith or non religious framework

Decoding **The Origins Of The Cold War And Contemporary Europe**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
