Sir William Grant MacPherson

The Origins Of The Royal Australian Army Medical Corps:

The Origins of the Royal Australian Army Medical Corps Jacqueline Gurner,1970 *Little by Little* Michael Bernard Tyquin,Vivian Smith,2021 The remarkable story of the formation and achievements of the Australian Army Medical Corps from before Federation to the Vietnam War and beyond **Little by Little** ,2003 **Shadows on the Track** Jan McLeod,2019-01-05 At Templeton s Crossing in October 1942 Private Nick Kennedy paused to write in his diary One wonders why all this strife should be these men in the prime of their life cut down like flowers As a young nursing orderly serving with the 2 4th Australian Field Ambulance Kennedy was unenviably well placed to reflect on the futility of war The Australian Army was woefully unprepared to fight a medical war in Papua and the soldiers paid the price Almost 30 000 soldiers suffered from illness and tropical diseases and an estimated 6000 were killed or wounded during the six month campaign These statistics have traditionally been represented as unavoidable consequences of fighting a war in a place such as Papua This book disputes that narrative Death and disease were inevitable outcomes but the scale of the suffering was not The medical challenges presented in Papua were extreme they were not insurmountable *Shadows on the Track* considers a wide range of issues that impacted on the health of the Australian soldiers before during and after the Papuan campaign was fought and won The strengths successes shortcomings and failures of the medical campaign are identified analysed and evaluated The focus on the front line medical personnel the men of the field ambulance units brings a new perspective to the battles of the Kokoda Track Milne Bay and the Beachheads Shining a light on these Australians who tended the sick mended the wounded and buried the dead in Papua makes stepping out of the shadows a little easier *National Library of Medicine Current Catalog* National Library of Medicine (U.S.),1971 First multi year cumulation covers six years 1965 70 **The Australian Army Medical Corps in Egypt** Sir James William Barrett,P. E. Deane,1918 **All the Broken Soldiers** Jan McLeod,Andrew McLeod,2022-11-03 This is the story of a soldier without a gun It is personal yet universal It is the story of what is left behind when the battles have been fought and the war has moved on To the Australian Army Private Lawrence Nicholas Kennedy was NX21854 a soldier who served for 1907 days with the 2 4th Australian Army Field Ambulance in Australia the Middle East the Kokoda Track and New Guinea during World War II With older brother Bill by his side the Kennedy boys experienced the adventure and the joy the loss and the despair of war like too many others before and since To those who knew Nick Kennedy after the war he was a dedicated and professional psychiatric nurse To the author he was her gentle Uncle Nick remembered as a kind funny and generous man who seemed older than his years The small diary he kept during World War II helped her understand why that was so Kennedy s words and photographs tell the harrowing and compelling story of one young man who went to war not to kill the enemy but to save his fellow soldiers only to return home forever changed by the challenges hardships and tragedy he experienced *All the Broken Soldiers* provides a rare insight into an aspect of war fought by soldiers equipped with little more than a basic medical kit and a Red Cross armband those who

cared for the broken soldiers that war leaves behind **Bibliography of the History of Medicine** ,1984 *Official Year Book of the Commonwealth of Australia No. 42 - 1956* , **A Photographic History of Amphibious Warfare 1939-1945** Simon Forty,Jonathan Forty,2023-04-06 contains a plethora of after action reports diagrams and text which makes the work a thorough and engaging study of amphibious landings during the war WWII History Magazine Amphibious operations have always been an important element of warfare but they reached their climax during the Second World War when they were carried out on a large scale in every theater of the conflict That is why this wide ranging highly illustrated history of amphibious warfare 1939 1945 by Simon and Jonathan Forty is of such value Their book gives graphic accounts of the main amphibious assaults launched by the major combatants in particular the British American German and Japanese not just large scale landings like those in North Africa Normandy the Philippines and Okinawa but also raids such as Dieppe and St Nazaire and evacuations like Dunkirk and Kerch The rapid development of amphibious tactics and equipment is an essential element of the story as are the vital roles played by the navies air forces armies and special forces in each complex combined operation There is also a section on amphibious operations that were planned but didn't happen such as the German invasion of Britain and the Italian and German operation against Malta **The Routledge History of the Second World War** Paul R. Bartrop,2021-11-08 The Routledge History of the Second World War sums up the latest trends in the scholarship of that conflict covering a range of major themes and issues The book delivers a thematic analysis of the many ways in which study of the Second World War can take place considering international transnational and global approaches and serves as a major jumping off point for further research into the specific fields covered by each of the expert authors It demonstrates the global and total nature of the Second World War giving due coverage to the conflict in all major theatres and through the lens of the key combatants and neutrals examines issues of race gender ideology and society during the war and functions as a textbook to educate students as to the trends that have taken place in how the conflict has been and can be interpreted in the modern world Divided into twelve parts that cover central themes of the conflict including theatres of war leadership societies occupation secrecy and legacies it enables those with no memory of war to approach it with a view to comprehending what it was all about and places the history of this conflict into a context that is international transnational and institutional This is a comprehensive and accessible reference volume for anyone interested in the most up to date scholarship on this major conflict Chapter 18 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com> *Official Year Book of the Commonwealth of Australia No. 39 - 1953* , *Prostitution, Race, and Politics* Philippa Levine,2003 Publisher description

A History of War Surgery John Wright,2011-04-15 The story of the men and women who throughout history have pitted themselves against the destruction caused in battle **Official Year Book of the Commonwealth of Australia No. 41 - 1955** , *A Military History of Victoria, Australia 1803-1945* Bob Marmion,Andrew Dagg,2024-02-06 This is a case study of

possibly the most complex defensive system in Australia between 1803 and 1945 Defending Victoria was such a wide ranging and demanding task that the colony and later the state of Victoria was known as the Gibraltar of the South This book fills a major gap in Australian military and naval history Using Victoria as a case study the book shows how defence developed from the idea of a basic sand fort emanating from a fear of French invasion during the early 19th century into a complex modern three dimensional defensive system incorporating air land and sea defences as well as radar and secret defence technology by the 1940s The book is not a simple narration of facts and events but a substantial addition to Australian military history on account of its extensive analysis of the political social economic and technological factors which impacted defence over many decades of the 19th century Official Year Book of the Commonwealth of Australia No. 40 - 1954 , **Medical Services, General History** Sir William Grant MacPherson,1924 **The Limits of Peacekeeping: Volume 4, The Official History of Australian Peacekeeping, Humanitarian and Post-Cold War Operations** Jean Bou,Bob Breen,David Horner,Garth Pratten,Miesje de Vogel,2018-10-10 The Limits of Peacekeeping highlights the Australian government s peacekeeping efforts in Africa and the Americas from 1992 to 2005 Changing world power structures and increased international cooperation saw a boom in Australia s peacekeeping operations between 1991 and 1995 The initial optimism of this period proved to be misplaced as the limits of the United Nations and the international community to resolve deep seated problems became clear There were also limits on how many missions a middle sized country like Australia could support Restricted by the size of the armed forces and financial and geographic constraints peacekeeping was always a secondary task to ensuring the defence of Australia Faith in the effectiveness of peacekeeping reduced significantly and the election of the Howard Coalition Government in 1996 confined peacekeeping missions to the near region from 1996 2001 This volume is an authoritative and compelling history of Australia s changing attitudes towards peacekeeping **Invisible Scars** Meghan Fitzpatrick,2017-07-25 The Korean War 1950 53 was a ferocious and brutal conflict that produced over four million casualties in the span of three short years Despite this it remains relatively absent from most accounts of mental health and war trauma Invisible Scars provides the first extended exploration of Commonwealth Division psychiatry during the Korean War and examines the psychiatric care systems in place for the thousands of soldiers who fought in that conflict Fitzpatrick demonstrates that although Commonwealth forces were generally successful in returning psychologically traumatized servicemen to duty and fostering good morale they failed to compensate or support in a meaningful way veterans returning to civilian life This book offers an intimate look into the history of psychological trauma In addition it engages with current disability pensions and compensation issues that remain hotly contested and reflects on the power of commemoration in the healing process
