The Orphans Disguise:

The Orphan in Eighteenth-Century Law and Literature Cheryl L. Nixon, 2016-02-17 Cheryl Nixon's book is the first to connect the eighteenth century fictional orphan and factual orphan emphasizing the legal concepts of estate blood and body. Examining novels by authors such as Eliza Haywood, Tobias Smollett, and Elizabeth Inchbald, and referencing never before analyzed case records, Nixon reconstructs the narratives of real orphans in the British parliamentary equity and common law courts and compares them to the narratives of fictional orphans. The orphan's uncertain economic, familial, and bodily status creates opportunities to plot his or her future according to new ideologies of the social individual. Nixon demonstrates that the orphan encourages both fact and fiction to re-imagine structures of estate, property, and inheritance, blood, familial origins, and marriage, and body, gender, and class mobility. Whereas studies of the orphan typically emphasize the poor urban foundling, Nixon focuses on the orphaned heir or heiress and his or her need to be situated in a domestic space. Arguing that the eighteenth century constructs the valued orphan, Nixon shows how the wealthy orphan became associated with new understandings of the individual. New archival research encompassing print and manuscript records from Parliament, Chancery, Exchequer, and King's Bench demonstrate the law's interest in the propertied orphan. The novel uses this figure to question the formulaic structures of narrative sub-genres such as the picaresque and romance, and ultimately encourage the hybridization of such plots. As Nixon traces the orphan's contribution to the developing novel and developing ideology of the individual, she shows how the orphan creates factual and fictional understandings of class, family, and gender.

Angela, the Orphan Angela (fict. name.), 1841 **The Orphan of China; a Tragedy [in Five Acts and in Verse]**. Arthur Murphy, 1759 **The Orphan of China ... As Performed at the Theatre-Royal, Drury-Lane** Arthur Murphy, 1797 *The Orphan* Audrey Punnett, 2014-06-21

The Orphan A Journey to Wholeness addresses loneliness and the feeling of being alone in the world, two distinct characteristics that mark the life of an orphan. Regardless if we have grown up with or without parents, we are all too likely to meet such experiences in ourselves and in our daily encounters with others. With numerous case examples, Dr. Punnett describes how loneliness and the feeling of being alone tend to be repeated in later relationships and may eventually lead to states of anxiety and depression. The main purpose of this book is not to just stay within the context of the literal orphan but also to explore its symbolic dimensions in order to provide meaning to the diverse experiences of feeling alone in the world. In accepting the orphan within, we begin to take responsibility for our own unique life journey, a privileged journey in which one can at some point in time say with pride, "I am an orphan."

Venice preserved* Thomas Otway, 1728 **The Orphan, Etc** Thomas Otway, 1807 [China's Hidden Children](#) Kay Ann Johnson, 2016-03-21

During the 1990s and early 2000s, China became the world's largest supplier of healthy, predominantly female children for international adoption, a

veritable diaspora of 120 000 girls We in the west have come to believe that this situation was the result of China's One Child Policy combined with a traditional Chinese cultural disdain for females and for adopting outside family bloodlines While there is one truth in this account it does not nearly tell the whole story Kay Ann Johnson should know For the last twenty five years she has been one of the few scholars who has done research on child abandonment and local adoption in China itself She is also the mother of an adopted Chinese daughter Her book paints a startlingly different picture For Chinese parents giving up their daughters is fraught with grief and remorse Were it not for the punishments and threats of birth planning campaigns they would have kept and raised the girls they gave birth to regardless of how many daughters they had Johnson presents parents stories about why and how they relinquished a second or third daughter in an often desperate effort to hide her birth from authorities to avoid punishment including the threat of mandatory sterilization As the Chinese government cracked down and increased its surveillance the methods of relinquishing one child changed from adopting out a child to a known daughterless family among friends or extended kin to secret abandonments at carefully chosen doorsteps of likely potential adopters then finally to outright abandonment in public places In the 21st century the so called abandoned children of China have become stolen children Declining fertility rates and increased seizures of illegally but locally adopted children have made the dwindling numbers of relinquished children more vulnerable to increasing interregional child trafficking for official and unofficial adoption Ironically childless Chinese couples no longer can readily find healthy young children locally to adopt Ultimately Johnson argues that birth planning policies and restrictive adoption regulations including the perverse incentives these policies create help drive current patterns of child trafficking and make its eradication difficult if not impossible
