The Other Side Of Normal:

The Other Side of Normal F. Michael Horn, 2002-05-28 This work is an outgrowth of two profound life experiences One took place in graduate school preparing for a career as a clinical psychologist One professor well into middle age began pontificating on homosexuality Without hesitation he made a pronouncement which was delivered as the final immutable truth on the subject Men do NOT love one another It was delivered with a finality of conviction of ultimate judgment I wondered how he knew how he could be so sure what had given him the right to speak so authoritatively on a matter he in all likelihood had never experienced nor ever would It struck me as the ultimate arrogance That was 1980 The second experience was the ever popular enquiry What do homosexuals do with each other This question is rarely one of innocent curiosity but rather one of disbelief incredulity distaste disgust even thinly disguised contempt Both these early experiences impressed me as a powerful negation of our core essence as gay men in the world It seemed incredible that who we are should be dismissed with a wave of the hand as if the gay experience is of no consequence whatsoever a mere pock mark on otherwise unblemished skin Even nineteenth century Victorians were never so cavalier about hetero sexuality Few if any of us growing up in heterosexual society avoid the experience of being wholly dismissed in this way as if our very existence is irrelevant perhaps should never have been This is profoundly corrosive of our core sense of human integrity An ineradicable message is implanted that of deviate defective unworthy condemned This unavoidably etches a deep experience of shame within us all Over the years with maturity we slowly come to terms with who we are always at a price What do homosexuals do with each other The fulcrum of the question is on the do ing It completely ignores the be ing what does a gay man feel about men How are such feelings distinct from those felt by heterosexual men for other men The feelings we hold for one another are rarely of concern to the hetero It just doesn't get asked Curiosity stops here It seems a discussion that prefers to be shunned Bringing it up evokes fear and discomfort and embarrassment even shame We are cued into silence It is a silence which intrudes into our shared moments of intimacy with other men Unaware of our shame we prefer instead to utter the body language of sex giving voice to the feeling within through the do ing Sex often serves an unwitting purpose of helping us avoid our feelings What we take to bed with us is the commonplace heterosexual male model of using sex to spare us the whole range in feelings which naturally arise with intimacy between human beings In their case however the female presence helps balance out this inclination Healthy women are active seekers of intimacy and feeling expression As gay men we are required to find this balance within ourselves It wasn't so very long ago that not only did we not have the right to have sex with one another we didn't even have the right to be in one another's company Meeting one another socially in public places or private gathering was fraught with risk In almost any gay bar or restaurant entrapment by the vice squad was a very real threat The accusation was tantamount to the conviction particularly as to employers authority figures parents family community This was a de facto suspension of civil rights freedom of assembly freedom of association freedom from

harassment threat coercion intimidation habeas corpus rights to privacy and so on Our lives were dismissed out of hand Like the Jews in 1940 s Europe our very existence was taken from us Like theirs our very livelihood was at stake We were relegated to the fringes of society forced to live in shame and in secrecy Certainly this did not provide a conducive atmosphere for

The Other Side of the Ocean J.D. Netto,2025-06-17 Inspired by true events a thoughtful timely and emotionally compelling story about coming of age coming out and coming into your own So much of who I was had to be hidden I wondered how it would feel to let that part of me be on full display Maybe I d be given the chance to feel To forget Or even to breathe For most sixteen year olds life is all about friends fun and family But for Matt

Franco it's different. Because Matt and his family are undocumented immigrants like many other Brazilian emigres in his town. And that means he can't get a job, he can't get a driver's license, and as for college, get real. But Matt is also carrying a burden much closer to his own heart. Matt is gay. And right now he's the only one who knows it. But that changes when handsome, kind-eyed, and charming transfer student James Alberte walks into class. Because James isn't just some queer teen crush. He's everything Matt could ask for, and it's James' love, strength, and support that helps Matt finally come out to the world. Unfortunately, love doesn't necessarily make Matt's situation any easier. He's still stranded by his immigrant status with a future that seems headed for a dead end. And if he's ever going to be happy, Matt will have to decide what he wants, where he's headed, and who he is at heart. It won't be simple, and it certainly won't be easy. But when it comes to life, love, and everything in between, what is?

The author of *The Whispers of the Fallen* and *Henderbell* series offers a moving, heartfelt story perfect for fans of Adam Silvera's *More Happy Than Not*. *Praise for The Other Side of the Ocean*: This novel is brilliantly executed, threaded through with linguistic gems and deeply rooted in both Brazilian culture and the mind of a teenage boy. Heartfelt and authentically grounded, a must-read. Kirkus Starred Review. Drawing from events in his own life, Netto infuses the narrative with heartbreaking realism. While primarily a romance, this novel's observations on immigration and citizenship seem more relevant and realistic with each passing day. Recommend to readers searching for realistic LGBTQ romance novels and fans of Jenny Torres Sanchez's *We Are Not From Here*. 2020 Booklist Starred Review. J. D. Netto's timely and illuminating story captures the longing, joy, and heartache of being young, an immigrant, undocumented, queer, and in love. Alex Sanchez, LAMBDA Award-winning author of *Rainbow Boys* and *You Brought Me the Ocean*. A deeply moving story that sheds light on the reality of so many undocumented teenagers in America. Sasha Alsberg, 1 NYT Bestselling Author of *The Androma Saga* and *Breaking Time* duology.

The Other Side of Nowhere Murray Leinster, 2019-08-01. The RIM STAR seemed to be an ordinary enough spaceship bound for the planet Handel on a routine mission. Then young Braden, a merchant space officer, discovered that there was something all wrong about the RIM STAR. The captain was wrong, the crew mutinous, and there was even something going on with the passengers. The ship was in deadly danger. For centuries, space travelers had dreaded a place they called the Other Side of Nowhere, a place in the universe where up was down, where right was wrong, and where all direction was lost. To save the RIM STAR, Braden had to bring the ship to that place of nightmare.

Proceedings of the Illinois Conference on Public Welfare, 1897. *Windows into the Earth* Robert B. Smith, Lee J. Siegel, 2000-05-25. Millions of years ago, the North American continent was dragged over the world's largest continental hotspot, a huge column of hot and molten rock rising from the Earth's interior that traced a 50-mile-wide, 500-mile-long path northeastward across Idaho. Generating cataclysmic volcanic eruptions and large earthquakes, the hotspot helped lift the Yellowstone Plateau to more than 7,000 feet and pushed the northern Rockies to new heights. Smith and Siegel bring to life the grandeur of these geologic phenomena as they reveal the forces that have shaped and continue to shape the greater Yellowstone-Teton region.
