D'Arcy, 2021-12-30 Originally published in 1958 and authored by one of the foremost liberal Catholic theologians of the 20th Century this book recognizes the need for a greater unity of understanding among all faiths and explores these common grounds with insight and sympathy bringing to Catholics and non Catholics alike a full measure of the author's inspiration and judgement **The Meeting of Love and Knowledge** Martin Cyril D'Arcy, 1958 **The Meeting of Love and Knowledge** Martin Cyril d' Arcy (S.J., Le P.), 1958 **Flannery O'Connor's Library** Arthur F. Kinney, 2007-01-01 More than just a bibliography this catalog of Flannery O'Connor's library is an invitation to better understand the ideas passions and prejudices of the extraordinarily observant and creative author of *Wise Blood* and *The Violent Bear It Away* Noting all the passages O'Connor marked in her books transcribing many of the passages and showing all references to specific books in O'Connor's published letters and book reviews Arthur F. Kinney gives readers the opportunity to hear the intellectual dialogue between O'Connor and the authors of the books in her library authors as diverse as Carl Jung Henry James and Nathaniel Hawthorne A rich assembly of books on philosophy theology literature literary criticism and other subjects O'Connor's personal library was collected while she lived at the family farmhouse near Milledgeville Georgia Now housed at Georgia College and State University it shows signs of her frequent use Passages that aroused such emotions as joy wrath and mockery are marked with her stars checks numbers and often more extensive comments Providing a general intellectual context for understanding O'Connor's work the markings and notations offer in some cases a direct guide to specific facets of her work Helpful to anyone seeking to understand O'Connor Flannery O'Connor's Library will prove indispensable to future study and criticism of one of the most complex and elusive twentieth century American writers Dictionary of Twentieth-Century British Philosophers Stuart Brown, 2005-06-01 This is a two volume work with entries on individuals who made some contribution to philosophy in the period 1900 to 1960 or soon after The entries deal with the whole philosophical work of an individual or in the case of philosophers still living their whole work to date Typically the individuals included have been born by 1935 and by now have made their main contributions Contributions to the subject typically take the form of books or journal articles but influential teachers and people otherwise important in the world of philosophy may also be included The dictionary includes amateurs as well as professional philosophers and where appropriate thinkers whose main discipline was outside philosophy There are special problems about the term British in the twentieth century partly because of human migration partly because of decolonialization and the changing denotation of the term The intention has been to include not only those who were British subjects at least for a significant part of their lives even if they mostly lived outside what is now the U.K. but also people who spent a significant part of their lives in Britain itself irrespective of their nationality or country of origin In the first category are included for instance a number of people who were born and educated in Britain
