Saleh,2013-07-17 While the Islamic Republic has employed various strategies to mitigate the worst excesses of inter ethnic tension while still securing a Shi a dominated Persian hegemony the systematic neglect of ethnic groups by both the Islamic Republic and its predecessor regime has resulted in the politicization of ethnic identity in Iran Taking Penguins to the Movies Emil Drahtser,1998 Drahtser uses humor as a means of understanding the attitudes and customs beliefs and idiosyncrasies and inter and intra group relationships of this multinational society In analyzing the jokes he seeks to determine what makes them funny why certain groups are targeted and even why a mediocre joke can be received with great enthusiasm Iran Michael M. J. Fischer,2003-07-15 Unlike much of the instant analysis that appeared at the time of the Iranian revolution Iran From Religious Dispute to Revolution is based upon extensive fieldwork carried out in Iran Michael M J Fischer draws upon his rich experience with the mullahs and their students in the holy city of Qum composing a picture of Iranian society from the inside the lives of ordinary people the way that each class interprets Islam and the role of religion and religious education in the culture Fischer s book with its new introduction updating arguments for the post Revolutionary period brings a dynamic view of a society undergoing metamorphosis which remains fundamental to understanding Iranian society in the early twenty first century **Paperbound Books in Print** ,1983 *After the Fall of Heaven* Kioumars Sahebpanah,2022-01-14 Throughout life you stand at many crossroads where you have to make a choice you have to go left or right For the most part one convinces oneself that the choices one makes and the decisions one makes are made on the basis of rational and sensible considerations but often it is our emotions that ultimately make the difference Other times it is some external circumstances or coincidences that determine whether one is going to follow the path to the left or to the right For most people it doesn t matter much which way they follow most get where they want to go perhaps with a few knubs but rarely life threatening In this book we follow a little Iranian boy Kioumars from the age of four until he as a middle aged man writes his memoirs as a Danish citizen in a suburb of Copenhagen For him conscious choices coincidences or external

circumstances have several times meant life or death or vastly different life courses The book takes us to a newly built neighborhood in Tehran where we follow family life closely for better and worse described with a lovely sense of humor After the revolution Kioumars flees and the trip through the mountains to the Turkish border and the wait in Turkey is nerve wracking The final destination is Denmark where he encounters a very different culture in a welfare society that surprises him and presents challenges In the book Kioumars looks back on his life and on all the crossroads he has stood by Several times coincidences have saved his life coincidences also led him to Denmark and not to the United States which was originally his great wish not wanting to participate in the Iraq War was a conscious choice and led to the escape and later it was external circumstances that changed Kioumars s life radically as he did not flee but moved from Iran to Denmark The book is written humorously and unsentimentally but is still experienced as a heartbreaking tale of being a refugee and leaving his homeland and settling into a new culture
