*Pregnancy, Childbirth, and the Newborn* Parent Trust for Washington Children, Penny Simkin, Janet Whalley, Ann Keppler, Janelle Durham, April Bolding, 2016-03-29

**Our Bodies, Ourselves: Pregnancy and Birth** Boston Women's Health Book Collective, Judy Norsigian, 2008-03-04 The trusted editors of *Our Bodies Ourselves* called a feminist classic by The New York Times present a comprehensive guide to pregnancy and childbirth from prenatal care and emotional well being to how to handle the pain of childbirth Pregnancy and birth are as ordinary and extraordinary as breathing thinking or loving But as soon as you announce you're expecting you may be bombarded with advice from every angle well meaning friends relatives medical professionals even strangers want to weigh in on what you should or shouldn't do and it's easy to feel overwhelmed by their conflicting recommendations *Our Bodies Ourselves: Pregnancy and Birth* will help you sort fact from fiction giving you the most accurate research up to date information and the firsthand experiences of numerous women who have been exactly where you are today You'll get the tools you need to take care of yourself and your baby during and after your pregnancy from tips on eating well during pregnancy to strategies for coping with stress and depression Learn everything you need to know about Choosing a good health care provider Selecting a place of birth Understanding prenatal testing Coping with labor pain Speeding your physical recovery Adjusting to life as a new mother *Our Bodies Ourselves: Pregnancy and Birth* is an essential resource for women that will guide you through the many decisions ahead

**Natural** Alan Levinovitz, 2020-04-07 Illuminates the far reaching harms of believing that natural means good from misinformation about health choices to justifications for sexism racism and flawed economic policies People love what's natural it's the best way to eat the best way to parent even the best way to act naturally just as nature intended Appeals to the wisdom of nature are among the most powerful arguments in the history of human thought Yet Nature with a capital N and natural goodness are not objective or scientific In this groundbreaking book scholar of religion Alan Levinovitz demonstrates that these beliefs are actually religious and highlights the many dangers of substituting simple myths for complicated realities It may not seem like a problem when it comes to paying a premium for organic food But what about condemnations of unnatural sexual activity The guilt that attends not having a natural birth Economic deregulation justified

by the inherent goodness of natural markets In Natural readers embark on an epic journey from Peruvian rainforests to the backcountry in Yellowstone Park from a natural bodybuilding competition to a natural cancer curing clinic The result is an essential new perspective that shatters faith in Nature s goodness and points to a better alternative We can love nature without worshipping it and we can work toward a better world with humility and dialogue rather than taboos and zealotry

Preconception: Improve Your Health and Enhance Fertility Penny Simkin, Janet Whalley, Ann Keppler, Janelle

Durham, April Bolding, 2016-03-29 Pregnancy Childbirth and the Newborn is one of the bestselling and most comprehensive books about pregnancy childbirth and newborn care on the market Now completely updated expanded and redesigned this authoritative book is the bible for expectant parents and childbirth educators Here is a free sample chapter for you In this chapter Preconception Improve Your Health and Enhance Fertility you ll learn about Emotional wellness Health Health care Hazards Enhancing fertility and the odds of conception Concerns about infertility Planning ahead maternity care choices If you like this sample chapter look for Pregnancy Childbirth and the Newborn The Award Winning Resource Recommended by Experts Loved by Parents Parents love this book because it puts them in control by explaining a wide range of options information and questions to ask so parents can find what works best for their health situation personal goals and priorities Experts love this book because it s based on the latest medical research and recommendations from leading health organizations It s practical rooted in the real life experiences of new families The five authors bring a combined total of 150 years of experience working with expectant and new families as educators nurses counselors doulas physical therapists and lactation consultants They have attended hundreds of births heard thousands of birth stories and assisted innumerable new parents in adapting to their new lives Not only that the authors have a combined total of 12 children and 12 grandchildren All of this experience allows them to write with compassion understanding and wisdom based on what really works in the real world of parenting The companion website offers even more details on select subjects including lists of all the best resources on each topic and worksheets to guide parents decision making process The website also includes a bonus chapter on pre conception which provides ways to improve your health and fertility before pregnancy begins The Womanly Art of Breastfeeding La Leche League International, 2010-07-13 The revised go to resource on breastfeeding that mothers have relied on for generations La Leche League has for many years set the standard for supporting families in the art of breastfeeding This new edition brings that support to today s parents with up to date information new illustrations and stories from mothers fathers and grandparents around the world sharing their own experiences What s inside Why breastfeeding matters Getting started feeding cues and nursing positions Life with your breastfed baby Managing common challenges new research Going back to work expressing and storing your milk Sleep and how to get more of it starting family foods and weaning La Leche League is here to help you meet your breastfeeding goals whether you re planning to breastfeed for a few weeks or a few years This book puts information at your fingertips ready to help you when you need support at any

point on your breastfeeding journey      *Lamaze* Paula A. Michaels,2014-02-20 The Lamaze method is virtually synonymous with natural childbirth in America In the 1970s taking Lamaze classes was a common rite of passage to parenthood The conscious relaxation and patterned breathing techniques touted as a natural and empowering path to the alleviation of pain in childbirth resonated with the feminist and countercultural values of the era In Lamaze historian Paula A Michaels tells the surprising story of the Lamaze method from its origins in the Soviet Union in the 1940s to its popularization in France in the 1950s and then to its heyday in the 1960s and 1970s in the US Michaels shows how for different reasons in disparate national contexts this technique for managing the pain of childbirth without resort to drugs found a following The Soviet government embraced this method as a panacea to childbirth pain in the face of the material shortages that followed World War II Heated and sometimes ideologically inflected debates surrounded the Lamaze method as it moved from East to West amid the Cold War Physicians in France sympathetic to the communist cause helped to export it across the Iron Curtain but politics alone fails to explain why French women embraced this approach Arriving on American shores around 1960 the Lamaze method took on new meanings Initially it offered a path to a safer and more satisfying birth experience but overtly political considerations came to the fore once again as feminists appropriated it as a way to resist the patriarchal authority of male obstetricians Drawing on a wealth of archival evidence Michaels pieces together this complex and fascinating story at the crossroads of the history of politics medicine and women The story of Lamaze illuminates the many contentious issues that swirl around birthing practices in America and Europe Brimming with insight Michaels engaging history offers an instructive intervention in the debate about how to achieve humane empowering and safe maternity care for all women
