*The Official Ronald Wilson Reagan Quote Book* Ronald Reagan, 1980      *The A to Z of the Reagan-Bush Era* Richard S. Conley, 2009-09-28 The 1980s and early 1990s were remarkable for the triumph of conservatism in the United States and its closest allies The victories of Presidents Ronald Reagan and George H W Bush in the United States were complemented by the electoral successes of Margaret Thatcher in the United Kingdom and Brian Mulroney in Canada The relationship between Reagan and Bush and their conservative counterparts was particularly important in providing a united front on foreign policy whether the target was the Soviet Union Communist insurgencies in Africa or Latin America or Iraqi dictator Saddam Hussein The Reagan Bush era witnessed some of the most dramatic events of the latter half of the 20th century the collapse of the Soviet Union a presidential assassination attempt political scandal a stock market crash military invasions and the explosion of the space shuttle Challenger The A to Z of the Reagan Bush Era relates these events and provides extensive political economic and social background on this era through a detailed chronology an introduction appendixes a bibliography and several hundred cross referenced dictionary entries on important persons events institutions policies and issues      **Treasury of Presidential Quotations** William J. Federer, 2004 Handsomely displayed quotations in an easy to read format this inspiring collection contains quotations from every U S President from George Washington to George W Bush drawn from various addresses memoirs proclamations correspondence and other sources      [Ronald Reagan: Quotes and Quips](#) David Stanford Burr, 2015-10-09 Enjoy this collection of Reagan s greatest stories quotes and jokes from his presidency Perfect for any fan of politics or great presidents      *Historical Dictionary of the Reagan-Bush Era* Richard S. Conley, 2017-03-09 From the vantage point of the 2016 presidential election and the deepening polarization of American politics in recent decades it is striking how much more distant the Reagan Bush era of the 1980s and early 1990s seems compared to the years that have actually passed Whither the Republican Party of yesteryear Like reincarnated characters from Samuel Beckett s classic play Waiting for Godot many disillusioned conservatives in the new millennium continue to search obdurately and in vain for a leader who embodies the acclaimed leadership traits of Ronald Reagan This second edition of Historical Dictionary of the Reagan Bush Era contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations events institutions policies and issues This book is an excellent resource for students researchers and anyone wanting to know more about this era      **The Great Brain Suck** Eugene Halton, 2008-11-15 More and more information is pumped into our media saturated world every day yet Americans seem to know less and less In a society where who you are is defined by what you buy and where we prefer to experience reality by watching it on TV Eugene Halton argues something has clearly gone wrong Luckily Halton with scalpel sharp wit in one hand and the balm of wisdom in the other is here to operate on the declining body politic His initial diagnosis is bleak fast food and too much time spent sitting whether in our

cars or on our couches are ruining our bodies while our minds are weakened by the proliferation of electronic devices TVs computers cell phones iPods video games and their alienating effects If we are losing the battle between autonomy and automation he asks how can our culture regain self sufficiency Halton finds the answer in the inspiring visions deeply rooted in American culture of an organic and more spontaneous life at the heart of the work of master craftsman Wharton Esherick legendary blues singer Muddy Waters urban critic Lewis Mumford and artist Maya Lin among others A scathing and original jeremiad against modern materialism The Great Brain Suck is also a series of epiphanies of a simpler but more profound life

**The Faiths of the Postwar Presidents** David L. Holmes, 2020-10-07 Impressively balanced accounts of such matters as Nixon's betrayal of Billy Graham's trust and Obama's connection to Jeremiah Wright An interesting take Booklist From the author of The Faiths of the Founding Fathers an acclaimed account of the spiritual beliefs of such iconic Americans as Franklin Washington and Jefferson this is a measured look at the role of faith in the lives of twelve presidents who have served since the end of World War II David Holmes examines not only the beliefs professed by each president but also the variety of possible influences on their religious faith such as their upbringing their education and the faith of their spouse In each profile close observers such as clergy family members friends and advisors recall churchgoing habits notable displays of faith or lack of it and the influence of their faiths on policies concerning abortion the death penalty Israel and other controversial issues Whether discussing John F Kennedy's philandering and secularity or Richard Nixon's betrayal of Billy Graham's naive trust during Watergate Holmes includes telling and often colorful details not widely known or long forgotten We are reminded for instance how Dwight Eisenhower tried to conceal the background of his parents in the Jehovah's Witnesses and how the Reverend Cotesworth Lewis's sermonizing to Lyndon Johnson on the Vietnam War was actually not a left but a right wing critique An admirable and colorful yet balanced look at our recent Presidents and their religious beliefs It will have wide appeal for all readers and particularly for those interested in presidential history Library Journal

**Bartlett's Familiar Quotations** John Bartlett, Geoffrey O'Brien, 2014-12-02 More than 150 years after its original publication Bartlett's Familiar Quotations has been completely revised and updated for its eighteenth edition Bartlett's showcases a sweeping survey of world history from the times of ancient Egyptians to present day New authors include Warren Buffett the Dalai Lama Bill Gates David Foster Wallace Emily Post Steve Jobs Jimi Hendrix Paul Krugman Hunter S Thompson Jon Stewart Elizabeth Kubler Ross Barack Obama Che Guevara Randy Pausch Desmond Tutu Julia Child Fran Leibowitz Harper Lee Nassim Nicholas Taleb Patti Smith William F Buckley and Robert F Kennedy In the classic Bartlett's tradition the book offers readers and scholars alike a vast stunning representation of those words that have influenced and molded our language and culture *The Education of a Young Poet* David Biespiel, 2018-10-09 Biespiel's supple memoir of becoming a poet will surely inspire other writers to embrace the bodily character of writing and feel the power and sometimes the emptiness of the act of writing poetry Publishers Weekly starred review The Education of a Young Poet is

David Biespiel's moving account of his awakening to writing and the language that can shape a life Exploring the original source of his creative impulse a great grandfather who traveled alone from Ukraine to America in 1910 eventually settling as a rag peddler in the tiny town of Elma Iowa through the generations that followed Biespiel tracks his childhood in Texas and his university days in the northeast led along by the pattern and random bursts that make up a life His book offers an intimate recollection of how one person forges a life as a writer during extraordinary times From the Jewish quarter of Houston in the 1970s to bohemian Boston in the 1980s from Russia's Pale of Settlement to a farming village in Vermont Biespiel remains alert to the magic of possibilities ancestral journeys hash parties political rallies family connections uncertain loves the thrill of sex and lasting friendships Woven throughout are reflections on the writer's craft coupled with a classic coming of age tale that does for Boston in the 1980s what Hemingway's *A Moveable Feast* did for Paris in the 1920s and Broyard's *Kafka Was the Rage* did for Greenwich Village in the 1950s Restless with curiosity and enthusiasm *The Education of a Young Poet* is a singular and universal bildungsroman that movingly demonstrates in telling the story of one's coming into consciousness all languages are more or less the same **The New York Times Index**, 2004 **Faith and the Presidency From George Washington to George W. J. Dionne, 2020-02-04 An exquisitely timed book *Code Red* is a worthwhile exploration of the shared goals and shared enemies that unite moderates and progressives But more than that it is a sharp reminder that the common ground on which Dionne

built his career has been badly eroded with little prospect that it will soon be restored The New York Times Book Review New York Times bestselling author and Washington Post columnist E J Dionne Jr sounds the alarm in Code Red calling for an alliance between progressives and moderates to seize the moment and restore hope to America's future for the 2020 presidential election Will progressives and moderates feud while America burns Or will these natural allies take advantage of the greatest opportunity since the New Deal Era to strengthen American democracy foster social justice and turn back the threats of the Trump Era The United States stands at a crossroads Broad and principled opposition to Donald Trump's presidency has drawn millions of previously disengaged citizens to the public square and to the ballot boxes This inspired and growing activism for social and political change hasn't been seen since the days of Franklin Roosevelt's New Deal policies and the Progressive and Civil Rights movements But if progressives and moderates are unable and unwilling to overcome their differences they could not only enable Trump to prevail again but also squander an occasion for launching a new era of reform In Code Red award winning journalist E J Dionne Jr calls for a shared commitment to decency and a politics focused on freedom fairness and the future encouraging progressives and moderates to explore common ground and expand the unity that brought about Democrat victories in the 2018 elections He offers a unifying model for furthering progress with a Politics of Remedy Dignity and More one that solves problems resolve disputes and moves forward that sits at the heart of the demands for justice by both long marginalized and recently displaced groups and that posits a positive future for Americans with more covered by health insurance more with decent wages more with good schools more security from gun violence more action to roll back climate change Breaking through the partisan noise and cutting against conventional wisdom to provide a realistic look at political possibilities Dionne offers a strategy for progressives and moderates to think more clearly and accept the responsibilities that history now imposes on them Because at this point in our national story change can't wait
