Murder Trials in Ireland, 1836-1914 William Edward Vaughan,2009 The book describes how the courts dealt with murder beginning with the coroner s inquest and ending with the conviction and hanging of the murderer Between these two points the exquisite almost balletic procedure of the courts and their officers is described the Crown s case against the prisoner is analyzed and the prisoner s defense is discussed Magistrates policemen crown solicitors witnesses jurors judges and hangmen make their appearances The prisoners whose silence before and during their trials was their most notable characteristic in the nineteenth century courts make their apperances too but not as prominently as their judicial custodians until they finally and briefly come into the limelight on the gallows An implicit theme of the book is the apparent contradiction between the apparent simplicity of the courts procedures and the complexity of the rules that determined their operation The book relies on a range of printed primary sources such as newspapers parliamentary papers law reports and legal textbooks and on MS sources in the National Archives such as the Convict Reference Files Series Irish Legal History Society **Irish Economic and Social History** ,1979 **Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1905 King's Inns and the Battle of the Books, 1972 Colum Kenny,2002 Kenny recounts a major cultural controversy that marked the recognition of the King s Inns Library as an important part of the heritage of modern Ireland In 1972 thousands of non law books from King s Inns were sold at Sotheby s in London The row that ensued involved many well known people including Cearbhall D laigh Mary Robinson and Charles J Haughey The sale was criticized as the random dispersal of an irreplaceable collection and it raises vital questions about the proper care of libraries about the relationship of general knowledge to professional expertise and about the problematic nature of Irish identity in a post colonial era The books were sold because King s Inns was in financial difficulty a difficulty exacerbated by the fact that the benchers had recently renovated their kitchens The government was kept informed by the benchers of their plans but failed to respond to a proposal that might have resulted in all of the volumes remaining in Ireland Kenny suggests means of avoiding acrimony or major controversy in connection with any possible disposal of books by King s Inns Library in the future
