Scientific and Technical Aerospace Reports, 1979 Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database

Cubed Nikil Saval, 2014-04-22 You mean this place we go to five days a week has a history Cubed reveals the unexplored yet surprising story of the places where most of the world's work gets done From Bartleby the Scrivener to The Office from the steno pool to the open plan cubicle farm Cubed is a fascinating often funny and sometimes disturbing anatomy of the white collar world and how it came to be the way it is and what it might become In the mid nineteenth century clerks worked in small dank spaces called counting houses These were all male enclaves where work was just paperwork Most Americans considered clerks to be questionable dandies who didn't do real work But the joke was on them as the great historical shifts from agricultural to industrial economies took place and then from industrial to information economies the organization of the workplace evolved along with them and the clerks took over Offices became rationalized designed for both greater efficiency in the accomplishments of clerical work and the enhancement of worker productivity Women entered the office by the millions and revolutionized the social world from

within Skyscrapers filled with office space came to tower over cities everywhere Cubed opens our eyes to what is a truly secret history of changes so obvious and ubiquitous that we've hardly noticed them From the wood paneled executive suite to the advent of the cubicles where 60% of Americans now work and 93% of them dislike it to a not too distant future where we might work anywhere at any time and perhaps all the time Cubed excavates from popular books movies comic strips Dilbert and a vast amount of management literature and business history the reasons why our workplaces are the way they are and how they might be better

Guanxi And Business (Third Edition) Yadong Luo, 2020-04-22 Interpersonal relationship guanxi is one of the major dynamics of Chinese society Guanxi has been a pervasive part of the Chinese business world for the last few centuries It binds literally millions of Chinese firms into a social and business web In China's new fast paced business environment guanxi has become more entrenched than ever heavily influencing Chinese political landscapes social behavior and business practice This book delineates social and cultural principles and philosophies underlying guanxi dynamics along with guanxi's social norms that have been long embedded in the Chinese society Although guanxi is embedded in almost every part of social life in China companies demonstrate different needs and capacity toward guanxi cultivation Chinese firms develop guanxi as a strategic mechanism to overcome competitive and resource disadvantages by cooperating and exchanging favors with government authorities and other stakeholders This book presents an integrative framework about guanxi development according to institutional strategic and organizational factors It further articulates how foreign firms adaptively develop their own legitimate and effective guanxi in China's highly dynamic and complex environment Guanxi is really dynamic that its practices have been constantly changing and its normative and cognitive legitimacy is shifting as the social and economic structures in the society are drastically transforming For this reason this third edition of the book has added numerous new and emergent issues such as moral degradation and guanxi qualitative and quantitative review of guanxi studies and guanxi ties between organizations *Guanxi and Business* Yadong Luo, 2007

Guanxi or interpersonal relationships is one of the major dynamics of Chinese society A pervasive part of the Chinese business world for the last few centuries it binds literally millions of Chinese firms into a social and business web Any business in this society including local firms and foreign investors and marketers inevitably faces guanxi dynamics In China's new fast paced business environment guanxi has been more entrenched than ever heavily influencing Chinese social behavior and business practice However as in other emerging economies corruption in China is becoming more rampant which makes guanxi and corruption often intermingled As such business executives need to place greater caution today in the practice and process of guanxi development and utilization Due to the growing academic and practical interest in guanxi this second edition provides a timely update to the systematic and vigorous exploration of the various social economic cultural and business issues relating to the complex concept and practice of guanxi

Identity Politics and Elections in Malaysia and Indonesia Karolina Prasad, 2015-12-14 In recent social research ethnicity has mostly been used

as an explanatory variable It was only after it was agreed that ethnicity in itself is subject to change were the questions of how and why it changes possible to answer This multiplicity of ethnic identities requires that we think of each society as one with multiple ethnic dimensions of which any can become activated in the process of political competition and sometimes several of them within a short period of time Focusing on Malaysia and Indonesia this book traces the variations of ethnic identity by looking at electoral strategies in two sub national units It shows that ethnic identities are subject to change induced by calculated moves by political entrepreneurs who use identities as tools to maximize their chances of winning elections or expanding support base and highlights how political institutions play an enormous role in shaping the modes and dynamics of these ethno political manipulations The book suggests that in societies where ethnic identities are activated in politics instead of analysing politics with ethnic distribution as an independent variable ethnic distribution can be taken as the dependent variable with political institutions being the explanatory one It examines the problems of voters behaviour and parties and candidates strategy in a polity that is to a significant extent driven by ethnic relations Pushing the boundaries of qualitative research on Southeast Asian politics by placing formal institutions at the centre of its analysis this book will be of interest to students and scholars of Southeast Asian Politics Race and Ethnic Studies and International Relations

Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 United States. Internal Revenue Service,1989 *Leaving Home* Jay Haley,2013-06-17 Leaving Home presents a method of family therapy at the stage when children are leaving home It includes a special classification of young people with problems and tackles family orientation the therapist support system the first interview apathy troublemaking a heroin problem a chronic case and resolved and unresolved issues Visit www.haleytherapies.com for additional resources by Jay Haley including live videos of the pioneering therapist in action Kiplinger's Personal Finance ,1962-12 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics **Citizen Participation in the Information Society** Sissel Hovik,G. Anthony Giannoumis,Kristin Reichborn-Kjennerud,José M. Ruano,Ian McShane,Sveinung Legard,2022-05-20 This open access book examines how digital technologies are used to promote citizen participation in democratic urban development It assesses the emergence use applicability and functions of digital modes of citizen participation in multiple cities around the world where political regimes invite ordinary citizens to partake in policy processes through information technologies The book also explores these initiatives alongside issues of democracy social justice and power It is an essential reference for practitioners policymakers and academics interested in the relationship between citizen participation technology and urban governance **The End of Stigma?** Gill Green,2009-01-19 This innovative book investigates the roots of contemporary experiences of stigma throwing new light on the phenomenon by examining a variety of long term conditions Behaviour lifestyle and identity are no longer the results of mass production by social class and nation but increasingly the quirky and unique eccentricities of the

individual as consumer reflexive citizen and free agent But if the hallmark of the post modern world is endless variety and unlimited sub cultural freedom should we not be witnessing The End of Stigma The book takes Fukuyama s notion of The End of History and examines contemporary challenges to the stigma associated with chronic illness Award winning author Gill Green examines cases of HIV mental illness and substance misuse to provide new insights into stigma in health She demonstrates that people with long term conditions refuse to be defined by their condition and highlights their increasingly powerful voice The End of Stigma will be of interest to a wide range of students and health professionals in medical sociology health studies and social care Advances in Data Mining: Applications and Theoretical Aspects Petra Perner,2014-07-17

This book constitutes the refereed proceedings of the 14th Industrial Conference on Advances in Data Mining ICDM 2014 held in St Petersburg Russia in July 2014 The 16 revised full papers presented were carefully reviewed and selected from various submissions The topics range from theoretical aspects of data mining to applications of data mining such as in multimedia data in marketing in medicine and agriculture and in process control industry and society **Madness and the demand for recognition** Mohammed Abouelleil Rashed,2019-01-24 Madness is a complex and contested term Through time and across cultures it has acquired many formulations for some madness is synonymous with unreason and violence for others with creativity and subversion elsewhere it is associated with spirits and spirituality Among the different formulations there is one in particular that has taken hold so deeply and systematically that it has become the default view in many communities around the world the idea that madness is a disorder of the mind Contemporary developments in mental health activism pose a radical challenge to psychiatric and societal understandings of madness Mad Pride and mad positive activism reject the language of mental illness and disorder reclaim the term mad and reverse its negative connotations Activists seek cultural change in the way madness is viewed and demand recognition of madness as grounds for identity But can madness constitute such grounds Is it possible to reconcile delusions passivity phenomena and the discontinuity of self often seen in mental health conditions with the requirements for identity formation presupposed by the theory of recognition How should society respond Guided by these questions this book is the first comprehensive philosophical examination of the claims and demands of Mad activism Locating itself in the philosophy of psychiatry Mad studies and activist literatures the book develops a rich theoretical framework for understanding justifying and responding to Mad activism s demand for recognition

The Millennials Subramanian S Kalpathi,2016-09-15 Born between the early 1980s and 2000s the millennials are the youngest and on several occasions the largest generation at work today In this first comprehensive book with discerning research Subramanian Kalpathi turns the modern workplace on its head and asks pressing questions about what makes this raring to go generation tick With case studies of millennial organizations and interviews with over 100 achievers The Millennials will give you an informed view of how the future will look by explaining the goals motivations and dreams of the people who will run it **Intelligence Analysis and Assessment** David Charters,Stuart Farson,Glenn P.

Hastedt,2013-11-05 These essays cover assessment systems now in place in Britain the USA Germany and Australia the bureaucratic dynamics of analysis and assessment the changing ground in intelligence and the impact of new technologies and modes of communication on intelligence gathering and analysis
