The Original Face An Anthology Of Rinzai Zen:

The Original Face Thomas F. Cleary, 1978 *The Rinzai Zen Way* Meido Moore, 2018-03-27 The first accessible beginner's guide to Rinzai Zen practice The recognition of the true nature of oneself and the universe is the aim of Rinzai Zen but that experience known as kensho is really just the beginning of a life of refining that discovery and putting it into practice in the world Rinzai with its famed discipline and its emphasis on koan practice is one of two main forms of Zen practiced in the West but it is less familiar than the more prominent Soto school Meido Moore here remedies that situation by providing this compact and complete introduction to Zen philosophy and practice from the Rinzai perspective It's an excellent entry to a venerable tradition that goes back through the renowned Hakuin Ekaku in eighteenth century Japan to its origins in Tang dynasty China and that offers a path to living with insight and compassion for people today *Dogen's Pure Standards for the Zen Community* Dogen, 1996-01-01 Presents a complete annotated translation of Dogen's writing on Zen monasticism and the spirit of community practice Dogen 1200-1253 is Japan's greatest Zen master **The Gateless Barrier**, 1991 The Gateless Barrier is generally acknowledged to be the fundamental koan collection in the literature of Zen Gathered together by Wu men Mumon a thirteenth century master of the Lin chi Rinzai school it is composed of forty eight koans or cases each accompanied by a brief comment and poem by Wu men Robert Aitken one of the premier American Zen masters has translated Wu men's text supplementing the original with his own commentary the first such commentary by a Western master making the profound truths of Zen Buddhism accessible to serious contemporary students and relevant to current social concerns **Zen Buddhist Landscape Arts of Early Muromachi Japan (1336-1573)** Joseph D. Parker, 1999-01-01 Examining inscriptions on landscape paintings and related documents this book explores the views of the two jewels of Japanese Zen literature Gido Shushin 1325-1388 and Zekkai Chushin 1336-1405 and their students These monks played important roles as advisors to the shoguns Ashikaga Yoshimitsu 1358-1408 and Yoshimochi 1386-1428 as well as to major figures in various michi or Ways of linked verse the No theatre ink painting rock gardens and other arts By applying images of mountain retreats to their busy urban lives in the capital these Five Mountain Zen monks provoke reconsiderations of the relation between secular and sacred and nature and culture *Dogen's Manuals of Zen Meditation* Carl Bielefeldt, 1990-08-16 Zen Buddhism is perhaps best known for its emphasis on meditation and probably no figure in the history of Zen is more closely associated with meditation practice than the thirteenth century Japanese master Dogen founder of the Soto school This study examines the historical and religious character of the practice as it is described in Dogen's own meditation texts introducing new materials and original perspectives on one of the most influential spiritual traditions of East Asian civilization The Soto version of Zen meditation is known as just sitting a practice in which through the cultivation of the subtle state of nonthinking the meditator is said to be brought into perfect accord with the higher consciousness of the Buddha mind inherent in all beings This study examines the historical and religious character of the

practice as it is described in Dogen's own meditation texts introducing new materials and original perspectives on one of the most influential spiritual traditions of East Asian civilization *Zen Sourcebook* Stephen Addiss, Stanley Lombardo, Judith Roitman, 2008-01-01 Introduction by Paula Arai This is the first collection to offer selections from the foundational texts of the Chinese Korean and Japanese Zen traditions in a single volume Through representative selections from their poetry letters sermons and visual arts the most important Zen Masters provide students with an engaging cohesive introduction to the first 1200 years of this rich and often misunderstood tradition A general introduction and notes provide historical biographical and cultural context a note on translation and a glossary of terms are also included *Zen Women* Grace Schireson, 2009-11-10 This landmark presentation at last makes heard the centuries of Zen's female voices Through exploring the teachings and history of Zen's female ancestors from the time of the Buddha to ancient and modern female masters in China Korea and Japan Grace Schireson offers us a view of a more balanced Dharma practice one that is especially applicable to our complex lives embedded as they are in webs of family relations and responsibilities and the challenges of love and work Part I of this book describes female practitioners as they are portrayed in the classic literature of Patriarchs Zen often as tea ladies bit players in the drama of male students enlightenments as iron maidens tough as nails women always jousting with their male counterparts or women who themselves become macho masters teaching the same Patriarchs Zen as the men do Part II of this book presents a different view a view of how women Zen masters entered Zen practice and how they embodied and taught Zen uniquely as women This section examines many urgent and illuminating questions about our Zen grandmothers How did it affect them to be taught by men What did they feel as they trying to fit into this male practice environment and how did their Zen training help them with their feelings How did their lives and relationships differ from that of their male teachers How did they express the Dharma in their own way for other female students How was their teaching consistently different from that of male ancestors And then part III explores how women's practice provides flexible and pragmatic solutions to issues arising in contemporary Western Zen centers **Eloquent Zen** Kenneth Kraft, 1997-01-01 Zen master Daito 1282-1337 played a leading role in the transmission of Zen Ch'an from China to Japan He founded Daitokuji a major monastery that has been influential for centuries and he provided interpretations of Chinese texts Daito's traditional biography is full of vivid episodes including his years among the beggars of Kyoto and ending with his dramatic death in the meditation posture Despite his importance however Daito has remained virtually unknown in the West With the publication of *Eloquent Zen* Kenneth Kraft offers the first comprehensive account of the life and teachings of one of the greatest of Japan's Zen masters Dr Kraft begins with the foundations of medieval Japanese Zen He shows that Daito's predecessors were concerned with clarifying the essentials of Zen as it began to take root in Japan During this formative phase the Zen pioneers embraced varied conceptions of enlightenment and divergent notions of authenticity Kraft places Daito's contributions within this context offering new insights about early Japanese Zen and about Zen itself Throughout this study Kraft looks closely at

the complex role of language in Zen a tradition supposedly distrustful of words Daito wrote haiku like poetry participated in brilliant dialogues and delivered powerful sermons His virtuosity in articulating the way of Zen beyond words beyond silence is nowhere more apparent than in his use of the capping phrase an interpretive and commentarial device unique to Zen Analyzing Daito's use of this device Kraft elucidates the significance of the literary and aesthetic dimensions of the Zen tradition Eloquent Zen includes valuable translations of Daito's poetry and other writings Illustrations include three classic portraits of Daito and rare examples of his calligraphy This lucid and engaging study will interest scholars and nonspecialists interested in Zen Japanese culture and Asian philosophy poetry and related fields

Genealogical Manuscripts in Cross-Cultural Perspective Markus Friedrich, Jörg B. Quenzer, 2024-12-16 Situating the history of genealogy in the ambit of manuscript studies this volume explores how handwriting practices influenced the development of genealogies It shows how lineages used handwritten documents in constructing and presenting their identity both to the outside world and to themselves Genealogical handwriting is practiced in many manuscript cultures this volume is the first to juxtapose studies from a wide variety of such cultures ranging from East Asia to West and Central Asia to Europe As the present contributions discuss in depth tracing one's lineage usually required taking note of personal histories biographies and relationships the chapters explore the many different reasons that compelled both individuals and institutions to do just this and highlight the various contexts in which genealogy writing occurred Taking a material oriented approach to handwriting practices in the study of genealogies can reveal the challenges implicated in producing such written artefacts highlighting the enormous effort required in cultivating lineage related knowledge Seen from the view of manuscript studies genealogies emerge as invaluable yet also highly fragile forms of cultural capital

Dogen's Extensive Record Eihei Dogen, 2010-03-16 Eihei Dogen the 13th century Zen master who founded the Japanese Soto School of Zen is renowned as one of the world's most remarkable religious thinkers As Shakespeare did with English Dogen utterly transformed the language of Zen using it in novel and extraordinarily

beautiful ways to point to everything important in religious life Dogen's Extensive Record is the first ever complete and scholarly translation of this monumental work into English This edition contains extensive and detailed research and annotation by scholar translator and Zen teacher Taigen Dan Leighton as well as forewords by the 18th century poet monk Ryokan and Tenshin Reb Anderson former abbot of the San Francisco Zen Center plus introductory essays from Dogen scholar Steven Heine and the prominent American Zen master John Daido Loori

Visions of Awakening Space and Time Taigen Dan Leighton, 2007-05-11 As a religion concerned with eternal salvation Zen is based on and grew out of a Buddhist worldview very different from the currently prevalent scientific materialism Indeed says Taigen Dan Leighton Zen cannot be fully understood outside of a worldview that sees reality itself as a vital ephemeral agent of awareness and healing In this book Leighton explicates that worldview through the writings of the Zen master Eihei Dogen 1200-1253 considered the founder of the Japanese Soto Zen tradition which is now spreading in many places in the West Broader awareness of Dogen's worldview and its implications says Leighton is helpful for a modern understanding of Zen and Mahayana praxis and is relevant to contemporary environmental and ethical concerns

The Ecstasy of Enlightenment Thomas Cleary, 1998-04-01 The Ecstasy of Enlightenment is an inside look at the spiritual world of Tantra one of the most sophisticated alluring and controversial forms of Buddhism Cleary unlocks the mysteries of the Caryagiti a collection of teachings by more than twenty famous Siddhas or Tantric adepts who lived during the illustrious Pala dynasty of old Bengal These teachings emanate from one of the most dynamic sources of international Buddhism at the

height of its religious development and as such they are completely nonsectarian. Particularly noteworthy is Cleary's demonstration of the parallels between Tantric Buddhism in Old Bengal and the original Zen Buddhism of China. *The Secrets of Tantric Buddhism* Thomas Cleary, 2015-02. Unlocking the secrets of Tantra, one of the most alluring forms of Buddhism. Often misunderstood, Tantrism focuses on a particular style of meditation and ritual, having far more to do with the sacred than the sexual. Tantric Buddhism is believed to have originated around the 5th Century AD in the rich cultural basin of Bengal and spread throughout the Asian world. Today it is widely practiced in Tibet, Japan, and the West. *The Secrets of Tantric Buddhism* presents accessible translations of 46 classic texts found in the *Caryā Gīti*, a collection of teachings by more than twenty famous Siddhas or Tantric adepts who lived during the illustrious Pala dynasty of the 10th and 11th centuries. Renowned translator and scholar Thomas Cleary unlocks the mysteries of these texts and provides commentary for each that explains the ancient teachings in a way that makes them seem fresh and contemporary. These teachings emanate from one of the most dynamic sources of Buddhism at the height of its religious development. They are completely nonsectarian and will be greeted enthusiastically by those interested in spirituality, world religions, and classic Buddhism. **Apologetics in the New Age** David K. Clark, Norman L. Geisler, 2004-06-21. Many books have successfully defended Christianity against Western rational skepticism. *Apologetics in the New Age* represents the first serious attempt by evangelical philosophers to answer Eastern pantheism in general and the New Age movement in particular. Teaming up with David Clark, Norman Geisler, one of evangelicalism's leading apologists, probes the pantheistic worldview and its relationship to the New Age movement. Pantheism, the authors write, constitutes the soil in which the movement grows. The notion that every person participates in the divine has found fertile expression in contemporary American culture. The American consciousness of the Eastern alternative has risen rapidly in the last few decades; the authors remind us. Christian apologists have been caught unaware. For this reason, we believe that Christian apologists must turn their attention in a new direction by developing new arguments for this New Age. **The Allure of Things: Process and Object in Contemporary Philosophy** Roland Faber, Andrew Goffey, 2014-05-22. *The Allure of Things: Process and Object in Contemporary Philosophy* contests the view that metaphysics is something to be overcome. By focusing on process and object-oriented ontology (OOO) and rejecting the privileging of human existence over the existence of non-human objects, this collection explores philosophy's concern with things themselves. Interest in Latour, Stengers, Whitehead, Harman, and Meillassoux has prompted a resurgence of ontological questions outside the traditional subject-object framework of modern critical thought. This new collection consequently proposes a pragmatic and pluralist approach to modes of existence. Drawing together an international range of leading scholars, *The Allure of Things* fully covers the similarities between OOO and process philosophy and is an essential addition to the literature on metaphysics.
