The Autobiography of Jesus X (6x9 Paperback) Ross Allaire,2013-04-12 It s not what you think Unless you think everything is wrong Imagine if Kurt Vonnegut and Hunter Thompson collaborated on a new version of The Bible and you kinda get the gist The Autobiography of Jesus X is not for the faint of heart Here is the prophet a cynical dreadlocked pothead crackpot who s done all sorts of despicable things For which He wonders if forgiveness is possible Because now he is a only a ghost of the God he once was now retired After this one incarnation as a human being on Earth he quit As God he had become indifferent But as a tall black Jew with blue eyes and red hair in the Roman Empire he proved to be too smart for his own good Or maybe just too human He tried to quit The Autobiography of Jesus X is either the new Bible or the most offensive book ever written or both Part sci fi fantasy part expos memoir and part stand up comedy He pretty much frames it as His last message to humanity So we might want to listen Or read Or whatever

The Scars of Eden Paul Wallis,2021-04-30 Exciting I absolutely recommend The Scars of Eden Erich Von Daniken From the author of the bestselling ESCAPING FROM EDEN Do our world mythologies convey our ancestors ideas about God Or are they in reality ancestral memories of extra terrestrial

contact How do ancient stories of contact adaptation and abduction relate to people's experiences around the world today The Scars of Eden will take you around the world to hear first hand from ancestral voices alongside contemporary experiencers and world renowned researchers Recent revelations from US Navy the Pentagon and French Intelligence bring the reader right up to date in examining what has been forgotten and remembered hidden and disclosed If world mythologies including the Bible have confused the idea of God with ancient ET visitations what difference does it make How does it impact society today And why is this cultural taboo so widespread and for the author so personal The Foreseeable Future Gary Williams,2019-05-31 Is prophecy possible Can some people really see the future Strange feelings of foreboding are often cited by people as evidence that they foresaw a disaster Too vague argues Gary Williams in this elegantly written collection about lapses in time and space Williams covers such topics as prevision and romance foreknowledge and gambling and the mysterious links between aviation and seeing into the future A hard to put down eye opening must read The Foreseeable Future The Mystery of Precognition is the author's fascinating journey exploring precognitive experiences and psychic predictions for insights about the ability Prepare to discover some psychics really do know what the future holds Jane Doherty author of Awakening The Mystic Gift *One-Dimensional Man* Herbert Marcuse,2013-10-11 One of the most important texts of modern times Herbert Marcuse's analysis and image of a one dimensional man in a one dimensional society has shaped many young radicals way of seeing and experiencing life Published in 1964 it fast became an ideological bible for the emergent New Left As Douglas Kellner notes in his introduction Marcuse's greatest work was a damning indictment of contemporary Western societies capitalist and communist Yet it also expressed the hopes of a radical philosopher that human freedom and happiness could be greatly expanded beyond the regimented thought and behaviour prevalent in established society For those who held the reigns of power Marcuse's call to arms threatened civilization to its very core For many others however it represented a freedom hitherto unimaginable Mega Book.LIGHTWORKERS 2013. THE BEST,FRIENDLIEST,CERTIFIED,MOST HONEST Maximillien De Lafayette,2013 This book is customer and client's oriented In our research selection and interviews with lightworkers we placed a strong emphasis on customer's best interest Many questions rotate around a lightworker's devotion to his or her client how a practitioner walks an extra mile with a client and the rapport between a lightworker and client Consequently the book was written not to promote particular practitioners but to serve the clients and inform them about lightworkers who care most about them Bottom line is line Protect the interest of clients This is why this book was written Yes this book is customer and client's oriented and it shows in the questions we have asked and we kept asking numerous times with minor variations to be absolutely sure and certain that the lightworkers have properly answered the questions and to give them other opportunities to elaborate further on how indeed they have clients best interest in heart and on their minds **The technical educator, an encyclopædia** Technical educator,1880 *The Technical Educator: an Encyclopaedia of Technical Education* Educator,1878 The Technical
