

The background of the cover is a photograph. In the upper half, a person is lying face down on a grey sidewalk, next to a red-painted curb. The person is wearing a dark jacket and a brown bag is visible near their head. The wall behind them is light-colored and textured. In the lower half, a blurry figure of a person in a blue jacket is walking past, their legs and feet out of focus.

Tattered Pilgrims:

Pilgrim in the Palace of Words Glenn Dixon, 2009-11-23 Pilgrim in the Palace of Words is about language about the words that splash and chatter across our tongues Some six thousand languages are still spoken on the planet and author Glenn Dixon an expert in socio linguistics and a tireless adventurer travels to the Earth's four corners to explore the way these languages create and mould societies As one philosopher said languages are Houses of Being After doing graduate work in linguistics Dixon wanted to visit these houses or palaces himself to stroll along their sidewalks knock on their doors and peek in their windows He wanted to see what they were hiding in their basements even if it meant a little bit of trouble In some cases a whole lot of trouble Join him on his adventure as with wit and humour he works toward a real understanding of how and why we communicate the way we do in the Global Village "The" Innocents Abroad Or, the New Pilgrim's Progress Mark Twain, 1879

Twain,2021-08-29 The Innocents Abroad Mark Twain Fully entitled The Innocents Abroad or the New Pilgrims Progress Twains colorful travelogue is a compilation of the newspaper articles he wrote while on a cruise to Europe Egypt and the Holy Land with other American tourists in 1867 His account frequently uses humor to describe the people and places he visits although this becomes highly satiric at times as Twain becomes frustrated with European profiteering a pointless historical anecdote in Gibraltar and the overly institutionalized nature of countries like Italy Where he critiques however he also feels a strange reverence as in the Canary Islands and the Holy Land A more serious theme also flows through Twains experience Twain sees the conflict between history and the modern world as he travels with his New World compatriots through the lands of ancient civilizations ultimately discovering that you cant believe everything you read in travel guidebooks This landmark work finds Twain searching for the American identity as it increasingly casts its shadow over the world of Old Europe
